DICK-YOUNG.

The Georgetown Herald of this week contains an account of the marriage of Mr. Dick to Miss Maggie Young, which will be read with interest by their many friends in Milton and Halton. The Herald says:—"At ten o'clock on Saturday morning, Mr. W. I. Dick, barrister, of Milton, and Miss Maggie Young, daughter of Mr. Sidney Young of Georgetown, were married at St. George's church. There were very few guests, those invited being the immediate relatives only, but there were quite a large number of spectators from town who were interested in seeing a ceremony in which two of the most popular and respected young people of the county were the contracting parties. Miss Young was a member of St. George's choir and, with their accustomed enterprise, the members got together and beautifully decorated the audience room with evergreens and flowers. As this is the third marriage among the members of St. George's choir during the past eight months, it has been stated that the choir finds a little difficulty in keeping its ranks well filled. Mrs. W. J. MacFadden played the wedding march and Rev. T. G. Wallace performed the marriage ceremony. The bridesmaid was Miss Georgie Young, sister of the bride, and the groom was accompanied by his brother, Mr. Jas. G. Dick, of Michigan. As part of the ceremony the choir sang two selections, "O! Perfect Love," and "The Deus." The bride was gowned with exceeding good taste in blue cloth flaked with white and wore a white camel's hair hat. After the ceremony Mr. and Mrs. Dick were warmly congratulated and by the noon train went to Toronto, thence to Muskoka for two weeks or more. Their home will be in Milton."

HARRIS-M'DOUGALL.

On Wednesday p. m. of last week in the presence of a small company, T. T. Harris, dentist, of Oakville, and Mrs. Margaret McDougall, of the 6th line, Trafalgar, were happily united in matrimony at the bride's home, by the Rev. C. T. Tough, of Hornby.

Mayor's Court.

Mayor Dice had two cases brought before him yesterday.

Wm. Bescoby, farmer, who lives near Stewarttown, was arrested on the information of C. S. Racey, of Milton, who charged him with dog stealing. The complainant says that some time ago he lent his female pointer "Dot" to the accused, who failed to return her and, after some time, sent a message to the effect that "Dot" had been killed by a railway train. The information was laid on Tuesday and Chief Constable Bradley, armed with a search warrant, set out on a still hunt for "Dot." He found her at Acton in charge of a relative of the accused, brought her home, and yesterday went after the accused, whom he arrested and brought to Milton, and who was remanded for a week by the mayor and released on his own recognizances for $400.

On Tuesday night some chickens belonging to J. S. McCannell disappeared. Other people had been losing poultry for some time and John Allan was suspected of having stolen them. Mr. McCannell laid an information against Allan. A search warrant was issued and given to High Constable Frazer, who went to Allan's house, where he was attacked by one of three vicious terriers owned by Allan and bitten twice. However, the constable got into the house, where he found several chickens cooked and ready to eat, and also a quantity of feathers, which, from their color, are supposed to have been plucked from Plymouth Rock chickens which were taken from Mrs. Storey's henhouse on Monday night. The floors of the upper rooms of Allan's house were covered with hen manure and feathers. A revolver, a pair of horse clippers and two rugs were found. One of the rugs was claimed by Mr. McCannell and the other by L. Prentiss, who said it had been taken from his boat house. Another article found was a stick with a wire attachment at one end, supposed to have been used to open hen-house doors. Allan was arrested and brought before the mayor, who remanded him to jail for a week. It is said that Allan has done little if any work for some time and has seldom been seen in day time. Besides Mr. McCannell and Mrs. Storey, C. W. Martin and James Morley have lost chickens lately.

Strength and vigor come of good food duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

Among those registered at the King Edward, Toronto, on Labor Day we noticed the name of W. J. Heron, Milton, who was a guest of Robinson Little Co., wholesale druggists, London.

GRAIN AND HAY.—Edward McCann begs to announce that when the new elevator at the G. T. R. station has been completed, which it will be within a few days, he will be prepared to buy any quantity of grain or hay at the elevator.

Rev. F. A. P. Chadwick, of Dunnville, son-in-law of Mayor Dice and an ex-Miltonian, has been chosen as rector of All Saints' Church, Windsor. The news of Mr. Chadwick's appointment to such an important parish will be welcomed by his Milton friends.

Mrs. Sproat and her daughter, Mrs. J. M. Campbell, removed from Milton to Palmerston on Monday, Mr. Campbell having been appointed to the agency of the Bank of Hamilton in that town last winter. Mrs. Sproat and Mrs. Campbell will be greatly missed in Milton.

