FIRE.—At about 11 o'clock on Tuesday night Chief Constable Bradley's hot-house took fire from a stove used in heating it. The alarm was given by James Sheppard, but the fire was too far advanced to save the building, which burned like tinder, and the roof fell in before the fire brigade arrived, though they did so within a few minutes after the ringing of the bell. There was no insurance on the building or contents, valued altogether at about $150.

SHOOTING NOT FATAL.—The Star gives particulars of the shooting accident at Oakville a week ago last Sunday, reported in last week's Champion. The victim's name is Charles Bosher, not "Rozier," aged 19. Gordon Wilson, aged 17, fired the gun, which he pointed at Bosher and "didn't know it was loaded." The Star says that unless lock-jaw or blood-poisoning sets in Bosher will recover. The boys are said to have taken their guns out to shoot ducks. The game law and those for the observance of the Sabbath do not appear to be in operation at Oakville, but didn't-know-it-was-loaded accidents are not peculiar to that town.

We have completed arrangements with the largest wall paper manufacturers and dealers which enables us to show the finest assortment of wall paper samples in Canada. Besides a large variety of patterns which we have in stock, 20-inch ingrain papers 12½c.; 9 and 18-inch borders; also ceilings to match, at Bastedo's.

SHOOTING ACCIDENT.—On Friday evening as the 12-year-old son of Wm. Hume, of Nelson, was on his way home from school and was on the road near his father's house, a rifle bullet went through one of his legs, in rear of and a little below the knee, just missing the bone. The boy did not hear the report of the rifle and had no idea where the ball came from. A doctor was summoned and dressed the wound and the boy will soon be all right. On enquiry it was found that the ball had been fired from a 38-cal. single shot Winchester rifle by a son of Thos. Elliott, who aimed at a bird on a tree nearly a mile from young Hume. The high elevation given to the rifle accounted for the ball traveling so far.

A woman, who appeared to be a quadroon, canvassed Milton on Tuesday for money for the support of a church at Guelph, the congregation of which is colored. She was very persistent and met with some success, but also some refusals on the ground that the city of Guelph ought to be able to support her own churches and that Milton had enough to do to keep up hers.

The Enlarged Toronto Star.

The Toronto Daily Star having installed a fast press, with a capacity of 24,000 copies an hour, the paper has been enlarged and greatly improved. It is now regarded as the leading afternoon paper in Ontario. A great feature of The Star is Sam Hunter's cartoons—the best, by the way, to be seen in any paper in Canada. Mr. Hunter's political subjects are enjoyed by politicians of both sides. The humor which he introduces into the cartoons makes them as palatable to Conservatives as they are to Liberals. The Star is a great paper.

ANNOUNCEMENT!

Important to the Public Generally.

New Furniture Business

We have leased for a term of years the large and commodious premises next door to us in the Porter Block, and will open up on SATURDAY, the 14th of April, a full stock of first-class, up-to-date Furniture.

We have felt for some time that an opening for a live furniture business in Milton presented itself, there being a lack of competition in this line that obtains in regard to other branches of business in the town.

If the departmental stores can claim an advantage in the purchase of goods which are only obtainable in foreign markets, and which cannot be profitably imported except in large quantities, (which they only as retailers can handle, the same cannot be said of furniture, as our home markets supply nearly all the furniture in use, so that we can buy on precisely the same basis as the largest concerns in the city.

We are buying our furniture by car loads, paying cash down for it and getting the very best discounts, besides saving freight by shipment in car lots, so that no concern in the city or out of it will have any advantage in buying. And now for the selling! Give us the same chance as the departmentals and we will save you money by selling you the same goods at the same prices right at home; the one vital element in cheap selling is **CASH**—this we want, and this is necessary to have in order to meet city competition, which we can and will do, our expenses being an infinitely small fraction in comparison.

OUR SPECIAL DRIVES THIS MONTH WILL BE IN.....

You Always Pay for What You Get—
Do You Always Get What You Pay for?

You don't get what you pay for if you get inferior goods at regular prices.
You don't get what you pay for if you pay for a quality you don't receive.
You don't get what you pay for if you pay an extravagant price.
You don't get what you pay for if you help to swell an exhorbitant profit.

Whose Fault is it if you don't get what you pay for? It is your own fault.

Because you can always get your money back to the last cent by trading with us. Because we guarantee the best for the money. Because we guarantee the most for the money. Because we guarantee the very lowest prices. Every one of these facts goes to show that you ought to trade with us.

Remember you can get a square deal for a round dollar.
Remember you can get a high grade for a low figure.
