The canned tomato syndicate in town is lying low for another rise in price of that luscious article of food.

4 Photos given away free (16 in place of 12 for a dozen) from now until Jan. 1st, 1903. Come early and avoid the rush. We have a fine line of Stationery. Mounted pictures at city prices. We also do cravon portrait work and framing. It will pay you to buy at E. C. Featherstone's.

Thos. Hume has leased his farm, west half Lot 13, con. 1, N.S., Trafalgar, near Milton, to Wm. McLean, formerly of Scotch Block. Mr. Hume intends removing to Toronto, and has advertised his stock, implements, etc., to be sold by public auction on Wednesday, Nov. 26. See adv. in another column.

Do you wear rubbers?

If so, buy rubbers with a reputation. "C. R. Co." rubbers have stood the test of half a century. Fit and style speak for themselves.

A quiet wedding took place in Burlington on the afternoon of the 12th inst. when Miss Maud, eldest daughter of Mr. and Mrs. T. Ghent, was united in holy bonds of matrimony to Mr. Cannom, of Hamilton. The wedding was celebrated at the home of the bride, who was unattended. Rev. D. Williamson was the officiating clergyman. Miss Ghent is one of Burlington's popular young ladies.

Owing to the unfavorable weather of the past summer, and its injury to the tomatoes, corn and pea crops, there has been an advance in those lines of canned goods at all the retail grocers. Tomatoes heretofore selling at 10 cents straight, are now two for 25 cents, while the other lines, which have sold steadily at 10 cents a tin, or three for a quarter, are now 10 cents straight. The canners claim that the scarcity of the articles named caused the growers to raise the price, hence the increase to the consumer.

"C.R.Co." rubbers are the most tasty and best constructed rubber shoes in Canada.

If you value comfort and wear insist on your shoe dealer supplying you with this brand.

DEER HUNTERS.—The Milton party of hunters, G. E. Saunders, John Pirie, Wm. Panton, George Hewston, Chas. Lewis, W. A. Clark, Mervin Armstrong and Geo. Pollock, returned from Pickerel River, Parry Sound, four of them on Saturday and four yesterday. As usual, they killed the full number of deer allowed them by the Game Act, two each. Nine of the sixteen deer were large bucks, of these Messrs. Clark, Panton and Lewis killed two each, weights in order of their names, and Messrs. Saunders, Hewston and Pollock one each.

George Kennedy, of Nassagaweya, is dead. Deceased was born in Strone, County of Antrim, Ireland, in 1823. In 1845 his parents came to Canada, living in Quebec city until 1848, when they removed to Hamilton. They afterwards took up land in Nassagaweya, where Mr. Kennedy has lived ever since. At the time of death Mr. Kennedy was 79 years of age. He was a member of the Haltonville Presbyterian Church. In politics he was a Liberal. He leaves a widow and three children, two daughters, Miss Kennedy, at home, and Mrs. W. Irving, of Nelson, and one son, John, at the Agricultural College, Guelph.

Why do I wear "C. R. Co." rubbers?

Because they fit properly and wear better than any other rubber shoe in the market. You cannot afford to be without a pair if you value your health.

The Cattle Guard Commissioners appointed by the Dominion Government to enquire into the sufficiency of the cattle guards at the highway crossings of the railways in Canada intend holding meetings at a number of important railway points in Ontario in the near future. They have named Guelph as the railway centre for the counties of Wellington, Grey, Dufferin and Halton, and asked Capt. Beattie, County Clerk of Wellington, to arrange for a meeting at said point. A meeting will therefore be held in the Court House, Guelph, on Wednesday, Nov. 26th, at 2 p.m., when the fullest opportunity will be given farmers and other stock raisers of placing any facts they may have with respect to cattle guards on railways before the commissioners. This is a question in which the farmers of this section are deeply interested and it is hoped that many of them will voluntarily appear before the commissioners to give evidence. We have no doubt the railway companies will not neglect their side of the question.

Raspberries on November 19'h are a rarity, but Miss Allen left a cluster at this office yesterday which she picked at her home on the mountain.

Mr. Osborne, of Edmonton, N.W.T., is visiting his niece, Mrs. Matheson, for a few days, before calling on other relatives in Detroit, Toledo and Knoxville, Tenn. In 1898 Mr. Osborne left Edmonton for the Yukon by the overland route, reaching his destination after 13 months. He has also been at Cape Nome and other northern points. He is enthusiastic about the future of the Northwest.

Attention is directed to the advertisement of J. Barnett, merchant tailor, which appears for the first time in this issue of the Champion. Mr. Barnett has bought out the business of W. G. McKenzie. He has had long experience as a cutter, and those who patronize him can rely on a perfect fit. Call on Mr. Barnett, inspect his fine new stock of seasonable goods of the latest styles, and if you give him an order for winter garments you will have reason to congratulate yourself.

Next Sunday will be Temperance Sunday in the Methodist Church, Milton. In the morning at 11 a.m. the pastor will preach on "Partakers in Other Men's Sins." In the afternoon the Sunday School will take up the World's Temperance Lesson of the International series, "Erring Through Wine," Isa. 28 1-7, and at night the pastor will preach on the timely topic, "Banish the Barroom." A cordial invitation is extended to everybody to attend these services, which are expected to be of great interest and profit. The Quarterly Board of the church has appointed a large temperance committee to take active measures and carefully superintend the temperance work of the Church, Sunday School and Epworth League. They held their organization meeting last evening.

