MOUNTAIN.

Dec. 24.

Wednesday evening last the Mountain Union Sunday School held their annual Christmas entertainment. This time the entertainment consisted of a lecture delivered by T. F. Best, secretary of the Y. M. C. A., Hamilton. The lecture was on "The Boer War," and was very interesting, lasting two hours, and illustrated with many amusing incidents which made the time pass very pleasantly. After the lecture cake and coffee were served.

This evening the closing exercises of the public school were gone through with. The programme consisted of recitations, numbers and was very well throughout. The flag drill was well given, also the dialogue, "Christmas." The way in which the children conducted themselves was creditable to themselves but also to their teacher, who gave them her energy to make the entertainment a success. At the close Mr. Norris for the able manner in which his scholars had been trained by A. E. Freeman and G. Wilson.

Thomas, of Toronto Medical College, is spending his holidays at home.

JAPANESE CATARRH CURE

A New Discovery

MR. THOMAS CRAWFORD, Sergeant Vancouver Police Force, writes: "I have been a great sufferer from catarrh, which I contracted over 17 years ago in Winnepeg. I tried many so-called catarrh cures, consulted physicians, catarrh specialists, and not one of them gave me more than a little temporary relief. About two years ago, I tried Japanese Catarrh Cure, and since completing this treatment I have been permanently cured. I can highly recommend it—the first application relieved."

JAPANESE CATARRH CURE

There's a cure for every disease under the sun. The trouble is to find it. Most people have come to believe catarrh incurable, because it has taken so long to find out a real cure. There is only one, however, now. There is no doubt about that. It's called Japanese Catarrh Cure, and it permanently cures every person who uses it faithfully. It has done this time and time again. It is a perfectly natural remedy entirely free from any dangerous narcotic, and is made of stainless Iodine and Essential oils. This is inserted up the nostril, where it quickly melts and is breathed up to the inflamed, diseased membrane, soothing and healing as nothing else can and completely curing in a short time. This is not talk.

We have hundreds of testimonials from sufferers whom it has cured. It is not intended for indigestion, or nervousness, or corns, or anything of that sort, but it will cure positively all forms of catarrh. It will stop all of the disagreeable symptoms and purify the breath. We guarantee six boxes to cure the worst case. We are safe in making this guarantee because the medicine has never yet failed to do it. If you have catarrh try Japanese Catarrh Cure, and right away. See that you get Griffith's & MacPherson's.

Electors of Trafalgar and Oakville:

LADIES AND GENTLEMEN,

Your votes and influence are respectfully solicited for

A. S. Forster

OF OAKVILLE

For County Councillor

for Div. No. 2, County of Halton.

I have consented to be a candidate for county councillor at the solicitation of many ratepayers of Trafalgar and Oakville. Four years ago I was a candidate and withdrew in favor of others, and to save the expense of an election at that time. This year I have again been pressed with the nomination and have decided to remain a candidate, feeling if elected I can be of service to the county.

I am not in favor of expending large sums of money, and thus increasing the taxation, on any expensive system of new roads without first obtaining the consent of the ratepayers that want to have these roads. The expenditure of every dollar of the county money, and the matter of the tolls received on the Nelson Toll Road would receive my most careful attention.

Wishing you the brightest compliments of the season and a prosperous new year.

Most faithfully yours,
A. S. FORSTER.

Chisholm, of Esquesing, by the Rev. A. Blair of Campbellville. The bride, who was given away by her father, was attired in a becoming gown of cream albatross, en traine, with trimmings of chiffon lace, bridal veil, and carried a shower boquet of bridal roses. Her only ornament was a diamond brooch, the gift of the groom. The bride was attended by her sister, Miss Lottie Viola, who wore a gown of white organdie over pink, and carried a boquet of pink carnations and maiden hair fern. She also wore a diamond pin, the gift of the groom. The groom was supported by his brother, Frank Chisholm, of Milton. As the bridal party entered the room, Mendelssohn's Wedding March was played by Miss Hettie Lawson, of Stewarttown. After the guests had partaken of a dainty dejeuner, Mr. and Mrs. Chisholm left amid showers of rice for a trip to Buffalo and points east. The many valuable and useful presents received showed the high esteem in which the young couple were held.

