LEIBIG'S FIT CURE

The Canadian Champion

MILTON, Dec., 21, 1905.

English office, 30 Fleet Street, London, E. C., where Messrs. E. and J. Hardy & Co. will receive for us news, subscriptions and advertisements, and where our readers can, free of charge, see our paper when in England.

In view of the fact that local option votes are about to be taken in many municipalities, Canadian fire insurance companies are notifying their agents to give immediate notice of all hotel risks placed by them. Where local option has carried, or where it is about to be submitted to vote, they are reminded that unlicensed hotels, or risks equivalent to hotels, which have no license, are on the prohibited list.

People are already beginning to ask who will be Halton's Warden for 1906. For a number of years it has been the rule to give the preference to members of the county council who have not had the honor. Four are in that position now, Messrs. Warren, Near, Moore and Ford. It is possible that all of these gentlemen will be candidates, but it is reported that at least two of them, Messrs. Warren and Near, are in the field. Mr. Warren claims that his constituency, Georgetown, should have the preference, as it has not had the Wardenship since 1884, when McLeod was elected.

Canada is not the only part of the British Empire which has a race question. There is a bitter jealousy of the unspeakable Scott in England. This is the situation: both the Archbishops are Scotch, so is the Lord Chancellor and the Prime Minister, who ranks before all the peers of the realm. Six Scotchmen are among the most distinguished members of the Cabinet of the new Government and others in the inner circle have Scotch affiliations. Englishmen and English newspapers are protesting against "the preponderance of the alien element in the Campbell-Bannerman cabinet."

The Scots have no doubt gained their eminence on their merits. Jealousy on this ground and the application of the word "alien" to the Scots are not becoming to Englishmen.

Only One of the Many.

Mail and Empire

The charge that there is a thread combine knocks on the head the pretence that combines are produced by the tariff. The thread people accused of combining make their thread across the ocean. Their case proves that there may be combines without protection.

Do Not Want a Bribe.

London, Dec. 19.—Winston Churchill, Under Secretary for the Colonies, speaking last night at Deptford, said he declined to believe that the brave colonials who had helped in the South African war would demand as the price of their loyalty certain paltry preferences on corn, meat and wool, preferences which could only be obtained at the expense of the poorer classes. It was a slander on their loyalty to say so. If the Tory party was returned it would be with Mr. Chamberlain at its head, pledged to tax every article of food, not maize and bacon.

The Only Permanent Cure.

Weekly Sun

The losing of those connected with the plumbers' combine is satisfactory so far as it goes; but the penalty imposed will not prove a permanent cure for the evil. As soon as the present excitement is allayed a fresh combination, in perhaps another form, will arise, and then the fines imposed by Judge Clute upon the plumbers will be charged back upon the plumbers' customers. The only permanent cure for the evil will be found in lowering a tariff which, by keeping out foreign competition, renders combinations for the control of the local market possible. And what is true of the plumbers' combine is true of all other combines.

All Run Down

THIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.

Scott's Emulsion of Cod Liver Oil

is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial: it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls. We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Readhead - Gastle.

A pretty church wedding took place at St. George's Church, Lowville, on Thursday, Dec. 14th, when Margaret, youngest daughter of Geo. Gastle, was united in marriage with Ernest M. Readhead, also of Lowville.

The ancient and beautiful ceremony of the Church of England was solemnized by the Rev. Mr. Wade, in the presence of over one hundred invited guests. The church was decorated with white ribbon and myrtle. The Wedding March was played by Mrs. F. E. Spence, sister of the bride, as the latter was led to the altar by her father. Wm. and Geo. E. Gastle, brothers of the bride, were ushers.

The bride was becomingly attired in white silk, trimmed with all-over lace, rushings and chiffon. The bridal veil was caught with orange blossoms and she carried a bouquet of white roses. She was attended by Miss Lily Dale, who was costumed in cream silk, trimmed with all-over lace and ruchings. She wore a large picture hat and carried a bouquet of cream roses. The bride and bridesmaid also wore pearl brooches, the gifts of the groom.

The groom was ably assisted by Chas. Peer.

The choir sang a very appropriate hymn, and after the ceremony the party and guests retired to Maple Lodge, where congratulations were received and all sat down to a wedding breakfast, after which suitable speeches were made by Rev. Mr. Wade and Rev. Mr. Cookman, Methodist clergyman, Lowville.

