LEIBIG'S FIT CURE

The Canadian Champion

MILTON, Dec., 28, 1905.

English office, 30 Fleet Street, London, E. C., where Messrs. E. and J. Hardy & Co. will receive for us news, subscriptions and advertisements, and where our readers can, free of charge, see our paper when in England.

Hon. Raymond Prefontaine, Canadian Minister of Marine, died suddenly of heart disease at Paris, France, on Sunday evening. He had been at Paris for two weeks. He went there in connection with the proposed establishment of a line of steamers between Marseilles and Canadian ports. Hon. Rudolph Lemieux was with him.

The House of Refuge.

The location of the proposed Halton house of refuge was discussed at municipal nominations on Friday.

In Milton the following resolution was carried unanimously :—

Moved by A. Higginbotham, seconded by Saml. Dice, that we, the ratepayers of the Town of Milton, view with regret the action of the county council regarding the proposed purchase of land and the erection of a building suitable for a house of refuge, for the County of Halton.

We condemn the action for the following reasons :

1st. The proposed purchase of 95 acres of land is far in excess of the land required.

2nd. The price proposed to pay for same is exorbitant.

3rd. The house of refuge, if built, should be located at or adjacent to the other county buildings.

We particularly regret the action of our representative in the county council, Mr. H. P. Moore, in being a party to such an unbusinesslike, extravagant transaction. We, therefore, knowing Mr. Moore to be out of touch with his constituents, and acting contrary to their interests and the interests of the county generally, would ask Mr. Moore to resign his seat in the county council as representative of this electoral division and allow the electors to decide the question at the polls. Also that a copy of this resolution be forwarded to Mr. Moore.

A similar resolution was carried in Trafalgar, as follows :

Moved by D. Featherstone, seconded by W. T. Brown, that, whereas it appears by resolutions that have been submitted by certain members of the council of the County of Halton, locating a farm at the Village of Georgetown for the purpose of erecting thereon a house of refuge for this county, and whereas said project is very much disapproved of by the ratepayers of this municipality ;

And whereas the aged poor of this county have in the past been well cared for, it is the opinion of this meeting that an institution of the kind is quite unnecessary at the present time.

And whereas the location at Georgetown will be very inconvenient and very unsatisfactory to a large majority of the people of this county, who believe that if an institution of the kind is to be erected it should by all means be located at the county town, along with the other county buildings, as said location is central and in accord with the views of a very large majority of the electors of this municipality.

Be it therefore resolved that any representative of this district who refuses to carry out the views of the people, as expressed in this resolution, be and is hereby hereby requested to at once tender his resignation. Carried.

At the Espesing nomination ex-Warden Jno. Wright-worth and Richard Graham spoke in opposition to the house of refuge proposition and County Councillors Warren and Near defended their action in the matter.

In Nassagaweya there was a discussion. There was opposition. County Councillor Moore was present and defended his position. No condemnatory resolution was passed.

There was also a discussion in Nelson, but the Champion has not received particulars.

SEED TIME

The experienced farmer has learned that some grains require far different soil than others; some crops need different handling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. No use of complaining in summer about a mistake made in the spring. Decide before the seed is planted.

The best time to remedy wasting conditions in the human body is before the evil is too deep rooted. At the first evidence of loss of flesh

Scott's Emulsion

should be taken immediately. There is nothing that will repair wasted tissue more quickly or replace lost flesh more abundantly than Scott's Emulsion. It nourishes and builds up the body when ordinary foods absolutely fail.

We'll send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE CHEMISTS Toronto, Ont.

50c. and $1; all druggists.

Municipal Elections.

Municipal nominations were held on Friday.

Those for Milton were : Mayor—A. Higginbotham, acclamation. Councillors—John W. Bews, A. G. H. Luxton, Samuel Dice, John Somerville, Lewis Smith and Alf. J. Waldie, all of whom have qualified. The following were also nominated, but did not qualify and will not be candidates : Richard Burling, R. J. Campbell, J. W. Elliott, G. A. Hemstreet, John Irving and Chas. J. Lewis.

School Trustees.—David Robertson, M.D., J. M. Basfedo and Adam McKay, all re-elected by acclamation.

BURLINGTON.

