LEIBIG'S FIT CURE

The Canadian Champion

MILTON, Mar. 29, 1906.

A Toronto grand jury has said in its presentment that the small salaries paid to young men who handle large amounts of money lead to crime. Possibly so, but men who receive large salaries sometimes steal. More depends on the man's honesty than on the amount of his salary.

There are times when a man's head-gear counts for more than a good character. Prince Arthur of Connaught, who arrived at Victoria, B.C., is to be given a reception at Vancouver on Saturday. Men who take official part in it must wear silk hats and Prince Albert coats. Several aldermen baulk at the "plug" and will not figure in the function.

In the Legislature on Friday Mr. Crawford moved the second reading of his bill to incorporate the Graduate Nurses' Association. He explained that he did not intend to give the nurses a monopoly, but a status which was required for their protection.

Several members objected. Dr. Nixon, of Hepworth, said that there were few people in this county who could afford to pay $21 a week for nursing, and to this extent the bill would impose a hardship on country people. He also objected to clause 25, which, he said, would debar the graduates of the many small hospitals throughout the Province from following up their profession.

Mr. Smith, of Sault Ste. Marie, said that in New Ontario the nurses in nearly all the hospitals were nuns. The Act, if passed, would stop their good work. It should not be stopped.

The bill was referred to a special committee.

Judges and Their Work.

Mr. Lennox of South Simcoe has a bill before the House of Commons, the object of which is to prohibit judges from serving on private arbitrations. Many judges have acted as private arbitrators between parties in the past, and received large fees therefor, to the neglect to their public duties. In many cases judges have served as arbitrators for railways and other corporations, and have, of course, received their pay from such corporations—a thing that was not calculated to increase public confidence in the bench. The object of the Lennox bill is to prohibit fees to county judges to give their whole time to the public service for which the public pays them. The member for South Simcoe also has a motion for a return showing the name of all judges, the population of the district served by each, the number of cases tried by each since January, 1901, and the number of days each judge has spent in other than judicial duties. This return, when brought down, will prove an eyeopener to the people as to how little some judges do in return for the liberal salaries received.

Champion Liniment for Rheumatism.

Chas. Lesko, a manufacturer at Chemville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from the painful effects of rheumatism when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

The Toronto city council agreed to the compromise on the hospital question, so that patients paying $7.00 per week may have their own doctors.

On Saturday Edwin St. George Banwell, the defaulting Crown Bank teller, was sentenced to four years in penitentiary. His wife pleaded guilty to receiving stolen property, and was allowed to go on suspended sentence.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Mr. Ford moved, seconded by Mr. Near, that the second report on printing be adopted.—Carried.

Mr. Smith presented and read the fourth report of the standing committee on finance.

Mr. Smith moved, seconded by Mr. McGibbon, that the fourth report of the standing committee on finance, just read, be adopted.—Carried.

Mr. Near moved, seconded by Mr. Ford, that the council go into committee of the whole on second reading of by-law appointing county valuators, with the Warden in the chair.

The council went into Committee of the whole.

The Warden in the chair.

The council resumed.

Mr. Near moved, seconded by Mr. McGibbon, that the by-law appointing valuators to equalize the assessment of the County of Halton be now read a second and third time and passed, and that the blanks in the by-law be filled with the names of J. Benton, Peel, and Mr. Lighthart, ex-Warden of Peel County.—Lost.

Mr. Moore moved, seconded by Mr. Wilson, that the committee on road-making machinery be requested to arrange a test of stone crushers and rollers in Milton at a convenient date, and that the various manufacturers interested be invited to participate in such test, and that this council hereby agree to the purchase of the machinery which proves the most satisfactory.—Carried.

Mr. Cook moved, seconded by Mr. Near, that the sum of $14.27 be paid to Mr John Evans for repairs to paper mill bridge; also $9 to John Bingham for twelve loads of stone for filling in abutments of said bridge.—Carried.