The presents were numerous and useful, as well as costly, including a handsome centre-table, the gift of the W. A. and the choir of St. George's Church, of which the bride had been leader for a number of years.

The dining-room was decorated with white ribbons and myrtle, and over the bridal seats were wedding bells.

The bride's going-away costume was seal brown ladies' cloth, with hat to match.

The young couple left for Michigan on an evening train and did not escape an exceptionally large shower of rice. When they return they will live at Lowville, in a new house built during the last summer.

The guests present came from Marlette, Mich., Hamilton, Toronto, Hornby, Carlisle, Guelph, and surrounding country.

Mrs. Mitchell Dead.

It is with sincere regret that we announce the death of that estimable woman, Mrs. M. E. Mitchell, of the Queen's Hotel, which occurred last evening. For several weeks no hope of the lady's recovery had been entertained. Her condition was that of a comparatively painless decline—every day a little weaker. She maintained her serenity of mind and consciousness up to within an hour or so of death, when she lapsed into a comatose condition and passed away in a painless sleep. Mrs. Mitchell was a daughter of the late David Dewar, of Milton. At her death she was in her 41st year, and had been married nineteen years. She came to Brampton about seven years ago. Mrs. Mitchell leaves no children and is survived by her husband, four brothers, John and William, of Milton; Jarvis, Toronto; Robert, Edmonton, Alta.; and by one sister, Miss Nellie Dewar, Brampton. Mrs. Mitchell was a generous, kind-hearted woman and a most capable manager. She was esteemed by her help and the travelling public alike. Her girls seldom left her but to be married, and it was a pathetic scene when she knew the end was inevitable and had them called before her to say good-bye. Mrs. Mitchell's death is a great blow to her relatives and friends and it is most deeply regretted. The funeral will take place on Sunday to the cemetery here. This date was made to enable the brother at Edmonton to be present.—Brampton Banner.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz.: Chamberlain's Cough Remedy. Give it and a quick cure is sure to follow. Mr. M. F. Compton, of Market, Texas, says of it, "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Magistrate's Court.

Herbert Johnston and —— Soubier, of Hamilton, appeared before David Hartley, J.P., on Saturday. They were charged with housebreaking, by forcing the door of the dining-room of the Orange Hall, Hornby. They had rented the main hall, sold quack medicine in it, and given concerts. The forcing of the door was proved, but the prosecution failed to prove who forced it. Chief Constable Bradley found a revolver on one of the men, but it was explained that it was used in the concerts and and always loaded with blank, not ball cartridges. Both men were dismissed.

The case of Amos Deforest, of Nassagaweya, was to have been tried. He was charged with furious driving on Main-st., Milton, on the night of the county fair, in September, running into the rig of Mrs. Curtis, of Lowville, and causing her to be thrown to the ground. The case was settled, Deforest paying Mrs. Curtis $36.00 and also paying the costs.

They Want to Share.

Creditors of Thomas Hillhouse Brown, late manager of the East-end branch of the Bank of Hamilton, at Hamilton, who was several thousand dollars short in his accounts, have started an action against him and the bank to have set aside deeds, transfers, assignments and securities given by him to the bank to partly cover the amount of the shortage. They claim that they are entitled to share with the bank in whatever is realized on Mr. Brown's effects, but that before being sent to penitentiary Mr. Brown was induced to hand over everything that he had to the bank. The creditors are asking for an injunction restraining the bank from selling or otherwise disposing of these effects excepting for the general benefit of all creditors. The proceedings were started by H. G. Taylor, who has a claim for $1,187.

The first election for the new Province of Saskatchewan took place last week. It was at first reported Haultain was in the lead, and it is not even yet definitely known just how the parties stand, although there is no doubt of the fact that the Liberals have won. The World of Tuesday concedes twelve to the Government, claims ten for the opposition, and says three are in doubt. The Globe claims sixteen for the Government, concedes eight to the Opposition, and leaves one in doubt. There are twenty-five seats in all. Both the party leaders were elected, and all the members of the new Cabinet were sustained.

Turmoil continues to prevail throughout Russia. On Saturday, near St. Petersburg, an unsuccessful attempt was made to wreck a train carrying 120,000,000 roubles to pay the interest on Russian loans. Reports from Berlin state that brutalities of the most frightful description have been committed in the Baltic regions. At Liban, Riga and Milau, many officers have been killed and horribly mutilated by the peasants. Germany is sending vessels to remove her subjects who are in danger.