Reeve—Geoge Allan, O. C. Draper. Councillors—W. T. Glover, Jos. Acland, A. B. Cline, Geo. Blair, W. Wiggins, F. C. Young, M. C. Smith, W. Little.

ACTON.

Reeve—Geo. Hynds, H. Swackhammer, J. Francis. Councillors—John M. Warren, James Lackey, Alex. Secord, C. R. McIntosh, Geo. Campbell, Thos. Gray, M.D.

TRAFALGAR.

Reeve—Dr. Buck. Councillors—W. Featherstone, H. Inglehart, Jas. Walbrook, Jas. F. Ford. All by acclamation.

NASSAGAWEYA.

Reeve—Geo. Grumett, Joseph Little. Councillors—James A. Watson, J. R. Nickell, Peter Campbell, Thos. Richardson, Wm. Fraser.

NELSON.

Reeve—A. D. Alton. Councillors—Geo. Erwin, R. C. Fowler, A. C. Griffin, D. Sinclair, —Tuck, S. Nixon, John Foster, Geo. Greenlees, Ed. Thomas.

ESQUESING.

Reeve—John McGibbon. Councillors—John Bingham, Thos. Snow, Thos. Cook, Wm. Thompson.

GEORGETOWN.

Reeve—J. A. Willoughby and A. B. Bradley. Councillors—J. M. Moore, J. A. Bell, F. J. Barber, John Williams. School trustees—John W. Cole, J. N. O'Neil, John Mason.

OAKVILLE.—The Champion is informed that W. H. Robinson, John Kelly and Geo. Hillmer were nominated for mayor and T. A Reynolds, T. T. Harris, A. S. Forster, James McDermott and several others for councillors, that the amendment to the Municipal Act making the failure of a candidate to qualify equivalent to a resignation was not generally understood, that Mr. Kelly was elected mayor and the above named gentlemen councillors by acclamation, the others having failed to qualify. Though there is a quorum, another election will be necessary to fill the seats which are vacant.

A Complaint From Nelson.

Nelson, Dec 23rd.

Editor Champion:

Dear Sir,—Notwithstanding the increased taxes collected from the ratepayers, the balance on hand is about $130 less than it was in 1903. John, has the money gone? What have we to show for it?

Trees on roadside were sold for $35 and produced about 20,000 feet of lumber and enough wood to pay for labor and expenses. No estimate of number of trees or their value was made before selling them. Such a fine display of judgment!

The appointment of the clerk was practically made a year ago, some of the candidates at that time pledging themselves. How can they ask the ratepayers to again place confidence in them?

All the applications were legal, but it suited the purpose of the council to declare them otherwise.

It may be legal, but not customary or in good taste, for an expiring council to make appointments for the new council. Mr. Griffin could not put himself in line to vote on the question.

To pay $250 for work which could be got done by a competent person for $120 is about what may be expected in a township run by a "family compact."

A councillor who promises to support two applicants finds it necessary to do some "queer work."

A lot of our statute labor is done in the short days, when commissioners have not much to do at home, to detriment of the roads and waste of the people's money—full price for short days.

The councillors are the ones the people should look after.

Promises were made to the ratepayers which were not carried out.

Things are getting no better fast. Give us a change of government.

Two bridges were put up, back at Kilbride. It was thought wise not to give the cost of them. One cost about $250 a year ago.

Pay no attention to roorbacks or miserable yarns. Go to the polls and vote for a new council.

The clerk and the treasurer in Flamboro' get salaries about equal to the clerk's salary here.

—A RATEPAYER.

Statute Labor.

Nelson, Dec. 27.

Editor Champion:

I noticed in Mr. Speuce's article last week four or five statements which hardly stand close inspection. He says our rate for statute labor if 4½ or 5 days per 100 acres. Mine is at the rate of 8 days per 100 acres—that would mean $250 collected from lots 20 to 15 of new survey. Who knows best, the farmers who pay the taxes, or someone guessing what they pay?

He further asks, "Why were no improvements made in the last 50 years?" That is an injustice to the old men who downed the trees, cleared the roads removed rocks, built bridges and culverts, and graded and made most of the roads.

He mentions the mountain road being good. Why, there are four or five mountain roads under his care; which one does he mean? Not the Hunter mountain, or base-line mountain road, which has been carried to the county council?