Mr. McGibbon moved, seconded by Mr. Moore, that the committee on road machinery arrange for a test of road crushers and road rollers on the 3rd of May next and that the prices must be submitted to the committee by the 10th day of April.—Carried.

Mr. Moore moved, seconded by Mr. McGibbon, that Councillors Wilson and Near be added to the committee on road-making machinery.—Carried.

Mr. Moore moved, seconded by Mr. Wilson that this council adjourn, to meet at the call of the Warden.—Carried.

The council adjourned.

Mount Nemo.

March 21.

J. G. Wilson's sale of farm stock and implements was well attended and good prices were realized. George Andrew, of Milton, was the auctioneer.

On Thursday evening Mr. and Mrs. Wilson's neighbors assembled at his residence to spend an evening with them before they left the neighborhood. During the early part of the evening progressive games were conducted, in which Miss Maggie Millar and Herbert Davidson were the successful contestants. After the games, the following programme was rendered:—Speech, J. Shepherd; song, J. T. Watson; speech, Enoch Gunby; trio, Shepherd family; reading, Miss E. L. King; solo, Miss Maggie Wilson; speech, G. H. Hardsoe; song, J. T. Watson; recitation, Miss Tilly Campbell; solo, Miss Wilson; speech, A. E. Freeman; (lunch); trio, Shepherd family; tableau, chairman, Charles Millar, Pearl Gunby and the Wilson family. After those taking part in the tableaux had been arranged in place, the chairman requested Charles Millar to read an address, and, as he did so, the chairman, Robert Spence, presented Mr. Wilson with a gold watch. Miss Pearl Gunby also presented Mrs. Wilson with a gold necklet and Miss Carissie Wilson with a handsome hand mirror. The following is the address:

To Mr. and Mrs. J. G. Wilson.

Dear Neighbors—While we are having the pleasure of this last evening's enjoyment with you before you remove from among us, we wish to take this opportunity of presenting to each of you a token by which we hope to be remembered by you and by which you will know that we have appreciated your neighborliness while among us. Life means strange problems to us, especially to those who live in earnest. The secret of living successfully is that of getting honorable things in their proper proportion in our lives. As a neighbor, a person is obliged to assume the responsibility of a two-fold duty—his duty to himself and his duty to his neighbor. It is with much pleasure that we gather here to-night to bear testimony of your genuine neighborliness while among us. We feel that you have acquitted yourself in a manner that was pleasing to us and creditable to yourselves. As a tangible expression of our appreciation of the pleasure and helpfulness of your lives among us, we ask you to accept these as tokens of the same, trusting that as the hands of the watch point out the time of day, so may memory point out to you the neighbors from whom you are now separating. Also, with these small presents, we desire to extend to you and your daughter our best wishes for your future welfare. And we hope that the mutual good will which has existed between you and us for the last fourteen or fifteen years will remain as firm as the mountain upon which you have lived.

Signed on behalf of the neighbors.

Robert Spence,
John Millar,
Joseph Watson.

It was evident from Mr. Wilson's reply that he had been taken by surprise, but it was fitting to the occasion.

Thomas Betelle added to the enjoyment of the evening by several selections on the gramaphone.

The gathering broke up by those assembled singing "Auld Lang Syne" and the National Antem.

Mr. Wilson intends to take a trip to British Columbia shortly. During his absence, Mrs. and Miss Wilson will make Georgetown their home.

Watson Hamilton is moving to the J. G. Wilson farm this week, and F. E. Spence is moving to the Shireman farm, recently occupied by Mr. Watson.

W. Featherstone is in the vicinity cutting wood with the circular saw. He has quite a train when moving.

Vernon Thomas, who has been in Toronto, returned home last week.

Silver Wedding.

