COLLISION.—On Monday during the high gale of wind the barn of John T. Elliott, of Burgoyne, was blown in. The barn was raised for the purpose of having a stone foundation built under it. The carpenters and masons were at work at the time it was wrecked. The timbers were badly shattered. Mr. Elliott's loss is considerable.

CHANGE OF ROUTE.—The Toronto Hunt Club on Monday afternoon, 23rd inst., at Alderson's, Dundas, for the hounds. Wednesday, will meet at Baker's Hotel, Trafalgar. Dinner thereafter to-morrow night. Advance of hounds as usual.

I. O. O. F. SERMON.—A number of the brothers of Milton Lodge No. 152, I. O. O. F., drove last Sunday to Oakville where they listened to a special sermon which was preached to a large number of Oddfellows at the Methodist church. A waggon load of the Milton contingent came to grief in the evening on their way home. The tongue of their wagon was broken so badly that they had to return to Oakville and stay there all night.

The third page of the Toronto Daily Mail is noted for "Want" advertisements. If you want a situation, a boy, a business, machinery, if you have lost or found anything, if you want to find out where any one is, advertise in the Toronto Daily Mail and read the advertisements on the third page of that paper. A FARMER KILLED.—Henry McCready, a farmer who lived at Waterdown, was accidentally killed while returning home from Hamilton on Saturday night. It is supposed that in the dark he drove off the road and his buggy was upset. He fell on his head and lay on the side of the road in a heavy rain for about an hour and a half. The body was found by William Wilson, Victoria avenue south. Coroner McGregor decided that an inquest was unnecessary. The deceased at one time kept a hotel at Palermo.

BUTTER MAKING!—The Travelling Dairy from the Guelph Agricultural College will exhibit dairy utensils, make butter, test milk and deliver lectures on the management of milk and cream, the feeding of cows, churning, working and packing of butter, &c., at the following places on the dates mentioned: Town hall, Georgetown, Monday, May 14; town hall, Milton, Tuesday, May 15; town hall, Nelson Village, Wednesday, May 16; temperance hall, Palermo, Thursday, May 17; town hall, Postville, Friday, May 18. The meetings will commence at 2 p. m. sharp. You and your family are cordially invited to attend. The ladies especially are urged to be present at these meetings. Samples of milk will be tested by Prof. Dean to find out the quantity of butter fat in them and the result given at each meeting. Come and see the Babcock Tester in operation and have its working explained to you. Make a special effort to come. You will get hints on butter making which will be of great value to you. All are cordially invited.

SHILOH'S CURE is sold on a guarantee. It cures Incipient Consumption. It is the best Cough Cure. Only one cent a dose; 25 cts., 50 cts. and $1 per bottle. Sold by J. H. McCollom.

CAUSED BY FIRE.—A quantity of different lines of goods including choice dress goods, silks, &c., was slightly damaged by water and smoke at the recent fire at the Mammoth, Georgetown. These goods, which are practically as good as ever, are now being offered for sale at fabulously low prices. Read the advertisement in another column and steer for Georgetown.

When you want new elastics in your boots go to H. FOWLER'S. Rips sewed in the finest kid boots. Buttons put on with wire. Rubber goods prepaired on the shortest notice by H. FOWLER, boot maker. Main-st., Milton. 29-tf.

WE learn that the Georgetown races on the 24th May are going to be conducted on a larger scale than ever this year, and, no doubt, every lover of sport will be well pleased with his visit to Georgetown on that day. Some of the best horses in the Province will be there. Added to the horse races will be bicycle races for the ladies, lacrosse matches for boys, dog and pony races for the children and a calithumpian procession for everybody.

MESSRS. Peacock & Alexander have just received a car load of McCormick mowers. Farmers purchasing mowers this season would do well to call and see them, as the McCormick machines were awarded highest honors at the World's Fair, also received first prize at World's Fair test on the Dunaham stock farm, cutting draught of mower being only 152 lbs. Cossitt Bros., of Brockville, Ont., will make these machines next year. Warerooms Main St., Milton.

CALEDONIAN GAMES.—Camp Campbell, Sons of Scotland, of Milton, has arranged for a great day on the 18th of August next, the day of Toronto's civic holiday, and perhaps that of Milton also. There will be Caledonian games in which a number of the leading athletes in America will compete, lacrosse and dancing, &c. The splendid band of the 48th Highlanders and the pipe band of the same regiment have been engaged, and the Scotch societies of Toronto will be largely represented.

FLOWER CULTURE is more profitable to the farmer now than his other crops. Brown Bros. Co., the most extensive nursery house in Canada, have a variety in this section. Write them at Toronto, Ont., for their terms. 418m

ABOUT a week ago George Hume closed an agreement with Mrs. Wallace for the purchase of the building opposite the Bennett House and immediately put men to work to make extensive alterations. Senator McKindsey's office was in the building and his effects were moved out. It is alleged, without giving him notice or obtaining his consent. On Monday he had an injunction served on Mr. Hume, restraining him from proceeding with the alterations, and work has been stopped. The case will come up at Osgoode Hall, Toronto, on Tuesday.

FLOWERS, Flowers, in profusion. Very lovely artificials, and abundance of nice wreaths and rosebuds, very cheap, at Lindsay's.

GOT FIVE YEARS.—Wm. Wallace, alias Timothy Sullivan, of Hamilton, who was arrested and committed to stand his trial for having broken into the residence of John Anthony, was yesterday given four years at Kingston by Judge McGibbon. The prisoner had expected to be tried at the June sessions but found his imprisonment in Brampton irksome and he yesterday asked for summary trial. Sullivan was looked upon as a bad man, and a few weeks before his Brampton exploit had finished a three years' term at Kingston. Sullivan had a pal in his stealing here and the police expect to have him shortly. Sullivan acknowledged his guilt and made a clean breast of the whole matter.—Brampton Banner.

