KNOX CHURCH L. A. CONCERT.—The enterprise of the Ladies' Aid of Knox Church in engaging two such first class singers as Madame Selika and Brown Patti, and Signor Volosko, the Hawaiian baritone, was rewarded on Friday evening by an excellent house. Nearly all the reserved seats in the town hall were occupied and the rest of the auditorium was well filled. Madame Selika was in good voice and sang her numbers brilliantly, and though Signor Volosko was rather hoarse his singing was far from disappointing. The Milton orchestra, under the able leadership of Mr. Gollins, played two selections in a manner that did them infinite credit, and Miss Dewar, as accompanist, could not have been improved upon.

Now for Xmas Gifts. The cheapest and best are at Treble's. Silk mufflers fur caps, lined kid gloves, nobby ties and scarfs, and silk braces—always useful. Cor. King and James Sts., Hamilton.

YOUNG PEOPLES' DAY.—Special services, under the direction of the Epworth League, will be held in the Methodist Church next Sunday. Services as follows:—Sunrise prayer meeting at 7.30 a.m.; testimony meeting at 10 a.m.; sermon to young people at 11 a.m., by the pastor; mass meeting at 3.30 p.m., to be addressed by Rev. Mr. Haddow and Rev. Mr. Mitchell; addresses to young people at 7 p.m., by J. S. Deacon, Esq., and the pastor. A choir of 50 voices will lead the singing. A cordial invitation is extended to both old and young to attend these services. Evangelistic meetings will also be held each evening of the week, except Saturday, commencing at 7.30 p.m., to which all are cordially invited.

HIGGINBOTHAM & Co. do not want to carry over any Xmas goods as they aim to secure all the latest goods for their Xmas trade, so will sell balance of stock this week at very low prices.

DECEMBER WEATHER.—The Observatory officials send The Globe the following particulars regarding the weather for December:—Temperature—The mean temperature was 31°.28, being 5°.06 higher than the average of 54 years, and 6.86 higher than December, 1893. The highest temperature, 94°.03, occurred on the 16th, and the lowest, 6.0 below zero, on the 28th. The warmest day was the 16th, mean temperature, 44°.40, and the coldest the 28th, mean temperature, 2°.20. On each of 25 days the mean temperature was above the average of that particular day, and below on 6 days. Number of days completely clouded, 13. Precipitation—Rain fell on 11 days to a depth of 1.895 inches, being 0.871 above the averege; heaviest day's fall, 0.640 in., on 12th. Snow fell on 7 days to a depth of 2.2 inches, being 11.9 in. below the average; heaviest day's fall, 1.6 in., on 27th.—Toronto Globe.

SUING FOR DIVORCE.—A Detroit despatch of Saturday said:—On October 22 Kate A. Dodd commenced a suit for divorce against her husband, Albert W. Dodd, charging him with violating the obligations he took when they married about eighteen years ago. Mr. Dodd filed an answer in the cause yesterday afternoon in which he says it it was necessary he could answer in detail all the charges against him. But he claims his wife has no right in a court in this State for the reason that she is a resident of Canada. Dodd says he married her in 1877 at St. Mary's, where he and the complainant lived until 1879. From 1879 until 1881 she lived at St. John, N.B. From 1881 to 1883 at Moncton, from 1883 to 1890 at Toronto, from 1890 to 1892 at Trafalgar and from March, 1892, until June, 1893, at Toronto. The bill was filed on October 22, and as the complainant has not lived the statutory two years in this State Mr. Dodd asks the Judge to throw his wife's case out of court.

SCHOOL TRUSTEE ELECTION.—There was a poll for school trustee in the East Ward yesterday. The candidates were Rev. P. T. Mignot and Thomas McDowell. As the latter is not particularly well educated, as both are Conservatives, as Mr. Mignot is chaplain of the local lodge, Sons of England, and master of the Orange lodge and his opponent an ex-Orangeman under the ban of suspension, it was expected by many that though Mr. Mignot did no canvassing he would be elected easily. It turned out, however, that he was defeated by four votes. The result is accounted for by Mr. Mignot's friends thus: A week ago last Sunday, in alluding in his sermon to the death of Sir John Thompson he denounced the "Protestant bigotry" which manifested itself in the abuse Sir John received during his lifetime on account of his change of faith. This gave mortal offence to P. P. A. bigots and set them to work and vote against Mr. Mignot, while on the other hand at least one Roman Catholic voter was canvassed by an Orangeman and told to vote against the clergymen because he was an Orangeman, and Mr. McDowell got that vote and others of the same kind, while Mr. Mignot received only one. If this explanation be true, with such a peculiar combination against him, Mr. Mignot did well to hold his opponent down to a majority of four.

KILBRIDE.

At the annual meeting of the Kilbride public school John Burns, Esq., was elected trustee.

