The examiners at the Normal School say that there will be a great slaughtering of the innocents this year in junior and senior leaving. ☞The citizens of Milton are kindly asked to decorate and beautify their buildings and premises for the big demonstration on Thursday next. There is likely to be a big crowd here on that day from a distance. Let us give them a good impression of the town by making it look as attractive as possible. This can be done. If everyone did a little the expense would be very light. Let there be a good display of flags, bunting, etc., on the part of everyone.

The fifth annual convention of the Provincial Volunteer Firemen's Association of Ontario will open in the town hall, Milton, on Tuesday next. The convention will last two days. Rev. A. J. Belt, M.A., will open the session with prayer, and Mayor Anderson and the town council will attend in a body to extend a hearty welcome to the delegates on behalf of the citizens. Representative firemen will be present from different part of the province. The convention will wind up with a big tournament on Thursday, Aug. 4th.

The home of John A. Henderson, Beachville, was the scene of a quiet but very pretty wedding on Wednesday, July 20th, in which one of our leading merchants and a young lady very popular here were joined in holy wedlock. Charles C. Henderson, son of D. Henderson, M.P., and a partner in the firm of Henderson & Co., general merchants, and Miss Ella Mae Dorland, daughter of the late Amos Dorland, J.P., of Trafalgar, was the happy couple. The nuptial knot was tied by Rev. J. W. Rae, of Aylmer, an old-time friend of the family. Only the immediate relatives of the young couple participated in the festivities. Mr. and Mrs. Henderson left after the ceremony for Muskoka, where the honeymoon will be spent. They will then take up their residence in Mr. Henderson's recently acquired home on Bowen avenue, near Frederick-st.—Acton Free Press.

Wm. Gould, of St. Paul, Minn., was in town on Thursday with his sister, Mrs. Gillies, of Georgetown. Mr. Gould was in the carriage making business here in the 50's and 60's, at first as a member of the firm of Little & Gould, and afterwards by himself. He has been a resident of St. Paul for 34 years. For about 20 years he was in his old business there, and afterwards at railroading, but he retired some years ago. He was a prominent figure in Milton in the old days and was known as a great joker. Old friends reminded him on Thursday of some of his jokes, such as putting on the clock in the town hall on the day of a municipal nomination, with the result that the time limit having apparently expired, his victim, a candidate, made a speech of thanks to the electors, after which the clock was put back and another candidate nominated, who was elected on polling day, thanks, to a great extent, to Mr. Gould's assistance. Mr. Gould was a member of the dramatic club organized by the late Thos. Regan, which played Henry IV. in 1860, and, old timers say, played it well, Mr. Regan being a star in the role of Sir John Fallstaff.

One of the most successful barnraisings that ever was held in this neighborhood came off on the O'Connor homestead, 9th line, Trafalgar, on Monday afternoon last. The O'Connor homestead, which was cleared by the late Bartholomew C'Connor, grandfather of the present proprietors, is one of the most fertile in the province. It has never been out of the O'Connor name, they having in their possession the original deed granted by the Crown. The buildings which were taken down to give place to the present structure, were considered at the time of their erection to be thoroughly up-to-date, but the resistless march of time put them to one side to give place to the modern bank barn. The stonework of the new building was done by Mark O'Brien, of Erindale, and in praise of it we have only to say that it was done in that gentleman's best style. The framing was done by the far famed mechanics, Messrs. Peacock & Haggerty of Milton. These gentlemen have already built ten large bank barns this season and have three more to build. Their work is of the best and their popularity is every day increasing.—Brampton Conservator, 22nd inst.

Aug. 4th is the Date.—Interest in the coming firemen's demonstration increases as the day approaches. A large number of fire companies have already intimated that they will be here to compete in the sports, and every day brings correspondence from others asking for information. On Tuesday a representative of the International Haverster Co. of Hamilton was in town making arrangements for its company. Acton company and band will also be here. This tournament promises to eclipse any previous event ever held in Milton. Already three special excursions have been arranged for—one from Paris on the west, another from Niagara Falls on the south, and another from East Toronto. All these will no doubt be accompanied by bands. Paris and East Toronto are holding their civic holiday on the above date. The parade of the fire companies, bands, drill corps, etc., will be a feature of the day and will be well worth seeing. Court House Square at 1 p.m. sharp, and proceed along Brown-st. to Main, down Main to Elizabeth, along Elizabeth to Victoria ave., down Victoria to James, along James to Main, up Main to Price, along Prince to Pine, down Pine to Foster, across Foster to Queen, up Queen to Hugh, and thence to Exhibition Grounds. After the parade a grand programme of firemen's sports will be run off. Chief among the events will be a hose reel race and a hook and ladder race for prizes of $175 and $125 respectively. Music will be furnished by the celebrated Band of the 48th Highlanders, of Toronto, and pipers. Admission 25c. and 10c. In the evening, on the Exhibition Grounds, a band concert and display of fireworks will be given. A first-class programme will be rendered by the 48th Highlanders' Band, including band and vocal music, Scotch dancing and bagpipes. Admission to concert 15c. and 10c.

Matrimonial.

A very pleasant affair took place on Wednesday of last week at Comley Bank Farm, 6th con., Trafalgar. Upon the occasion Mrs. Eliza Ford, relict of the late John Ford, was joined in the bonds of wedlock to Christopher Bellwood, Esq., of Oakville. The ceremony was performed by the Rev. Dr. Ross, of Oakville, assisted by the Rev. C. T. Tough, of Hornby. The weather was all that could be desired, which, together with the beautiful foliage and general surroundings of Comely Bank Farm, added to the very pleasing event. About fifty guests were present, most of whom were related to the contracting parties. A sumptuous wedding dinner, which had been prepared with the usual good taste of the hostess, Mrs. James Ford, was heartily enjoyed by all. After this an hour or two was spent in social converse, when all departed to their homes, wishing Mr. and Mrs. Bellwood all the blessings of a long life of married happiness.

Peter Patterson, formerly M.P.P. for West York, died on Sunday night at his home Vaughan Township.

Apple Barrels Plentiful.

The Canadian Horticulturist in its August issue will announce that as a result of careful investigations made throughout the province, it finds there is not likely to be any shortage of apple barrels this season. Last year, it will be remembered, thousands of bushels of apples rotted under the trees owing to the scarcity of apple barrels.

Coopers this year have been able to obtain more supplies and are prepared for the demand. In some sections of the province the apple crop is going to be a little lighter than last year.

Cured of Chronic Diarrhœa After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhœa Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhœa for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by Higginbotham & Field.

San Jose Scale Spreading.

Reports received by The Canadian Horticulturist from township San Jose scale inspectors, an account of which will be published in the August issue of that magazine, show that in some sections of the province the San Jose scale is spreading. In a number of townships growers appear to have given up fighting this pest, with the result that great damage is being done trees. In other sections, where spraying has been energetically carried on, the scale is practically under control. The inspectors report that the lime and sulphur, the crude oil and the caustic soda washes are giving satisfactory results.