PORTLAND CEMENT.—Mayor Dice visited Orangeville last week, and had the curiosity to inspect the marl beds of the Superior Portland Cement Company, who are about to establish a works. He left with us a specimen of the marl, taken by himself, and reports that the company have an almost unlimited supply on their 366 acres, there being an estimated average depth of 12 feet of pure shell marl. The company have also an abundance of the best of clay to be mixed with the marl, with which to make the cement, within a short distance from the proposed site of the works. The supply of material to manufacture 600 barrels per day would last over a hundred years. He considers the prospects of the company to be able to put a first-class article on the market at a lower possible cost than any other company doing business in Canada.

On the evening of the 12th inst., at 240 Dovercourt road, Toronto, the residence of her brother-in-law, H. W. Gourlie, Miss Tilly Clarkson, daughter of Mrs. Mary Clarkson and the late Capt. Arthur Clarkson, was married to G. Emerson Bell, of Toronto. The bride was attended by her cousin, Miss Lottie Lusk, of Oakville, and the groom was assisted by George Oran. At 8 o'clock the bride entered the drawing-room, escorted by her grandfather, John Potter, of Oakville. Her gown was of blue crepe de chene, with bisque colored silk and guipure lace trimmings. After the ceremony about fifty guests partook of a rich dejeuner. Mr. and Mrs. Bell left on the evening train for the west. The bride's going-away gown was of brown basket cloth, with hat of mink and velvet. On their return they will reside in Toronto. The bride is well known in Oakville.—Star.

The visit of Miss C. Wiggins, the provincial organizer of the W.C.T.U., was the occasion of two important meetings held under the auspices of the W.C.T.U., Milton. A general invitation had been extended to the ladies to attend a parlor meeting of the W.C.T.U. which was held at the Methodist parsonage on Tuesday at 3 p.m. About 40 were present, the house being well filled. The chair was occupied by Mrs. Cooley, the president, and the meeting opened with a hymn and prayer by Mrs. Hollinrake. The programme consisted of instrumental solos by Mrs D. W. Campbell and Miss Dewar, and a vocal duet by Mrs. Inman and Mrs. Cooley, and a tender, wise and inspiring address by Miss Wiggins on "Home and Society," which was listened to with great interest. Refreshments were served at the close and a most pleasant social hour was spent. Ten new members were added to the W.C.T.U.

FOR FARMERS TO THINK ABOUT.—An important letter from Mr. H. G. Wade, of the Dominion Shorthorn Breeders' Association, appears in the Family Herald and Weekly Star, of Montreal, this week. It reads as follows: "It has been my privilege to read for a number of years, from time to time, the farming papers not only of our own country, but of the United States and Great Britain, and I beg to say that the agricultural news in the Family Herald and Weekly Star is alone worth many times the subscription price. Your Agricultural Editor is a good one and he appears to be thoroughly versed in all agricultural matters." Signed, H. G. Wade, Office Registrar of Live Stock, Toronto. Mr. Wade accompanied his letter with a year's subscription, one dollar. The Family Herald and Weekly Star is recognized as the best agricultural paper in America and as a family paper it excels in every department.

The temperance meeting held in the town hall on Tuesday evening, under the auspices of the W.C.T.U., was pretty well attended. Mayor Dice occupied the chair and on the platform were the officers and leaders of the W.C.T.U., Revs. A. J. Belt, M.A., J. W. Cooley, and Mr. D. Hartley. After the opening hymn and prayer by Mr. Cooley, the chairman spoke briefly and approvingly of the temperance cause. He then called upon Rev. Mr. Belt, who addressed the meeting, pointing out the greatness of the evils of intemperance, expressing his great disapproval of the treating system as both foolish and wrong. Everybody ought to sympathize with whatever will elevate his fellowmen, and with such efforts he was in sympathy. He desired particularly to see men so strengthened in character as to resist temptations, and wished that the home life were made more powerful than it is. A vocal duet by Misses Leila and Vera Roach was acceptably rendered. Rev. J. W. Cooley spoke next, declaring his dislike of the liquor traffic, that drunkenness was born of drinking and if the drinking was ended so would be the drunkenness. The present license system was wrong in principle and a great failure as a restriction in practice. The principle of license should only permit good things. It was legitimate to license doctors, druggists, teachers, etc., because they were for the public good, but to license a liquor seller is a gross perversion of the principle. The license system, being a failure, should be replaced. Principal Grant said so. The new law on which the vote of Dec. 4th was to be taken only licensed sale of liquor for proper purposes, and it carried and enforced would end this obnoxious and iniquitous treating system. Miss Gertrude Hollinrake then rendered a solo with admirable effectiveness, after which the chairman introduced Miss Wiggins, the lecturer of the evening, who for an hour delighted the audience with an address full of cogent argument, sensible appeal and persuasive eloquence on the subject of "The Home Ballot." The addressed touched on very many sides of the temperance question and was well received. After a vote of thanks to Miss Wiggins, moved by Mr. Hartley, seconded by Mr. Syer, and the singing of the National Anthem the meeting closed shortly after ten o'clock.—Com.