D. A. Robson's Disappearance.

The Globe of Monday gave particulars of the way in which D. A. Robson victimized his patrons before he left for the United States, as reported in the Champion two weeks ago. The Globe says that Robson was considered a good fellow, as he spent money freely. He acted as agent for people who wished to lend money at from two to five per cent. per month, loaning to people who were temporarily embarrassed and who could produce satisfactory security. He had his office in the McKinnon building, Toronto. It is said that he had nearly $30,000 belonning to several money lenders and had hundreds of customers. Several months ago a lender learned from a borrower that the latter had paid back a loan to Robson. Robson had not accounted for it and on being called to task gave security. Three weeks ago last Saturday other lenders having made similar discoveries, interviewed Robson, who promised to give security but left the city that afternoon. The Globe says:

"An investigation of his affairs revealed the method by which Robson succeeded in deceiving not only the men who had entrusted the money into his hands to loan, but also the borrowers themselves. Robson took mortgages and promissory notes for the money advanced, and it was found that in many instances where the borrowers had paid back the money Robson had simply pocketed the principal while continuing to pay the interest to the man who had originally advanced the money. In other cases where a loan had been applied for Robson had gone to two of his clients, obtained the money from both for the same loan, put one of the amounts in his pocket, and had got the borrower to actually sign two mortgages for the one loan.

"Some of the borrowers find themselves in a very unpleasant position as a result of Robson's methods. A number who paid back the money they had borrowed received from Robson a receipt for the amount, not the mortgage, and now the parties who originally advanced the money claim that the mortgage is not paid, and that in any case Robson had no legal right to receive the principal and give a discharge for the mortgage. Thus the borrowers may be called upon to pay their debts twice. A test case of this character may be taken to the courts.

"Those who had placed money in Robson's hands do not yet know what their losses will be, as the inquiry into his affairs is not yet completed. Over $5,000 of losses can be accounted for so far, however, and they are expected to be more than this.

"Robson was doing a remunerative business in Toronto, and his earnings were estimated at from $3,500 to $4,000 a year. In all his transactions he drew up the mortgages himself, of course, charging the borrower for this, and he often, too, obtained a commission from the borrower for negotiating the loan. He speculated too in discounting estates, that is he would advance money where property willed would not pass into the possession of the heir for two or three years. Shortly after he left the city the office furniture was seized for rent by the landlord, and his household furniture in his residence at 90½ Markham St. was sold under a bill of sale."

EDITOR'S NOTE.—The Slocum System of Treatment for the cure of Consumption, Pulmonary Troubles, Catarrh, General Debility, and nearly all the ills of life, is medicine reduced to an exact science by the world's foremost specialist.

By its timely use thousands of apparently hopeless cases have been permanently cured.

The **Emulsion of Cod Liver Oil** is needed by some, the **Tonic** by others, the **Expectorant** by others, the **Oxojell** by others still, and all **four**, or any **three**, or **two**, or any **one**, may be used singly or in combination, according to the needs of the case.

Full instructions with each set of four free remedies illustrated here. Our readers are urged to take advantage of Dr. Slocum's generous offer.

THE FREE TRIAL

The honor of thus effectively arresting the progress of this fatal malady rests with the wonderful system of treatment which has been reduced to an exact science for the cure of Consumption and for the cure of Catarrh and other prevalent conditions which pave the way for Consumption—that successful method evolved by America's greatest scientific physician, Dr. T. A. Slocum, whose great liberality, through his **Free Trial Treatment**, sent broadcast throughout this broad land, has contributed most to the rout of the most potent agency in the destruction of human life in this hemisphere.

His **Free System of Treatment** has arrested the hand of death in the cases of thousands of consumptives and has prevented the disease in countless instances.

The Slocum Treatment consists of four distinct remedies for the cure of **Consumption, Weak Lungs, Bronchitis, Catarrh, and all pulmonary and wasting diseases,** and is based upon principles essential to the correction of functions, the rebuilding of the tissues, the overthrow of parasitic animal organisms and the establishment of health in all the departments of the human body.

The four preparations embody all the necessary elements of a complete treatment for Consumption—its cure and prevention—as well as for most of the chronic and wasting ills of life. Apparently hopeless cases are cured by their timely use.

These free remedies comprise the great **curative forces** discovered by the eminent physician, Dr. Slocum, they represent the acme of the pharmacist's skill and with them will be found explicit directions for their use in any case.

You are invited to test what this system will do for you, if you are sick, by writing for a **FREE TRIAL TREATMENT** and the Four Free Preparations will be forwarded you at once with complete directions for use.

Simply write to the T. A. Slocum Chemical Company, Limited, 179 King Street West, Toronto, giving post office and express address, and the free medicine (the Slocum Cure) will be promptly sent.

Persons in Canada seeing Slocum's free offer in American papers will please send for samples to Toronto.