"Sunnyside," the beautiful home of Mr. and Mrs. Robert Stewart, Postmaster, was the scene of a notable event on Thursday evening, March 22nd, the occasion being the celebration of the silver wedding of Mr. and Mrs. Stewart. The guests numbered fifty, among them being Mr. Robert Stewart, of Hamilton, the groomsman, also a number of Mr. Stewart's old associates in Esquesing township council, and not a few who were present at the wedding twenty-five years ago. Toronto, Hamilton, Milton, Georgetown, Trafalgar and Esquesing each sent its quota, and a most delightful evening was spent in songs and games. At eleven o'clock the guests sat down to an elaborate supper, served by Harry Webb, of Toronto. After this had been thoroughly discussed and enjoyed, the most pleasant hour of the evening was spent in listening to speeches of a congratulatory and reminiscent character. At 3 a.m. a most enjoyable evening was brought to a close by singing "Auld Lang Syne," all hoping that Mr. and Mrs. Stewart may live to celebrate their golden wedding, and may we all be there again. There were many presents, beautiful and costly.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The great success of this preparation in the relief and cure of bowel complaints has brought it into almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale by all druggists.

DROWNED.—On Tuesday Charles Reddy and Joseph Hutchinson were at work on Sykes's dam, on the Credit River at Glenwilliams. They were standing on a piece of ice, which gave way, and both were carried away by the swift current. Mr. Hutchinson got into shallow water and got out, but Mr. Reddy was in deeper water, was struck in the back by a large piece of ice, became helpless and was drowned. His body was carried down the river and, so far, has not been recovered. He left a widow, a father, brothers and sisters.

SUDDEN DEATH.—Wm. Simpson, of Kilbride, laborer, died suddenly on Saturday. He was taken ill with pneumonia on Friday night. Dr. Jones was called and did all he could for the patient, but the unfortunate man died in convulsions on Saturday. The deceased was 39 years of age and leaves a widow and three children. The funeral took place on Sunday. Mr. Simpson was well known in Milton. He worked with the bricklayers last year at the building of James Houston's dwelling and stable corner Main and Brown Sts. Though he is reported to have died of pneumonia some of his symptoms are said to have been peculiar and his death unusually soon after he was attacked. There is talk of an inquest.

GRACE CHURCH.—The Ven. Archdeacon Clark, Sec.-treas. of the Synod of Niagara, visited Milton on Thursday and Friday of last week and, in company with the wardens of Grace Church, canvassed the members in the interest of the funds of the parish. His work brought most encouraging results, the subscription list for the weekly envelopes was more than doubled and promises received which will increase the annual revenue by more than $300. A committee will carry on the work. The parish has begun a new era of progress.

The Rev. Arthur Lea was unable to come on Monday evening last on account of sickness. His lecture had to be postponed. A new date will be announced in a day or two. The tickets sold are good. The Rev. S. G. Wade will preach on Friday evening, at 7.30.

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

The Globe Won.

At Cobourg assizes yesterday a verdict for defendant, with costs, was given in the action of Robert Coyle, sr., against the Toronto Globe for damages for an alleged libel. The action arose out of the publication by the Globe of a report from the fruit branch of the Department of Agriculture that plaintiff had been been detected in a violation of the fruit marks act in shipping a large quantity of inferior apples which were marked No. 1. The Globe's defence was justification.

A party of farmers who emigrated to Australia from Canada are returning. Land is too high priced and too heavily timbered. They also find the Canadian winter preferable to the Australian summer.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago, during a political campaign, I caught cold after being overheated, which irritated my throat, and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

The floral department of the Canadian Pacific Railway is making its ninth annual distribution of flower seeds. The aim of this branch of the railway service is to aid in making each station on the line a bed of blooms during the summer months. The number of packages distributed this summer to each of the numerous stations on the road is twenty-one, the star seeds being centuares imperialis, dianthus, everlastings, the chrysanthemum-flowered sunflower, and gorgeous poppies. The address of the chief of the department, N. S. Dunlop, to his numerous gardeners must inspire them to their best efforts.