EAST END MEAT MARKET.—Attention is directed to the following announcement of F. Wales of the East End meat market, that he is prepared to supply prime fresh meat by the quarter or in large or small quantities at special terms for cash. Mr. Wales's is an old established business.

The plum crop is so large throughout Ontario that the city markets are glutted and growers have lost money, prices being too low to cover costs of picking, baskets, express charges and commission. A great deal of fruit is being left to rot on the trees and it is reported that in some places plum trees are being grubbed up.

When you do not relish your food and feel dull and stupid after eating, all you need is a dose of Chamberlain's Stomach and Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by Higginbotham & Field.

Walking is bad on the east side of Main-st. these days, particularly after rain. Much of the wooden sidewalks has been torn up and the contractors are laying the foundation for the new pavement. Its base is discarded and broken bricks from the terra cotta works, which will, if anything, be better than broken stone.

THE RIFLE.—Major W. P. Moore, of Georgetown, shot splendidly at the Dominion Rifle Association matches at Ottawa, won a number of prizes amounting to a respectable sum and finished in the 26th place in next year's Bisley team, with a good prospect of going to England next year if he wishes to go. Pte. Baynton, of the 48th Highlanders, and formerly of Burlington, is twentieth man.

OAKVILLE FAIR.—The Champion begs to acknowledge the receipt of a prize list of Oakville's coming fair, kindly sent by C. B. Patterson, Secretary. The pamphlet is neatly printed and handsomely bound, with a gold embossed oak leaf on its cover, and its contents are worthy of its appearance. The prizes are very liberal, and should the weather be favorable on the 22nd and 23rd inst., the two days of the fair, it should be a record breaker.

A number of Miltonians went to Toronto on Labor Day to attend the Coldstream Guards band concert at Massey Hall. Among them were Mr. and Mrs. E. J. Wilson, A. Armstrong, Roy Burling, Stephen Conway and his son John. A still larger number heard the band at the Exhibition on Tuesday, and other music lovers, one of whom was Bandmaster Gollins, heard it at Hamilton yesterday.

The Streetsville Review says that when Wm. Ward met with the accident at Streetsville Junction, reported in the Champion last week, he was attempting to climb between two freight cars. As he did so the engine started and he was thrown under the wheels, which passed over the right arm near the shoulder. The Review also says that the unfortunate man was under the influence of liquor. Ward's arm has been amputated at the shoulder.

The Sunday School of All Saints' Mission Terra Cotta held its annual picnic yesterday afternoon on the slope of the mountain back of the Toronto Pressed Brick Co.'s works. The young people and their friends, to the number of 65, spent a most enjoyable afternoon. Baseball (in which the young women showed much aptitude), swings and racks gave great enjoyment, while coffee, tea and other refreshments were served free to all comers after an excellent tea and distribution of candies. The thanks of the Sunday School are due to J. Lewis for the use of the grounds.

Drinking was carried too far among Hamilton whiskey and beer drinkers. The price of whiskey was raised lately to ten cents a glass and the size of the glass of beer was reduced, but the old scale of prices and quantities has been resumed because some sellers suspected that others did not stand by the new regulations.

INQUEST.—Sarah Johnson, a widow aged 93, sent to jail as a pauper from Acton four years ago, and kept there ever since, died on Saturday. The law requires an inquest on the death of any inmate of a jail, and Coroner McColl held one on Mrs. Johnson's remains on Saturday evening. The verdict was death from natural causes. Four of Mrs. Johnson's daughters and three of her sons are living. Though they allowed her to go to jail for want of support, they claimed her body on Saturday and had it buried at their own expense. This post mortem obedience to the fifth commandment was commendable, but it is a pity that they could not do more for their mother while she was alive.

OFFICERS DECORATED.—Lieut.-Cols. Allan, Kerns, Goodwille and Appelbe, and Majors Fox, Panton and Barber, of the 20th Lorne Rifles, received the Colonial Auxiliary Forces Officers' Decoration about a year ago and now it is announced that the following officers of the same corps will also receive it: Majors Kaittling, Moore and Grant, Surgeon-Major McCrimmon and Captains Breckon and Cullingworth. The decoration is a very handsome medal with a green ribbon and is given by the British Government to officers of the colonial forces who have served 20 years or over. Lieut.-Cols. Allan, Kerns and Goodwillie, Major Kaiting and Captains Breckon and Cullingworth are all either on the retired list or the reserve of officers.