Nelson.

Dec. 19.

Editor Champion:

Dear Sir,—I noticed in your issue of the 7th inst. a communication headed "Statute Labor" and signed "Nelson Farmer." He claims that there has not been $50 expended on the roads between lot 10 and the base line of Nassagaweya in the present year, and that there was $210 collected in that section. That is certainly too high, as the land in that part of the township would not average more than 4½ or 5 days to the 100 acres, which would mean $175. Now there has been $180 expended in that section (not including sideroads or base line) this year, and I have been told by several living there that the mountain road was never in such good order. The commutation by-law was not intended to expend the money just where it was collected, but where most needed, and especially the main roads, which has been done. If the old system was better, why was there no improvement made in the last fifty years, when they had a day's work instead of fifty cents? He complains of his taxes being too high. That is because his property had not been properly assessed until now, as the rate is five mills less on the dollar, the lowest it has been for some years.

—ROBERT SPENCE.

Campbellville.

Municipal affairs are very quiet in Nassagaweya so far. Most of those who were mentioned as likely to run for reeve have retired, and it may go by acclamation to Mr. Grummet. But we will know 'erc long for sure.

The local optionists are meeting with some disappointments and, while little interest is aroused at their sparsely attended meeting, it is a question if they get a majority in favor of it. This subdivision is expected to give a good majority against local option.

We understaud Santa Claus wont reach Campbellville till the night after Xmas; but he will make up for his delay by extra presents for everybody, we hear. He has asked everybody to meet him in the brick church.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

Four Canadians will be candidates for Parliamentary honors in the coming British elections. Hamar Greenwood, Liberal candidate for York city, is trying to capture a Conservative stronghold; Foster Boulton, formerly of Toronto, is Liberal candidate in North Huntingdon; H. F. Wyatt is Unionist candidate for Russcliffe division of Nottinghamshire; and Dr. Parkin Dawson, son of Sir Wm. Dawson, Canada, is Conservative candidate for East Edinburgh.

Sir Frederick Borden, Minister of Militia, at a banquet tendered to him by the Montreal Reform Club announced that he had proposed to the Ministers of Education in the various provinces of Canada that all normal and high school graduates be obliged to take a course in physical culture, particularly as regards the use of the rifle. He had also signified the willingness of the Department of Militia to send men to do the training and supply the rifles. From all the Ministers, irrespective of party, encouraging replies had been received, with promises of cordial co-operation. Sir Frederick hoped that by the next session of Parliament he would have a definite proposal to introduce in the House.

The offering to be devoted to the Union's work in the parish. Xmas services will be held on Sunday, 24th—St. Stephen's, 11 a.m.; St. Paul's, 3 p.m.; St. John's, 7 p.m. Holy Communion at St. Paul's, 9 a.m., also at the 11 and 7 o'clock services.

BARN DESTROYED BY FIRE.—About 9 o'clock on Monday evening the isolated barn on lot 29, con. 4, Esquesing, the lot on which Bannockburn school is situated, was discovered to be on fire. In half an hour the building was destroyed. The barn was owned by Duncan Mann. The contents, a quantity of hay, a binder, hay tedder and other implements, belonged to his brother, A. T. Mann. The contents were insured for $300, but the building was not insured. It is supposed that the origin of the fire was due to the presence of tramps. The building was erected by Thomas and Edward Moore for Hugh Mann more than 50 years ago. It stood as plumb and firm as when built, and was in good condition.—Acton Free Press.

Serious anti-foreign riots have recently taken place in Shanghai, Germans and Americans being the chief sufferers.

A crisis in the affairs of the York County Loan Company was precipitated on Saturday afternoon, when Mr. Justice Teetzel granted an order for liquidation on the assignment of the company, and the National Trust Company was appointed liquidator.

According to the statistics issued by the Department of Education for this Province there is a great falling off in the number of children attending school. The total school population of Ontario in 1904 was 576,837, compared with 577,383 in 1903, a decrease last year of 846. The total Public School attendance last year was 366,814, against 403,161 in 1903, showing a decrease for the year 1904 of 6,347. How are these figures explainable?
