Red Rose tea is known and used all over Canada.

East End Meat Market.—Attention is directed to the following announcement of F. Wales of the East-End meat market, that he is prepared to supply prime fresh meat by the quarter or in large or small quantities, at special terms for cash. Mr. Wales's is an old established business.

The King Edward Rink.—After long and tedious effort the new skating rink between the Clark House and Dominion Hotel has been completed and put into first-class condition. It is commodious and conveniently arranged both for skaters and spectators. A platform guarded with wire netting surrounds the ice and this will be very satisfactory to all concerned, especially during hockey matches, skating exhibitions, etc. The rink was opened on Christmas Day with a good attendance, and has been well patronized since.—Acton Free Press.

On Monday evening the home of Mr. and Mrs. Arch. McDougall, of Esquesing, was the scene of a merry gathering, the occasion being a birthday party for their son Norman. Their commodious house was illuminated from top to bottom and the dining-room was tastefully decorated with bunting and flags. About ninety guests were present and good time was enjoyed by all. Excellent music was provided by Messrs. McCallum and Peddie of the 1st line and McDougall, Robinson and Lawson of the 4th line. The party broke up in the early hours of morning.

A very pretty wedding took place at "Homewood Farm," Omagh, on Dec. 30, when Miss Lizzie Porter was united in marriage with Hiram E. Keffer, of Vaughan, by Rev. J. B. McNamara. The bride was given away by her brother, Alex. Porter, and was becomingly attired in grey eolienne and carried a bouquet of white roses. She was attended by her cousin, Miss Belle Graham, of Patterson, N.J., who looked charming in pink crop-de-cheur, with bouquet of pink roses. The groom was attended by his cousin, A. Leak, of Markham. The bride was the recipient of many beautiful presents, among them a diamond ring, the gift of the groom, and a handsome chair from the congregation of Knox Church, Sixteen. The groom's gift to the bridesmaid was a crescent pin set with pearls. After the ceremony a sumptuous dinner was partaken of, the tables being prettily decorated with carnations and holly. Toasts were responded to and, after the singing of "Auld Laing Syne," the happy couple left on the 9 p.m. train from Milton to visit western cities, amidst showers of rice and good wishes of their many friends.—Cox.

On Wednesday, Dec. 30th, at 2.30 p.m., at the residence of Mr. and Mrs. John Pickering, Trafalgar, their eldest daughter, Elizabeth (Ella), was married to Wm. Lawrence. The ceremony was conducted by the Rev. C. R. Morrow, assisted by the Rev. A. O. Foreman, in the presence of seventy relatives and friends. The bride, who was given away by her father, wore a handsome dress of cream silk, with trimmings of pearl ornaments and a tulle veil, with orange blossoms. A shower bouquet of white carnations was carried. The bridesmaid, Miss Amy, sister of the bride, wore a dress of pink silk, trimmed with ribbons, and carried a bouquet of pink carnations. The groom was assisted by T. Crump, of Toronto. The gift of the groom was a gold watch and chain. Miss Hattie, sister of the bride, played the Wedding March. During the ceremony the bridal party stood under an arc of evergreens and holly. The bride wore a going-away dress of blue cloth trimmed with silk, with a hat of blue plsh trimmed with ostrich plumes. Mr. and Mrs. Lawrence left for a tour of eastern points.

Chamberlain's Cough Remedy.

This preparation is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good work, of the aggravating and persistent coughs it has cured, of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it even to babies. It always cures and cures quickly. Sold by Higginbotham & Field.

Hockey.

The first championship game of the season will be played at the rink tomorrow evening, and will be called at 8 o'clock. It will be between the Guelph juniors and the Milton juniors. Both teams will be strong and a lively game is certain. Admission 25cts.; ladies 15c.

The first hockey match of the season was played in the Milton rink on New Year's night between the Old Halton Boys of Toronto, and the home team. The match was good hockey considering the lack of practice on both sides. John Dewar was referee and kept the game clean and without roughness. The home team won by 11 to 5. Teams:—

Old Halton Boys—Goal, Smith; point, Todd; cover, Sproule; rover, Barber; centre, Ed. Campbell; wings, Lepatnikoff and Robinson.

Milton—Goal, Peacock; point, Prentiss; cover, Pitcher; rover, Litster; centre, N. Campbell; wings, Field and Fleming.

Hockey appears to be on the upward move in town. The club had a meeting for re-organization, but is managed by last year's managing committee. Arrangements have been made with the managers of the rink by which players may practice an hour on five nights in each week. Hockey tickets are sold at $1 each and may be had from Messrs. Prentiss and Field. This ticket, with a skating ticket, admits to all practices and all privileges of the rink. Players are requested to get their tickets before Jan. 15th, for first payment for ice is due then.

