CATARRH CURED.

(No pay asked until successful.)

The Germicide Inhaler cures Catarrh and Catarrhal Deafness. It is prompt, pleasant and permanent. It is easy to use and easy to buy. You take no chances with this remedy. The price is $3, to be paid when the remedy is successful, not before. Poor or rich can call on our representative in Milton, J. H. McColl'om, and procure this grand remedy without paying one cent in advance. You run no chances. Apply without delay. Those who cannot call on our representative can have a Germicide Inhaler, with full directions for use, sent to their home by addressing Medical Inhalation Co., Ltd., Toronto, Ont. Just think of being cured of Catarrh for $3.00, and that on such reasonable terms.

The Minister of Agriculture intends sending about 1000 samples of Canadian wheat to British millers, so that they may see for themselves the excellence of Canadian grain.

Thomas Bowles, Archibald Hicks, and Irvine Wilson, farmers of Chingucousy Township, were committed for trial at Brampton on a charge of assisting Thomas Bradley in disposing of the live stock on his father's farm, of which he had been left in charge during the trial of of the elder Bradley.

The Game Warden has been notified of the fact that deer are being slaughtered in St. Edmund's Township, near Wiarton, and an effort will be made to capture the offenders. While Captain Graham was inspecting timber lands he heard a dog give tongue about six hundred yards away, and presently he heard a rifle shot and in a few seconds a deer passed him running on three legs. One of the fore legs was dangling by the animal's side, and a dog was close at its heels. That this shooting of deer out of season goes on without intermission in the upper townships, during the closed months, is a well-known fact to all who live in the district. The respectable settlers are not the guilty persons, and are as much against the nefarious work as one could be, but don't wish to become informers by giving the names of the guilty parties, who are pot hunters.

W.M. Orr, of Fruitland, called at the Department of Agriculture last week to make a partial report of the result of his inspection of fruit trees infested with the San Jose scale. He reports having found that this worst of all fruit pests has been scattered—more widely had been supposed. The largest number of infested trees were found in the County of Essex, where the pest has evidently been distributed from infested nurseries in the United States. He also found a few isolated cases in several other counties. In some of the orchards inspected several hundred trees were covereb with the insect. He displayed a sample of pear literally covered with the scale. Mr. Orr appears to think that the situation is alarming, and that fruit-growers should be united in advocating the most drastic measures with a view to the entire wiping out of this terrible pest.

An important deputation, representing the Lord's Day Alliance, waited upon the Provincial Government on Friday to urge a number of changes in the Act respecting the observance of the Lord's day.

Tom Nulty, the Rawdon murderer, was arraigned on Friday morning at Joliette, Que., charged with murdering his three sisters and one brother. He pleaded not guilty, and was remanded till January 10th.

The Dominion Government, as owners of the La Canadienne, in company with the charterers of that vessal have decided to take action against the United States Government for ten thousand dollars for damages sustained in the collision with the Yantic.

The tribes along the Persian Gulf have for a long time been importing arms, and they are now getting dangerous. The British and Persian authorities co-operating at Bushire, the principal entreport on the gulf, have seized 4,000 rifles and a large quantity of ammunition. The confiscated property is valued at £25,000 sterling.

Last week at Toronto Judge Morgan, in the case of Brothers vs. Metropolitan Life Insurance Co., gave the common sense judgment that a man cannot be legally insured without his knowledge and consent. The plaintiff in the case is to be refunded $181 paid in premiums by his wife, and the policy is held to be void. That is another obstacle in the path of the "graueyard" insurer.

The Americans are asking the Canadian Government to be allowed to ship their goods through bond into Alaska.
