There has been a steady advance in the price of sugar for some time and the prospects are that it will continue to go up in price. During the past month it advanced 75c. on the hundred. GARDEN PARTY—The garden party on Tuesday evening evening at the residence of J. C. Blacklock, near Campbellville, was well attended and most enjoyable. The programme was very good, the following taking part: Mr. Bennett, the well-known comic singer of Toronto; Robert Elliott, baritone, and the Carey family of Carlisle. The Bennett family orchestra and the Brookville bass band played a number of selections in good style. The proceeds, about $120, went to the funds of the Church of England, Campbellville.

Amos Dorland died at his son's residence, Grand Rapids, Mich., on Sunday last, after an illness of about three months, the immediate cause of his death being dropsy. His body arrived here on Monday evening per G. T. R., and was taken to R. Burling's undertaking establishment, the funeral taking place on Tuesday to Palermo burying ground. The remains were accompanied by deceased's son, Anson, of Grand Rapids, Mich., Miss Ella Dorland, and Mr. and Mrs. John Henderson, Acton, the two ladies being daughters of deceased. Mr. Dorland was well known and highly respected in this vicinity, having lived all but the last few years of his life on his farm on the town line, Trafalgar. He was in his 71st year.

The garden party of Hornby Presbyterian Church, held at Alex. Cook's on Tuesday evening was of more than ordinary success, the receipts amounting to about $150. The evening was all that could be desired. The beautifully lighted and spacious dwelling and grounds seemed about full of a well-behaved and intensely interested crowd. The programme, largely consisting of selections by Mr. Fax and Mrs. Bennett, of Toronto, and Miss Huffman, of Hornby, was much above the average, the numbers being encored again and again. Miss Fax played the accompanyments for the singers in good style. The Milton band deserves special mention, giving the best satisfaction of any band heard in the community for many a day. The day also marked the seventh anniversary of the induction of the pastor, Rev. Mr. Tough.

Miss Nellie and John Conway are visiting Toronto friends.

M. V. McInnes, Canadian Government agent, has just shipped 40 settlers and three carloads of stock and effects from Michigan to western Canada.

Thousands lined the banks of the Niagara river on Monday afternoon when Capt. Nissen, alias P. M. Bowser, made his attempt to navigate the river below the falls. After various vicissitudes, including a threat of arrest by the Canadian authorities, he got his patent boat, "The Fool Killer," started about 4 o'clock. At the first attempt it drifted into a current that carried it back toward the falls, and had to be towed out. On the second attempt he succeeded in keeping the boat in the main stream. On striking the waves opposite the incline railway bridge, the boat was tossed about unmercifully, but quickly righted itself after each attack. When it struck the tossing mountain of water opposite the foot of the Whirlpool rapids promenade, as it neared the death hole of Captain Webb, the seething rapid sucked the "Fool Killer" into its jaws like a chip, broadside, keel upwards, the iron bar weighing 1,250 pounds fastened with rods at the bottom was on top. Crash it went high in the air, Bowser clinging for dear life to the sides of the cockpit as he was smashed with hundreds of tons of water which, in its fury, completely submerged the boat and its occupant for some seconds. Everyone yelled, "There is his end," but a moment later the boat was through right side up, and Bowser waving his hand to tell the people he was still all right in his boat. Down he went riding on the crest and under each successive rapid, when the cheering broke out that re-echoed up the gorge, announcing that the boat had entered the whirlpool all right near the Canadian side, where Bowser was finally brought ashore.