Two teams have been placed in W. O. H. A. junior and intermediate series.

Milton goes to Preston for first intermediate game to-night, and Guelph will be here to-morrow night in first of junior series.

There is plenty of good hockey material in town, but lack of support on the part of the townspeople has left the game in the background. Now, that the boys have come out themselves, it is to be hoped that the town will support the club as strongly as possible.

Come out see the juniors' match to-morrow night. Admission 15 and 10 cts.

John Burns, M.P., says Mr. Chamberlain has no chance in Scotland, and in England labor is solid for free trade.

ZIMMERMAN.

Jan. 6.

On New Year's eve, at the beautiful home of Mr. and Mrs. A. Cartwright, some sixty invited guests from Milton, Peterborough, Carlisle, Palermo and other parts spent a most pleasant time. Different games were engaged in and a drawing contest in which prizes were offered caused much amusement. A dainty supper came next on the programme, and after the usual compliments after seeing the old year out and the new one in, all who wished tripped the light fantastic toe until the wee sma' hours. During the evening Mr. Cartwright showed a number of his guests through his large new barns, crowded as they were with beautiful stock, with plenty of fodder to keep them fat, but not room yet for all he would like to keep. He intends adding to his buildings this coming summer. After wishing Mr. and Mrs. Cartwright many happy return, the guests left for their homes well pleased with their entertainment.

On New Year's night Mr. and Mrs. MacMullen gave a birthday party in honor of their lovely five-year-old twins, two very bright little girls. Among those present were a bride and groom, friends of Mr. and Mrs. Bell of Zimmerman. Mr. Bell's new gramaphone amused the party with its songs, band music and comic sayings—it is truly a wonderful invention. The groom sang several songs and there was lots of music and speeches. A gentleman from Hamilton gave a very laughable and interesting example of the training of mules to be ridden as in old Kentucky. After which the guests were invited to supper. The beautifully decorated table was crowded with good things—oysters first, then roast turkey, with the usual dessert and the nice birthday cake. The remark was heard that McConkey of Toronto must have gotten up the supper, but the reply came, "nobody but herself, Mrs. MacMullen." The friends from Milton and other places all seemed more than pleased with their outing and left for their homes after wishing Mr. and Mrs. MacMullen a long and happy life with their two sweet babes.

Croup.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy.—For sale by Higginbotham & Field.

A Rising Politician.

Peter W. Scott, eldest son of David Scott, one of the pioneers of East Wawanosh, was born in that township thirty years ago. He is of Scotch descent. He received his education at the Public schools and at the London Business College.

He began to take an active part in politics at an earlier age than most young men and has a unique record in that respect. Allying himself with the Conservative party he was elected vice-president for No. 2 division, East Wawanosh, before he had a vote, and when appointed to the executive committee of West Huron, on the recommendation of Barrister R. S. Hays and the late P. Kelly, he was the youngest member. A year later he was elected second vice-president, still holding the record for youthful preferment, and in November last he was unanimously chosen to succeed Major Beck as president, the youngest in point of years to preside over the deliberations of the Conservative Association in this historic riding.

He has been secretary of Knox church, Belgrave, for fourteen years and one of the auditors of East Wawanosh for several years.

He is prominent in Masonic circles and a Past Master of the Blyth Lodge. He is also a member of the Royal Arch.

He is a farmer and a good one and owns a beautiful property of two hundred acres, one of the finest farms in the township.

Personally Mr. Scott is one of the most genial of men and enjoys a wide-spread popularity.—Clinton News-Record.

Note.—Mr. Scott is a nephew of Ex-Warden P. D. Scott, of Lowville.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. For sale by Higginbotham & Field.

One of the three constables who allowed Cashel, the condemned murderer, to escape from Calgary jail, was sentenced to a year's imprisonment, and the other two to six months each. All were also dismissed from the force.

Pineapples.

Pineapples grow so plentifully in Natal at certain seasons that it is not worth while carting them to market, and they are often given to the pigs in consequence.

The Monetary Times, as a commercial paper, clearly sees that it is not good business to pursue a needlessly offensive policy towards the United States. Even, says the Times, if that country has sometimes been chargeable with conduct unworthy a great nation, this does not excuse some of our people who are always sneering at the Republic. Useless depreciation excites antagonism, where a friendly understanding should prevail. Alike in the interests of the Dominion and the Empire, we should cultivate friendly relations with a people who, as our contemporary truly says, constitute what is in some respects one of the greatest nations known in history.
