PROPOSED ROAD PURCHASE.—At the request of the county council of Wentworth, Warden J. C. Smith has called a special meeting of that of Halton for next Tuesday, at 1 p.m., to consider the proposed purchase of the Hamilton & Nelson toll road.

PISCATORIAL.—Some years ago Milton sportsmen stocked the pond in Smith's with between a dozen and twenty small-mouthed black bass, which they caught at Bronte and brought home in a tank. The fish have multiplied and some fine ones have been landed within the last week.

EAST END MEAT MARKET.—Attention is directed to the following announcement of F. Wales of the East End meat market, that he is prepared to supply prime fresh meat by the quarter or in large or small quantities at special terms for cash. Mr. Wales's is an old established business..

LOWVILLE.—Rev. E. F. Hockley, the newly appointed incumbent of St. George's Church, Lowville, took possession of the parsonage last week. Mr. Hockley has been in Alberta and Manitoba for some years and returned to Ontario a short time ago. He was in Milton yesterday.

LAWN SOCIAL.—A lawn social, under the auspices of the Ladies' Aid of the Methodist Church, will be held at the parsonage on Friday evening, July 5th. Refreshments will be served. The band will be present and render some of their choice selections of music. Admission only 15c. All are invited.

OUR BAND.—Under the able teaching and leadership of Bandmaster Collins Milton's band is playing better than ever, and the fine instruments purchased a short time ago have caused a marked improvement in tone. The services of the band are in great request and their engagements very numerous. The count for this week is three.

Rev. E. F. McL. Smith, of Knox Church, preached the anniversary sermons at the Presbyterian Church, Brampton, last Sunday. The Conservator says that he filled the pulpit most acceptable. Rev. Mr. Clark, of Brampton, preached at Knox Church and the comments of those who heard him are similar to those of the Conservator on Mr. Smith.

The lacrosse match at Georgetown on Saturday last between the home team and Glenwilliams was won by the former by the small margin of one goal, the score being 5 to 4. The match was hotly contested throughout. At half time it looked as if the visitors would win, the score then being 3 to 1, in their favor, but the home team pulled themselves together and won by the above score. E. Ryder, of Acton, made a very satisfactory referee.

STRAWBERRIES AND CREAM.—A strawberry festival will be held in the drill hall, Palermo, on Tuesday evening, 2nd July. A good programme has been arranged, in which the following will take part: Mrs. J. W. Bews, Mr. McPhail and Mr. Gollins, of Milton; the Palermo orchestra, etc. Refreshments served, with strawberries and cream. Admission 25 cents. Ice cream extra. The proceeds will be in aid of St. Luke's Church, Palermo. Concert to begin at 8 o'clock.

MILTON'S FINE BAND.—Last spring when Milton brass band was raising funds for the purchase of new instruments, D. Henderson, M.P., made a generous donation to the fund. The band appreciated this and when they spent an hour here on Friday evening en route to Eden Mills they utilized the occasion and marched to the fine residence of Mr. Henderson on Bower Ave., and serenaded him by playing a number of well-rendered selections. The members were then invited inside, where they were regaled with ice cream and cake by Mrs. Henderson and a corps of lady assistants. The music produced by this splendidly organized band is certainly of a high order and those who heard them during their visit speak in terms of unstinted praise of their ability. —Acton Free Press.

Come and enjoy a social hour at the Methodist parsonage, July 5. Refreshments. 5th July and 15c. only.

This issue of the Champion completes its 40th year and volume.

About $150 was taken in at the garden party held at Geo. Alton's, Appleby, on Tuesday evening.

The sock social at W. F. Inman's last Friday evening was well attended and the programme an exceptionally good one.

Public school holidays started yesterday. The Milton teachers treated their pupils to ice-cream on the previous afternoon.

To spend an enjoyable hour will be to attend the lawn social at the Methodist parsonage on July 5th. Our band will be there. 15c.

John Kerr, of the Globe press-room, Toronto, brother of Mrs. Jas. Fleming, Milton, is renewing old acquaintance in town and vicinity.

The firemen were called out this morning to an incipient blaze on the roof of a frame house west of Dr. Gollop's dwelling on Main St. A pail of water quenched the flames.

A. G. H. Luxton has been appointed permanent manager of the Milton branch of the Bank of Hamilton. Mr. Luxton's many Mt. Forest friends will congratulate him on his promotion from clerk in the Georgetown branch.—Mt. Forest Representative.

On Monday evening Howard Harrison, while running through the yard at his home, fell and cut an ugly gash in his leg just below the knee, which will confine him to the house for several days. A Milton surgeon put in six stitches and the wound is doing nicely.

The Sons of Scotland closed their camp at Toronto yesterday morning, after increasing the per capita assessment to the grand camp from $1 to $2 per year. The intention is to raise a fund of $15,000 for the extension of the order. The grand camp of 1902 will be held at Brantford.

