Local News.

METHODIST CHURCH.—On Sunday last the Rev. John Pickering preached two excellent sermons in the Methodist church here. Mrs. Caldwell, the popular singer, sang solos at the services both morning and evening. Mr. Pickering preaches at Woodstock this week. He has many close friends during his stay in Milton and will be greatly missed in the Methodist congregation and by our citizens generally.

KICKAPOO CURE.—Last week a baseball, returning officer, drove into town with ballot boxes through the streets and delivered the boxes to the parties. He tells a good story on himself. He says he was stopped on the street in Nelson by a man who asked him, are you chief of the Kickapoos? The colonel replied, "No, I am chief of the Sons of Scotland. I have nothing to do with any Indians." The man looked greatly disappointed and moved on, saying—"I thought you had them tin cans filled with Kickapoo medicines."

SCARLET FEVER.—We are sorry to record a most virulent type of scarlet fever has broken out in Milton. There have been bad cases in several houses, but the family of James Dow, baker, has been most sadly afflicted. On Sunday last they lost a fine little boy, three years of age, and on the next day an infant daughter. Both children died after being ill only a couple of days. In consequence of the fever the public schools have been closed; but some of the ratepayers complain that very little, if anything, has been made to prevent the spreading of the fever. Children in infected houses have been allowed to go to school and mix freely with other children. It is to be hoped that the town authorities will take the steps and use every precaution to prevent the fever from spreading further.

Hamilton will have a big days' sport on Dominion Day (July 1st) in the opening of the new athletic grounds there. THE committee appointed by the County Council, consisting of Dr. Webster, reeve, H. P. Lawson, deputy-reeve of Esquesing, and Jos. Barber, reeve of Georgetown, are asking for tenders for the furnishing and driving of piles for a new iron bridge over the Credit at the Paper Mill. The matter has been thoroughly investigated by the committee and it is found that a good foundation can be obtained in this way. The bridge will be of iron, the span about 90 feet. What the cost will be is not yet estimated, but it will be considerable.—Herald.

DROWNED AT FRENCH RIVER.—At an early hour yesterday morning news reached the city of the death of John E. Waldie, second son of John Waldie, of Rosedale, formerly M.P. of Halton county. The deceased, who was about 25 years of age, was accidently drowned by the capsizing of his canoe at French River, where he had been engaged in looking after his father's lumbering operations. Mr. and Mrs. Waldie have the sympathy of their many friends in the sad bereavement they have sustained. The remains were taken to Burlington for interment yesterday.—Globe.

HORSE STOLEN.—Early Monday morning the stable of Jos. Karney, at Churchville, was broken into and his bay mare stolen. Storekeeper Marshall, of Lisgar, had his horse stolen the night before, but the animal was found in Churchville on Monday. It is supposed the people who stole the Lisgar horse found it did not suit them and exchanged it Monday morning for Mr. Karney's. The missing horse is described as a large bay mare with white hind feet and a white star on the forehead. There was a blister on her neck. There is no clue to the thief.—Brampton Banner.

ASSAULT IN MORRISTON.—John Roe and Geo. Cutten, Morriston, had a fight on Monday. It appears that the two parties are laborers living in a double house, and are not on the very best of terms. Mrs. Cutten accused Roe of insulting her and went and told her husband, a young man. He came home with fire in his eye and charged Roe with the offence. Roe, who is a man well up in years, denied the charge. Cutten knocked the old man down and, it is said, kicked him. Dr. Howitt thinks so from the appearance of his body, and the probabilities are that he has broken a rib. The case was tried before Magistrate Lamprey at the court house on Tuesday and the prisoner was sent up for trial.—Guelph Mercury.

THOSE extremely nice young men, the Ætna lacrosse team, of Georgetown, got a fine walloping here in the late match, and as usual they could't take a beating like men or like sportsmen. As they had done what little slugging there was they said nothing about that but complained that their sensitive ears were offened by indecent language. The Herald reports them thus:—"The Ætnas do not complain so much as formerly of the Olympics slugging, but say that they have two or three players who persist in using very indecent language on the grounds." It is rather remarkable that none but the Ætnas heard any indecent language from the Olympics, who compare very favorably in their deportment with the Georgetown pets, whose language is not always of the choicest.

The Milton band has been engaged for the occasion. A fine programme of vocal and instrumental music, recitations, &c., has been prepared. Addresses will be delivered by several prominent clergymen. Tea served from 6 to 8. Admission 25c. For further particulars see large posters.

AN IMPORTANT REGULATION.—The secretary of the Post Office Department has issued a circular to the postmasters of the Dominion, which should receive the attention of the business community. It reads as follows: "As circulars and other articles of mail matter prepaid at a low rate of postage are not infrequently posted bearing a printed request to return within so many days if not delivered, and as the regulations only allow the direct return of letters, I am to instruct you in future to hand back to the senders all articles other than letters posted at your office upon which such printed requests may appear, or order that the request may be struck out. Articles deposted with the objectionable request may be sent to the Dead Letter Office."

Keep the bugs off your potatoes by using Higginbotham & Co.'s Paris Green.

WITH A WINCHESTER RIFLE.—James Drummond received, on Monday morning, the sad news that on the 28th May last his brother Andrew was murdered near Benton, Montana. Mr. Drummond had been a resident of this wild western country for some years, the past six or seven of which he has been engaged in sheep ranching. It appears that on the day mentioned he got into a dispute with his partner when the latter fired at him twice with his Winchester rifle, one bullet entering Mr. Drummond's neck, the other his head. Further than this no particulars have been received. The murdered man was about 29 years of age and was doing well in his occupation. He leaves a wife (his second) and at least one child. It is learned that the murderer gave himself up to the authorities. James Drummond has written for full particulars of the sad affair.—Georgetown Herald.