LADIES of Milton and Halton wanting Millinery—Hollinrakes have just received a fine assortment of new hats, ribbons, feathers, flowers, lace goods and parasols, new watered silks. We are showing the largest stock of white, cream, tan and black Irish point lace for dresses ever shown in Milton by one store, fine value, the correct goods for the season, direct importations. New goods in ladies' tan and dongola laced shoes just opened at Hollinrake's House cleaners go to Hollinrake's for wall paper and carpets. All groceries cheap. Granulated sugar 4½c. a lb. per barrel. Light brown sugar 4c. a lb. per barrel at Hollinrake's.

BUILDING A CHEESE FACTORY.—Thursday evening Messrs. J. T. Brill and D. E. Rudd, of Guelph, visited Georgetown and attended a creamery meeting there. The gathering was the outcome of the efforts of some enterprising American gentlemen who have been inducing the farmers of that neighborhood to subscribe $5,500 to build up and equip a creamery. Mr. Brill pointed out to the meeting that the enterprise could be carried to a successful completion for $3,500, and gave the American promoters some pretty hard raps for their alleged unselfishness in promoting the interests of the creamery industry. The result of the meeting has been to create a counter agitation and if the American scheme has not already gone too far it will be defeated.

PALERMO, Halton, Ont.

Messrs. Peacock & Alexander,—You asked me to write you as to what I thought about the McCormick Bindlocline. The binder gives me entire satisfaction. I have cut long and short grain with it. It will handle short grain better than any binder I ever saw. I have had two elevator binders and I speak from experience, and the McCormick runs lighter for two horses than my elevators would with three. and I cut anything with it that has to be harvested. I cut corn eight feet long, full swath, which I could not do with my elevator machines. I consider it worth seventy-five dollars more than an elevator binder.

BRAMPTON gas house was burned last Thursday evening. The Banner says: The gas house and plant was insured for $1000. The concern is owned by A. H. Campbell, of Toronto. It has not been a paying investment, and the numerous gas takers, who have several thousand dollars invested in fixtures, are afraid that the concern will not be resuscitated.

WHOLESALE THIEVERY.—On Monday night a man with a double team and heavy wagon drove down the east side of Toronto township. At Royal Grafton's the driver got down from the wagon and entered the yard and carried off a set of whiffletrees and doubletree. Further down the road he visited Mr. Wilson's stable and helped himself to horse collars and other things. At Mr. Black's and Mr. Savage's they took a few bags of oats and barley. Mr. Grafton got on the trail of the wagon and on Tuesday followed it to Thornhill, where he got sufficient information to locate the supposed thief. On Wednesday Mr. Grafton and Geo. Wilson with a constable, armed with a search warrant, went to to the house one John Lewis, farmer, at a place called Unionville and there found their missing property. Lewis, when he saw the party, got out but was captured next day. He acknowledged doing the stealing and pleaded in extenuation a story of poverty. Lewis is a young Englishman, married about a year ago to a respectable young woman in the neighborhood. Lewis came to this country with money but no experience, and now implement agents, real estate handlers and others have his stuff as a result of his experiment in farming. The grain he stole he wanted for seed. Lewis was brought here last night by Mr. Grafton and now lies in jail. This is believed to be his first crime and so impressed are the men whom he robbed with his "tale of woe" that they don't care to see him severely punished.—Brampton Banner.

GENTLEMEN'S WEAR.—Hollinrakes are showing a large assortment of gents' felt hats. Another lot of the latest fedora felt hats, the correct style, just to hand. New goods in ladies' tan and dongola shoes just opened at Hollinrake's. House cleaners, go to Hollinrake's for wall papers and carpets. All groceries cheap. Granulated sugar 4½c. a lb. per barrel. Light brown sugar 4c. a lb. per barrel at Hollinrakes'.

AN open meeting of Knox Church W. F. M. S. Auxiliary was held in the church on Tuesday afternoon, 8th inst., and proved to be most enjoyable and instructive. While inviting all interested in missionary work, a special invitation had been extended to the Boston church auxiliary and the Methodist W. F. M. S., of Milton, to which both societies cordially responded. The meeting was opened by singing "All Hail the Power of Jesus Name," reading of 55 chap. of Is., followed by prayer by Mrs. D. M. Harrison, who occupied the chair. "Soldiers of Christ Arise," was then sung; prayer by Mrs. Milne, of Boston; solo, "Something for Jesus," by Miss M. Mitchell. Mrs. Harrison then introduced Mrs. Harvey, of Toronto, Secretary of the W. F. M. S. of the Presbyterian church in Canada, who addressed the meeting in an intensely interesting and touching talk on "Why and how we should be interested in mission work." It is to be regretted that a full report of this gifted lady's address can not be given, also that every lady in the vicinity could not have heard it. Delivered in a sympathetic voice, coming from a heart full of love to others, and rich in a long Christian experience, every listening heart went out in sympathetic response, and it was with fellings of regret on the part of all present that the speaker closed her speech. A vote of thanks to Mrs. Harvie was moved by Mrs. Robertson, president of the Milton Auxiliary, and seconded by Mrs. Haddow. The meeting closed by singing "Blest be the tie that binds," followed by prayer by Mrs. Harvie. An adjournment was then made to the vestibule, where refreshments were partaken of and a social time spent, after which one of the most enjoyable gatherings of this society dispersed.
