BAD BLAZE AT FREELTON.—A disastrous fire occurred at Freelton on Thursday afternoon, and it was feared for a time that the greater part of the village would be destroyed. The post-office, J. DAVE IRVINE, a notorious Hamilton burglar, who had already spent 17 years behind the bars, was sentenced to 14 years at Guelph Thursday for burglarizing the railway station at Elora. THE garden party held at John Huffman's, Esquesing, on Monday night, was a very successful affair. Jas. Fax, comic, was the star on the occasion. Miss Bennett, pianiste, Milton, and Miss Steen, elocutionist, Streetsville, were well received by the large audience and the Brampton band and Hornby orchestra acquitted themselves in a satisfactory manner. About 500 people were present. Proceeds about $160, which will be applied to the manse fund of Hornby Presbyterian Church.

WILLIAM FITZGERALD, a convict in the Kingston Penitentiary, is a modest man. In November, 1893, he was sent down for five years for housebreaking at the Beach. On Aug. 2 his time runs out, and he has petitioned the Minister of Justice to be released on July 2—only one month short. He is of the most excitable temperament and, according to the penitentiary's surgeon, may go insane if not released. Fitzgerald says he is anxious to get to work as a stove plate moulder.

THE Coleman Planing and Lumber Mills, Burlington, was completely destroyed by fire Tuesday evening. The fire started about 7 o'clock and burned fiercely about three hours. The G.T.R. station was in great danger for some time, and all trains were stopped, the passenger train from the north having to go to Hamilton by the Toronto branch. Several of the firemen were prostrated by the heat, but none are thought to be seriously injured. The loss was considerable, but the exact amount is not known. Plant and building partially insured in the Gore, Perth, Waterloo and Sun Companies. Origin of fire not know.

CLOVER AS A WINTER FOOD FOR HOGS.—B. H. Bull, of Brampton, is quite an extensive raiser of Berkshire hogs. He has 50 or 60 on hand now, and he usually sells about 100 in the course of a year. Speaking of feed to The Sun, Mr. Bull said that the best feed for store pigs and beeders is clover. Brood sows will, he says, prove more prolific and give stronger offspring on this feed than on anything else. He cuts the clover on the green side in the summer, and when he uses it in the winter he cuts it up fine in a cutting box, adds a little shorts, and soaks thoroughly 12 hours before feeding. When fed, the clover is almost equal to green grass, and is, Mr. Bull says, the best feed for the purpose that can be got.—Brampton Times.

A PREMIUM ON DISHONESTY.—The only satisfactory way to buy and pay for milk is by the test. Why should the patron supplying milk containing from 3.5 to 4% of butter fat only receive as much as the one sending milk testing from 2.8 to 3%? And without a proper test patrons who are so disposed can both water and skim their milk. We understand that all milk is bought at the Milton creamery under the test, and, judging by the quantity received, their method must please the farmer. They have taken in at this factory on an average so far this week 28,000 lbs. of milk per day. Their third [illegible] of butter for export [illegible] Tuesday. We have been informed that there is not any trouble in disposing of their stock. The returns for their last shipment were very satisfactory, being considerably over the Toronto market price.

THE ladies of Boston Church are well pleased with the result of their annual garden party, which was held on Friday evening at the residence of Arch. McDougall. The weather was all that could be desired and people from all parts of the county flocked to the beautiful grounds, where they were treated to a good supper and a programme of first-class music. Jim Fax, the popular comic vocalist, kept the crowd laughing with his Irish, Scotch and other songs, while Messrs. Neil McPhail and John Storey received loud applause for their solos. Miss Teck, of Hamilton, rendered a piano solo in splendid style and played the accompanyments of the other singers. The Milton band supplied lots of music, as they always do on such occasions. Robt. Stewart distinguished himself as a chairman, and everyone went home well pleased that they had accepted Archie's invitation to attend. The proceeds amounted to $155, $102 being taken at the gate.

A NELSON WEDDING.—Maple Lane, the home of E. Gunby, of Nelson, was the scene of mirth on Thursday, on the occasion of the marriage of his daughter, Clarissa, to F. McCallum, of Ancaster. The bride was tastefully gowned in cream organdie muslin, trimmed with floral embroidery, and was attended by Misses Ethel Emerson and Olive Gunby, all three carrying shower bouquets of roses. The groom was supported by Messrs. W. R. Fulkerson, of Hamilton, and W. S. Daniels, of Ancaster. After the ceremony, which was performed by Rev. J. E. Hockey, assisted by Rev. J. McArthur, the guests to the number of about ninety adjourned to a large tent where the tables were temptingly spread with the plentious wedding feast, where merry friends spent an hour, and where loud applause followed each toast and speech. The presents were many, various and useful, and were evidence of the high esteem of the givers toward Mr. and Mrs. McCallum. The bride and groom, amid showers of rice, old boots and other missiles, accompanied by the best wishes of friends, left for their future home in Ancaster.—Record.

JUNE WEDDING.