The Deering Harvester Company will give an exhibition at different local points with their new invention, an automatic mower. They invite all farmers in the vicinity to attend and see grass cut with this wonderful machine, which attracted a lot of attention at the Paris Exposition.

THE LORNES MAY BE IN IT.—It is announced that the military parade at Toronto next October when the Duke of York will visit that city will be on a very large scale, and that no less than 10,000 of the militia of Canada will be in it. If that be true it is more than likely that the 20th Lorne Rifles will be there.

BRONTE MAN HURT.—The following is from yesterday evening's Hamilton Spectator: While John Pollick, of Bronte, was operating a fisherman's reel early this morning he was caught in the machinery and both of his legs were broken. He was brought to the city on a freight train, and removed in the ambulance from the Stuart street station to the city hospital.

George Perry, blockman, for the Deering Harvester Company, visited Milton this week and appointed Wm. Alexander local agent for Milton and vicinity, and made a contract with Dewar Bros., hardware merchants, to handle their repairs, harvester oil, knife grinders, etc. Farmers in this section will always find a full stock of machine repairs with the above agents. Mr. Perry reports business away ahead of former seasons and states that his company have now over 28,000 machines sold in Ontario.

MEDS PASSED.—The results of the June examinations of the College of Physicians and Surgeons of Ontario were published on Tuesday. R. D. Sproat, of Milton, and A. Ranney, of Georgetown, were among those who passed the intermediate, and B. A. Cohoe, B.A., of Toronto, formerly of Palermo, and J. P. F. Williams, of Georgetown, passed the final and are now at liberty to practice. Dr. Cohoe has secured a good position as demonstrator of anatomy at Cornell University, N. Y.

NIGHTWATCHMAN'S CLOCK.—The town has invested in a nightwatchman's clock, which has been placed in E. Marchand's jewelry shop. A wire runs from the clock through the window sash to a small locked box outside. The nightwatchman is required to open the box periodically and pull a ring attached to the wire. The time at which he does so is registered in each case on a dial below the ordinary one on the clock, and it is easily seen whether he has been attending to or neglecting his duty. The registering arrangement is very ingenious.

ABSENCE OF CRIME IN HALTON.—The absence of crime and even civil disputes in Halton tells of the high intelligence and good character of the general population of our little county. Semi-annual general sessions were held last week, but Judge Hamilton had naught to do but address the grand jury and receive their presentment. The same peaceful condition ruled a year ago, and a judge and juries (for serving out justice) are becoming to be recognized as unnecessary in Halton. And the jail contains no criminals or culprits. May this happy condition rule and reign for all years.—Oakville Star.

WHITBY LADIES' COLLEGE.—The annual commencement of Whitby Ladies' College was held last Thursday and was reported in Friday's Globe, which praised Miss G. Hollinrake, of Milton, for the manner in which she sang "It is a Dream." Miss Hollinrake passed with first-class honors the second year examination in vocal music and received a musical certificate. She was also the recipient of a literary certificate. Miss H. Mitchell, daughter of the Rev. G. A. Mitchell, formerly of Milton, but now of Waterloo, was awarded a diploma for piano. She also received the college gold medal for highest standing in piano.

ATTEMPTED HOLD-UP.—Last night at about 9.30 Thos. E. Parsons, butcher, of Milton, was driving from James Cartwright's farm, near Bell's school-house, Nelson, to his slaughter-house, about a mile south-east of Milton. As he approached the jog in the road near the G. T. R. crossing, he saw two men standing there, as if waiting for him. Supposing they were going to ask for a ride, he brought his horse down to a walk, and when the animal's head got within reach one of the men reached out and caught the bridle. At this, Mr. Parsons struck the horse, which is very spirited, with his whip. The result was a sudden jump, which landed the man on his back. A third man, further on, then jumped out, tried to head off the horse, and, failing to do so, shouted some nasty language at the driver. Mr. Parsons says that as the moonlight was bright he saw the men plainly and could easily identify the one who caught the horse. This man was well dressed in dark clothes, wore a black necktie, had a dark complexion, mustache and short beard. He was of middle height and heavily built. The third man was tall, seemed to be of sandy complexion and was roughly dressed in light colored clothes. When the band was on its way to Mr. Watson's garden party in Nelson, about 6 p.m., a man answering the description of the one who caught the horse was seen sitting on the fence next the road just below the G.T.R. crossing.

Sickness and Expenses.

London, June 25.—The South African War, as usual, was the subject of innumerable questions in the House of Commons to-day. Little information was elicited except that it continued to cost £1,250,000 weekly, that the authorities intimated that the invaders of Cape Colony numbered from 1,000 to 2,000 men, and that there had been 1,484 cases of typhoid fever among the troops during the month of April, of which 187 had proved fatal.