Harry Parps, of Grand Rapids, Mich., arrived home last week to spend the holidays.

Miss Olive Thurston, of Palermo, has been engaged to teach the junior department of Kilbride public school.

Mr. and Mrs. George Reid, of Bolton, are visiting friends in the village.

A public examination of Kilbride school was held on the 21st. The parents and friends of the children were highly pleased at the satisfactory progress the children are making under the instructions of our popular teacher, J. H. Bradley. According to the report of the P. S. inspector this is one of the best schools in the county.

The annual Christmas tree entertainment of the Kilbride Methodist Church S. S. came off on Christmas night, and it was a grand success. The children of the school, under the management of Mrs. D. A. and Miss Mary Vanfleet, after two week's practice, were able to put on the programme no less than thirty-two pieces, all creditably performed. The children deserve more than a passing notice, as some of them have very fine voices and by careful training there is no doubt but they will make their marks as vocalists in the near future. A pleasant part of the entertainment was the presentation of a parlor lamp to the superintendent of the school, Mr. W. W. Foster, by the scholars. Receipts for the benefit of the library amounted to thirty-five dollars.

We are expecting a lively time in municipal elections this year. There are no less than six candidates in the field for the councillorship: John Foster, John Sheppard, John Richardson, John Harris, James Wilson and Hamilton Bennett. In the matter of Johns this council seems to be pretty well heeled. Reeve Pettit and Deputy Reeve Alton were returned by acclamation.

ZIMMERMAN.

The skating in this lively suburban town has been excellent for the last two weeks and has been enjoyed by Young and old. Some of our prominent men have laid aside the cares of business for the recreation of cutting eagle's wings, Dutch-rolls, etc. On Xmas day the King of our skaters and his fair companion, like ducks, took a sudden fondness for the water and would have been immersed but for the timely assistance of one of our flat-footed football players. Our football team have proved themselves better adapted for skating with the ladies than facing the ball.

The school examination, which took place on the Wednesday before Xmas, was very successful in all respects. About 180 visitors were in attendance and were highly pleased with the examination and programme rendered by the children. After partaking of supper, the popular teacher, Mr. Thos. Emerson, was presented with a dressing case and the following address:—

To our Dear Teacher.

We, the pupils of Zimmerman school, wishing to show our appreciation and regard to our teacher, who is about to leave us for the purpose of gaining further knowledge, thereby giving us opportunity to present you with a dressing case. Reports just received at Bombay indicate that the Waziri tribesmen, who lately attacked the escort of the British Commission engaged in delimiting the Punjab frontier, have been completely beaten, and no longer prove a menace to the British forces.

The Cologne Gazette points out that the United States intends to withdraw from the Somoan treaty, and adds that in the new settlement Germany will have to energetically defend her title to this group, as the British claims do not compare with the German claims.

The London Times commenting on the selections made for a New Year's day, says that the colonial statesman must do far greater things than the Englishman who stays at home in order to win his way to that essentially Imperial distinction membership of the Privy Council.

A despatch from Pekin says that the Viceroy of Nankin, Liu-Kun-Yi, has been appointed to the chief command of all the Chinese force, thus superseding Li Hung Chang and Prince Kung, the Emperor's uncle, who was only a short time ago appointed to that position among two or three others.

A Paris cabinet-maker committed suicide several days ago in a most extraordinary manner. He broke one of the large panes of glass in the window of his room, and then, placing his head through the hole, pulled the upper part of the window down with great violence upon his neck, with the result that he was almost decapitated by the broken glass.

It is reported at Winnipeg on the highest authority that the Privy Council of Great Britain has reversed the decision of the Canadian Supreme Court of last February, to the effect that the laws of Canada did not sustain the appeal of the Manitoba minority for remedial legislation to be put in force against the abolition of Separate Schools in March, 1890, by the Greenway Government of Manitobs. The Montreal Star correspondent denies that judgment has yet been given.

The Newfoundland Legislature is about to remove the disqualifications which excludes Sir William Whiteway and his colleagues from the House. In other words, there is to be a whitewashing bill. The whitewashing experiment is not to be lightly entered into; but we have many precedents of it in Canada, and, besides, it will be economical, in that it will restore the late Premier to his position without incurring the expense and worry of a general election, out of which Sir William's rehabilitation would certainly come. It is a short and cheap cut to a result that is inevitable.

Russian exports of breadstuffs show a heavy increase during the last three years. In 1892 they were valued at $19,177,000, in 1893 at $59,261,000, and in 1894 at $108,907,500. The increase in the wheat export is remarkable. In 1891 the quantity was 2,216,000 poods, and in 1893 only each, in 1890 60,000, and in 1894 65,600,000 poods [illegible] 50,000,000 bushels.