But he caps the climax when he states over his signature that our tax rate is 5 mills on the dollar less. That would mean every farmer assessed for from 6 to 8 thousand would have $30 to $40 less taxes to pay. Again, who knows best? My assessment was raised 16 per cent., but my total tax is raised nearly 22 per cent and the statute labor tax over 33 per cent.

The system is not so bad that it requires such remarkable statements as the above.

"Peninsular Baseburners"

Keep Homes Warm.

Next to "Hecla" Furnaces, Peninsular Baseburners are the best heaters in Canada.

Because, between the magazine section and the portable jacket, is a constant circulation of pure, dry, heated air, which comes out into the room through an opening in the top of the stove.

By attaching a pipe, an upstairs room may be heated at the same time as the room in which the stove is placed.

Let us show you the latest models—and the details of construction. "Peninsular Baseburners" are full of interest to prospective stove buyers.

Local Agent:

E. F. EARL

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, adding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

Fatal Accident at Fisher's Corners.

Hamilton, Dec. 26.—While William Smith, about 70 years of age, a butcher, who has sold calves, etc., in Toronto for years, was driving from this city to his home, not far from Burlington, Saturday evening, his team went over the bank at the culvert at Fisher's Corners. His four-year-old grandson, Herbert Smith, was drowned in the culvert. Smith was found about 8 o'clock with his chest crushed in, one of the horses having kicked him. One horse was killed. Smith was still living to-day, but his recovery was regarded as hopeless. His daughter, mother of the boy Herbert, committed suicide about three months ago. It is said Smith has a wife and family in England.

Faith

You cannot be expected to have faith in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Colds, Coughs and all diseases of the air passages, if you have not tried it. We have faith in it, and to convince you that it will cure you we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it to-day.

Shiloh

has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cold, Cough, Throat or Lung trouble. If we did not believe this we would not guarantee it absolutely as we do. Shiloh has had an unbroken record of success for thirty years. It has stood every possible test without failure. Isn't that proof of its curative properties. Further

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archie Taylor, Asaph, Pa., writes:—

"I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have two children and they had a terrible cough. I gave them everything I could think of, but they got no better until one evening my husband bought a bottle of Shiloh. We gave it to the children when they went to bed, and they slept all night. It cured them completely. I shall always keep it in the house." 602

Farmers' Institute Meetings.

It is gratifying to know of the increased enthusiasm among Farmers' Institute officers and directors throughout the province. They evidently put forth every effort to make the meetings in the latter part of November and throughout December a success, and their efforts resulted in largely increased attendance and enthusiastic discussions. Reports from all along the line indicate that the series of meetings just closed, have been more successful than at any other time during the past few years, some of the oldest men in the work stating that "they were the best meetings I ever attended."

A special appeal was made to the officers, and they have responded like men. It is to be hoped that they will continue the good work throughout the series of meetings to be held in January and February.

The work to be undertaken at the meetings this winter will consist, as in past years, of addresses and discussions on what are called by some, "Threadbare subjects." We are thoroughly convinced, however, that there is nothing of more vital importance to the average farmer, than the general cultivation of the soil, the selection of seed grain, the prevention of the introduction and eradication of weeds, the necessity for having a definite object in the breeding of the various classes of live stock, the feeding of stock at the lowest possible cost in keeping, etc. All these and many other subjects will receive due prominence at the meetings this winter; and the greatest good will result only when those in attendance go prepared to take an active part in the discussions.

Each department will be furnished with mounted specimens of 30 noxious weeds. These will be exhibited at the places of meeting before and after the addresses are delivered and will be of interest not only to farmers, but to their wives and children. Small pamphlets, setting forth methods of eradication will be distributed to those who show an interest in the subject of weeds.

It is to be hoped that the farmers will not neglect to adopt some means by which their sons will become interested in the work of the Institute. Take the boys to the meetings with you and induce them to study the literature sent out by the Department.

DEATH OF MRS. HILLIS.—Mrs. Hillis, wife of H. Hillis, died the residence of her son-in-law, David Black, hotelkeeper, Campbellville, at the age of 65 years. The deceased was well known in the city. She has been suffering for the past four years with paralysis, and was practically helpless and speechless. She leaves seven of a family, five sons and two daughters. The sons are James, William, Edward, Joseph and Henry, and two daughters, Mrs. Black, Campbellville, and Mrs. Delaney, London.—Guelph Mercury.
