A Toronto Wedding.

At All Saints' Church yesterday afternoon, the rector, the Rev. A. H. Baldwin, officiated at the marriage of Emma Florence, only daughter of Mr. and Mrs. L. Goldman, Sherbourne-st., to Captain Ralph Bernard Simmonds, of Dartmouth, N.S. The church was handsomely decorated with palms and ferns. The bride, who was given away by her father, wore a beautiful gown of Irish point lace over chiffon and silk, en train. The yoke was of chiffon embroidered with pearls, and the angel sleeves of Irish point lace with frills of the same. She carried a large shower bouquet of bridal roses and lilies of the valley, and wore a veil caught with orange blossoms. The maid of honor, Miss Ella Morrison, and the bridesmaid, Miss Deacon, of Milton, were gowned alike, in cream French embroidered twine cloth over pink silk, heavily appliqued with rich lace and embellishments of chiffon, and wore most becoming white picture hats of lace and plumes. Mrs. Goldman, mother of the bride, wore a rich imported gown of white embroidered in black, finished with a collar of chiffon applique. Mr. Simmonds was supported by the brother of the bride, C. E. A. Goldman, and James D. Trees. The ushers were F. H. Deacon, of Milton, Dr. Guy G. Hume, Donald Bremner and J. G. B. Merrick.—Globe.

"A doctor here has sued me for $12.50, which I claimed was excestive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chambertain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Higginbotham & Field.

There will be a church parade of Nos. 7 and 8 Companies in Milton on Sunday evening, to Grace Church. Chaplain A. J. Belt will preach a special sermon.

Trout Fishing.—The club house of the Milton Fish and Game Club, near Campbellville, is a popular resort with the members of the club and their families. Manager W. B. Clements, of the Metropolitan Bank, Mrs. Clements, Miss Deacon and a friend from Toronto were there from last Thursday to Friday and caught some fine trout. Mr. and Mrs. V. Chisholm and Miss Maclean drove up on Tuesday afternoon to remain until next Monday. Trout are much more numerous in the pond since it has been stocked than they were when it was bought by the club.

Masonic.—Rev. Bro. H. A. Macpherson, of Chalmers's Church, Toronto, formerly of Acton, preached an eloquent sermon to the brethren of Oakville lodge and visitors last Sunday at the Presbyterian Church. The parade of Masons was probably the largest ever seen in Halton. There were over 200 brethren altogether, including about 40 uniformed members of the Godfrey de Bouillon Commandery of Knights Templars, Hamilton. The procession was headed by the Oakville brass band. The church was beautifully decorated with flowers. St. Clair Lodge sent about ten representatives. The visitors were hospitably entertained by the Oakville brethren.

An Interesting Volume.—Ira Standish, Esq., barrister, of Toronto, who is a Halton old boy, has presented to the Halton Historical Society a small volume, published in 1862 by Robert Warnock, school teacher, and entitled "A Sketch of the County of Halton, Canada West." Mr. Standish, before presenting it, had it handsomely bound in calf. The book gives the bounds of the county, and of each of its townships. It gives the total acreage 229,555, its assessed value in 1861, $6 702,993; its population in the same year, 22,704, and a list of all the lots in the county, with the name of the owner or occupant of each. The last is particularly interesting. Few of the names are now to be found on the assessment rolls. There is a list of industries, as follows: grist mills, 17; steam saw mills, 19; water saw mills, 58; tanneries, 6; woolen factories, 6; breweries, 2; foundries, 6; shingle mills, 2; pump factories, 2; iron works, 2; chair factories, 1; gunpowder mills, 1, and broom factories, 1. Other figures are: towns, 3; villages, 25 (incorporation was not considered); post-offices, 27; grammer schools, 2; common schools, 53; railroads, 2. In the end of the book there is a list of chronological facts connected with the history of British America, a list of the counties of Canada West and Canada East, with their populations, and one of railway stations and distances. None of the members of the Historical Society have any recollection of Mr. Warnock, the writer of the book, and if anyone can give them information about him they will be glad to get it.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced, pipes take the place of diseased sections of veins, antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allaws the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Higginbotham & Field.

The Milton Shoe Parlor

A call from you is expected, now that spring is actually here. If you want a pair of scrumptuous shoes at Five Dollars, well and good; or at Two to Three-fifty, see how we can hit your appreciation.

SPECIAL ATTENTION!

is directed to our exhibit of Ladies', Misses' and Children's Oxfords. As usual, the Empress sets the pace, and is recognized as being the correct dress shoe.

SENSIBLE MEN

wear the Ventilated Airinit Shoe. They breath while you walk. An ideal summer shoe, and a fact not a fad.
