Hockey.—Milton and Hespeler played an intermediate W. O. H. A. championship match at the rink on Saturday evening. The game was not particularly fast. The locals were not in particularly good trim. Little was lame, and the forwards were a little off in their shooting, but they won, 6 to 2.

Sickness in Milton.—Pneumonia and other complaints caused by cold weather are prevalent. Station Agent Harper, of the G. T. R., has pneumonia and has been in a critical condition for some days, and while his case is not hopeless this morning, the worst is feared. Mrs. Wright, Thos. McDowell and J. W. Elliott's little son, Jackie, also have pneumonia, but their cases are not so serious. Several of Jas. Morley's children have tonsilitis, but all are doing well. There are so many cases of sickness in the town that the supply of nurses is insufficient.

Farmers' Institute Meetings.—There will be a Judging Class on Shorthorn Cattle and Bacon Hogs at the Agricultural Hall, Milton, on Thursday, Feb. 11th, under the management of the Halton Farmers' Institute, the class to be managed by Prof. G. Leaves Louisville.—The resignation of Prof. E. S. Harrison as teacher of modern languages in the Male High School was handed to the School Board yesterday, to take effect at once. Prof. Harrison will go to Brooklyn, where he will teach Spanish in the Commercial High School. The School Board will meet Monday night to choose a successor to him. Prof. Harrison will leave for Brooklyn on Saturday. Prof. Harrison has been teacher of modern languages in the Male High School for the past year and has made an excellent record. He was highly regarded by the other teachers and by the board, and all of them expressed regret yesterday when it was announced that he had resigned. When he came to Louisville he filled the place formerly occupied by Prof. Griffin Lovejoy. Prof. Harrison is a native of New York, and was an instructor in schools in that State before coming to this city. He is a fluent linguist, being an especially fine Spanish scholar.—Louisville (Ky.) Courier-Journal, Jan. 28.

E. S. Harrison is a son of Thos. H. Harrison and a grandson of the late Wm. Harrison, of Milton.

The home of Mr. and Mrs. Thomas Dempster (formerly Mrs. Hughes) was the scene of a pretty wedding on Tuesday afternoon of last week, when Miss Mary Dempster became the wife of James Oliver Johnston, of Allandale, Ont. Miss Abigail Dempster acted as bridesmaid and Mr. R. Dempster, of Barrie, as best man. The ceremony was performed by Rev. Edw. H. McLean Smith, B.A., of Knox Church, Milton, assisted by Rev. H. D. Cameron, B.A., of the Presbyterian Church, Allandale. Shortly after 5 o'clock, while the Wedding March was being played by Miss Dollie White, the bride, richly gowned in ivory satin, entraine entered the room on the arm of her father. She was accompanied by her bridesmaid and the dainty little flower girl, both of whom were attired in white. The bridal party took their places beneath a beautiful rope of smilax and carnations. After the ceremony was performed and the happy couple had received the congratulations and well wishes of the assembled company, all adjourned to the large dining-room, where they partook of a most sumptuous wedding breakfast, which would have done credit to any city caterer. The presents, which were both numerous and costly bore testimony to the high esteem in which the bride was held by her many friends. The happy pair left next day for Allandale.—Com.

Halton County S. S. Convention meets to-day and to-morrow in Knox Church. Mrs. J. A. Jackson, of Toronto, will teach a primary class at 4.00. A slight change has been made in the programme for this evening. Instead of Rev. J. A. Turnbull, the Rev. Dr. J. V. Smith of Carleton St. Methodist Church will speak. Mr. J. S. Deacon will give the President's address at 8.00, followed by J. A. Jackson on "Child Study." Mrs. John Bews and Miss Rose Lewis will sing. A collection will be taken at the evening session. Friday's programme is full of good things. At 9.30 a.m. Rev. C. T. Tough will conduct the devotional service; J. A. Jackson will teach a normal class, an hour will be given to missions, music and literature in connection with the work of Sunday Schools. A conference on "How to Secure Better Bible Study" and a discussion on supplementary lessons led by Rev. J. W. McNamara and W. V. Hopkins respectively, will occupy the afternoon. A very interesting meeting for the children of the town will be held at 4.00 in Knox Church Sunday School room, when addresses to the children will be given by J. A. Jackson and Rev. W. S. McAlpine of Georgetown. Rev. John Neil and some other speaker from Toronto will address the evening meeting. Miss Florence Deacon will sing in the afternoon, and in the evening Miss Richardson, of St. Catharines, and Robert Elliott.