Early on Wednesday morning many were to be seen wending their way up the steps to the beautiful Grace Church to witness a somewhat unusual ceremony in Milton. The occasion was the marriage of Miss Berta Louise Dice, daughter of Mayor Dice, to the Rev. F. A. P. Chadwick, M.A., incumbent of Arthur. At nine o'clock every available seat in the church was occupied and, almost immediately, Mayor Dice, with Miss Berta bearing upon his arm, and the rest of the bridal party, entered the church as the choir and congregation sang the hymn, and were met at the chancel steps by the Rev. Mr. Chadwick, supported by his brother, J. C. E. Chadwick, of Toronto. Miss Essie Ambrose, daughter of Prof. Ambrose, of Hamilton, acted as bridesmaid in a very charming manner. The bride's costume was a dainty affair of white organdie and Valenciennes lace, her veil held in place by a beautiful pearl crescent pin, gift of the groom. Miss Ambrose was attired in a costume of pink organdie and pink and white chiffon hat. The ceremony was performed by the rector, Rev. W. E. White, M.A., assisted by Revs. C. A. Seager, M.A., of St. Cyprian's, and G. B. Gwyn, M.A., of All Saints' Churches, Toronto. The altar and chancel was tastefully decorated for the occasion with white and pink peonies by the choir and chancel guild, of both of which Miss Dice had been a worthy member. After the signing of the register, the party proceeded down the aisle to the strains of the wedding march, which was rendered by the organist, Miss Annie Wilson, to whom much praise is due for the manner in which the music was rendered throughout. A reception was held at the mayor's residence, after which the guests partook of a sumptuous breakfast, and then all proceeded to the C.P.R. station, where a large crowd had gathered to unite in extending all good wishes to the newly married couple. The usual showers of rice and torpedo shocks were not wanting. A large number of very valuable presents testify that the couple begin life together with many practical friends.

Among the invited guests were Mr. and Mrs. J. Dice, Mr. and Mrs. M. Dice, Mr. and Mrs. N. Shuert, Mr. and Mrs. D. N. Shuert, of Milton; Mr. and Mrs., and Miss Agnew, Mr. and Mrs. M. W. Agnew, Mr. and Mrs. McKay, Mr. and Mrs. A. Millar, I. A. Crellin, Oakland, Cal; Dr. and Mrs. Corrigan, W. N. Corrigan, of New York; Mr. and Mrs. J. S. Willmott, Edmonton; Col. and Mrs. Young, Salt Lake City; Mr. and J. W. McLaren, Kansas; his Honor Judge and Mrs. Chadwick, Guelph; the Misses Chadwick, Durham; Mr. and Mrs. Edward Chadwick, the Misses Chadwick, Mr. Vaux Chadwick, Mr. and Mrs Eade Chadwick, Mr. and Mrs. J. W. Chadwick, Dr. and Mrs. Pepler, and Miss L. Macdonell, Toronto; Mr., Mrs. J. A., and Miss Nelles, Mr. C. L. Nelles, of Guelph; Mrs and the Misses Hall, Toronto; Mr. and Mrs, and the Misses Ambrose, Hamilton; Miss Burton, New York. The ushers were Messrs. H. Mewburn, Hamilton; Clare McGibbon, Brampton; and J. M. Campbell, Milton.

Newfoundland has become a second Cuba, at least so far as the French Shore settlements are concerned. The poor in St. Anthony are living on dry codfish given them by wealthier residents. Seven have already died. From Quipon to Cape Norman there is not a barrel of flour, and one family has starved for six days on one loaf of bread. In a cove on White Bay a half dozen families are living on half a barrel of flour among them. A QUESTION OFTEN ASKED

Can rupture be cured? We emphatically say that this part of the body should offer no exception to those physiological laws governing the whole physical economy, and it matters very little—be the age of the afflicted, one or fifty years, because the interstitial changes are forever at work and so long as there is a spark of vitality left nature exerts herself to remedy the evil. We have the evidence you demand, namely: Your own neighbor's testimony. DO YOU WANT PERMANENT RELIEF? If so, now is your time to procure an instrument that may be relied upon, with the services of an expert. MILTON—HARTMAN'S HOTEL—Monday, all day and evening, July 4th.

DEAR SIR,—I have suffered nearly a life time with rupture, during which period I have tried every possible means to gain relief, the result of all my efforts being lost time, waste of large sums of money and failure in every instance, with added misery and disappointment. I called upon you and after a careful examination you promptly informed me that I could be relieved. I must frankly confess I was rather skeptical to believe you, as I had suffered for fifty years, but since I have entrusted my case to your care I have not only been held in perfect security from the first day's treatment (did my work on the farm with comfort), but also the rupture has started to heal to my great surprise. I sincerely thank you for your untiring attention to my case, the very generous and gentlemanly way you have treated and acted towards me, and feel quite certain that you can make any case a success (providing you have the full confidence of your patients and they follow your instructions) after being so successful in such a difficult long standing case as mine was. Gratefully yours,
MILES HARRIS, Box 108, Ingersoll, Ont.