Mrs. George Buck, of Omagh, died on Monday. She had been ill with pleurisy for about a week, and appeared to be recovering. Her death was very sudden and it is thought that it may have been caused by heart disease, from which she had suffered for some years. On account of the absence of the bereaved husband in the Northwest, the funeral will not take place until next Saturday, when it is expected Mr. Buck will be home. When he arrives he will decide whether the interment will be in the Evergreen Cemetery here or Bowes's Cemetery. The funeral will leave Austin Buck's residence at 1.30 p.m. Mrs. Buck was the mother of a large family, seven sons and two daughters. Two of her sons are John W., of Milton, and G. E., of Toronto.

The Weekly Mail and Empire and the Champion will be sent to new subscribers until Dec. 31st, 1903, for 30 cents for the two, or both until Dec. 31st, 1904, and also the Mail's new premium picture "The Victoria Cross" for $1.75. The picture is a magnificent production in true colors, showing two Canadian troopers closely pressed by Boers. The horse of one has been hit and the man whose mount is unharmed, halts and risks everything to get his comrade safely mounted behind him to carry him out of danger. Those who are already subscribers for the Champion can get the Weekly Mail and Empire until the end of this year for 15 cents and to Dec. 31st, 1904, for 75 cents. Send in your orders now. The sooner they come the more papers you will receive.

THAT HORSE CASE.—Last week the Champion reported the result of the trial of the men who took the horse from W. J. Dewar's stable, assaulted Mr. Dewar and afterwards resisted arrest, but did not give that of the civil action Newell vs. Deering Co. This was dismissed with costs by Judge Gorham, who held that though the lien note on the horse had not become due through lapse of time, it became due when Kennedy broke his contract in the note and sold his buggy and harness. Attempting to dispose of personal property was breech of contract, and the company was therefore justified in taking possession of the horse. It was also held that the note did not need to be filed, the act relating only to the filing of notes given for manufactured articles.

HORSEMEN PUNISHED.—For a long time it has been complained that though exhibitors of horses from outside Toronto obeyed the rules of the Toronto exhibition, city exhibitors constantly violated them, not only in making entries, but in not exhibiting the horses entered or in having them in the grounds only when they were required to be there to be judged. It was said that the Toronto horse dealers ran the show to their own advantage and to the disadvantage of others. The irregularities reached such a pitch that it was hardly possible to have the morning parade of horses. The directors finally decided that they would run the exhibition for the benefit of the general public and on Monday they suspended Crow & Murray, the well known horse dealers, from exhibiting, and ordered the removal of all their horses from the grounds. The offences charged against Crow & Murray were, first, that they exhibited a horse and removed it from the grounds without permission and, second, that they showed a horse which had not been entered.

There was a large gathering at the parsonage Thursday evening to bid "God speed" to the Rev. and Mrs. Geo. B. Bull, who are about to take up work in the mission of Lowville and Nassagaweya. The proceedings opened with a bounteous tea on the lawn, served by the ladies of Woodburn, and was followed by the presentation of two addresses and a purse containing $75, all expressive of the esteem felt for the retiring clergymen and his wife, and the harmony which prevails between the three churches which constitute this mission. Mr. Bull returned his thanks in a few well chosen words, and was followed by Robert Twiss, who spoke feelingly of this last opportunity of meeting in the happy home which Mr. and Mrs. Bull have made of the parsonage, where the parishioners have been so cordially received on many occasions during the last four and one-half years. Music and recitations, and reciprocal good wishes and adieux, so hard to speak, brought to a close a long, delightful evening.—Tapleytown cor. of Hamilton Herald.

Be Quick.

Not a minute should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should be sufficient warning. If immediate and proper treatment is given, serious consequences will be averted. Chamberlain's Colic, Cholera and Diarrhœa Remedy is the sole reliance of thousands of mothers and by its aid they have often saved their children's lives. Every household should have a bottle at hand. Get it to-day. It may save a life. For sale by Higginbotham & Field.

Monday's attendance at the Exhibition was estimated at 87,000, only exceeded by the attendance on Li Hung Chang's visit. On Tuesday 75,000 were present, and 10,000 joined in singing the national anthem played by the Coldstream Guards' band.

Dysentery causes the deaths of more people than smallpox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera and Diarrhœa Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults. It is also a most agreeable medicine. Every household should have a bottle at hand. Get it to-day. It may save a life. Sold by Higginbotham & Field.