An English Opinion.—"Post," Scarborough, Eng.:—"...In many ways the most interesting part of the concert was the introduction to a Scarborough audience of a new soprano. Madame Marie Vulisse Harrison is a young Canadian singer who possesses a phenomenal voice. Her range is said to be four octaves, and what is more, it is marvellously flexible, and in her high notes she is free from that tendency to 'screech,' which mars so many high sopranos. It is tolerably certain that before long she will be heard on the Continental stage as a prima donna in grand opera—indeed we believe that offers were made to her with this end during a recent professional visit to Paris. Mme. Marie Harrison adds to an artistic training a good deal of vivacity and a clear enunciation. Her first song was the air, 'Ah! fors e lui,' from Verdi's 'Traviata,' which was loudly applauded; and, Mme. Harrison, having to respond to an encore, gave a dainty little ballad, 'Little Doris.' In the second part, Mme. Harrison essayed a difficult air, 'O Legere Hirondelle,' from Gounod's 'Mireille,' with great success. Her trilling was magnificent, and she took the G in alt. with the same ease the average soprano manifests in giving out the note an octave lower. The audience would not be content with her bowing, and Mme. Harrison replied with a patriotic song, 'The Boys of Old England.'

Mme. Harrison will appear at the Town Hall, Milton, on the evening of Tuesday, February 16th.

George Dunn, of Exeter, is visiting friends in town.

Thomas Duff died at Collingwood on Tuesday. He farmed in his younger days on the 2nd con. Esquesing, and afterwards was in the lumber business in Milton in partnership with Jacob C. Bell. He left Milton for British Columbia about 20 years ago. He left a large family, his second son being Alexander, of Milton.

The Toronto News, of which J. S. Willison, late of The Globe, is managing director, is the leading Independent newspaper of Canada. Its regular subscription rate is $2.50 per year, that of the Champion is $1, but subscribers who are not residents of Milton can get both for $2, payable in advance. Send in your subscriptions while this great offer is open.

Curling.—Though one of Milton's rinks was ahead in the Ontario Tankard primary competition on Thursday, the two were fourteen shots down. They played against the Fergus cracks.... On Friday afternoon three rinks of the Guelph Union Curling Club played Milton here, winning by 13 shots. Two rinks remained over and played another match in the evening, when the locals won by 12 shots.

A Dunville Produot.

Some interesting facts about Mrs. Marie Harrison:

An expert in London, England, was engaged to search all records in the British Museum with the result that it was found that Mme. Harrison's range was unparalleled in the history of music, four full octaves of 32 notes being the compass of her magnificent voice.

Mrs. Harrison sings in the Town Hall on evening of Feb. 16th.

Oyster Supper and Presentation.

On Friday evening last there was a very pleasant social gathering of neighbors and friends at the residence of Mr. Jas. McCowan, Trafalgar, to give him and Mrs. McCowan their best wishes for their future welfare and happiness in their new home in Scarboro', whither they purpose removing in a short time.

After all present had more than satisfied the inner man with oysters and other dainties, Mr. Abraham Stark took the chair and in a short speech expressed the feelings of all present towards their friends who were leaving them. He then called on Mr. Jas. Murray, who read the following

ADDRESS.

Mr. and Mrs. McCowan,—

Your many friends in this neighborhood have recently learned that you are about to remove from our midst, and whilst we congratulate you upon the good fortune which has brought about this change in your residence, we cannot let you go without taking this opportunity of expressing our regret that you, both of whom we have held in the highest regard, are severing a close intimacy that has existed for nearly twenty years.

In you, Mr. McCowan, we have always found one who took a deep interest in the affairs of the farming community and in the different societies and associations which had for their object the advancement of the interests of farmers generally, and our appreciation of your many good qualities can best be summed up in saying once for all that you have been a true friend and a good neighbor.

And to you, Mrs. McCowan, we join heartily in expressing our appreciation of the many excellent qualities which have made you so highly esteemed by the whole circle of your acquaintances here.

As something to remember your many friends in this neighborhood when you have removed to your new home, we ask of you to accept these small gifts which we now present to you.

As the years go by, we trust they will bring to your recollection pleasant memories of days spent here, and we are sure that it is the heartfelt wish of everyone of us that every blessing and prosperity may attend you and yours in your new home. Our best wishes follow you.

(Signed) Thomas Aitken,
" Archie McDougall,
" James Murray.

Mr. and Mrs. McCowan were then presented with an easy chair each.

Mr. McCowan made a feeling and appropriate reply.

The balance of the night was spent in music, songs and speeches, and "Auld Lang Syne" closed a very enjoyable evening.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Higginbotham & Field.

TANSLEY

Feb. 2.

Our citizens are enjoying this old-fashioned winter as well as they can under the circumstances.

The anniversary services in connection with St. Paul's Church, held on Sunday last, were a decided success, although the roads were not all we could have wished for. Rev. Mr. Gray, of Dundas, preached instructive sermons morning and evening to large congregations. Carey Bros., of Carlisle, delighted everyone with their singing, and will be heartily welcomed if they ever come again. Proceeds of offering amounted to nearly $60.

C. McLeary, a former resident of this place, but now of the N.W.T., is renewing old acquaintances around here.

The sale of the remainder of the old mill, announced to be held on Wednesday of last week, was somewhat of a failure, owing to the heavy snow storms of the preceding days.

Quite a large number from here attended the wedding of Miss Emmerson, of Nelson, to Mr. Greenlees, of Kilbride, on Wednesday of last week, and also the party at night. Congratulations to Mr. and Mrs. Greenlees.

James Howell, of Grimsby, is in town.

Parties galore, and some of our citizens get tired sometimes.
