The county council of Wentworth bought a Brantford road roller last year and, according to reports, will send it back to the manufacturers, not being satisfied with it.

VESTRY MEETING.—The annual vestry meeting of Grace Church opened on Monday evening, but was adjourned until next Monday evening as the reports were not all ready.

MAPLE SYRUP.—Just arrived from the woods. Guaranteed to be absolutely pure; $1.20 gal., 30c. quart. Bastedo & Co.

John L Reid, the well known horseman, of Derry West, has sold his well known carriage stallion, General Buller, to W. H. Shepardson, of Walter's Falls, near Owen Sound.

A dozen Milton young people accompanied by Mrs. E. J. Wilson, as chaperone, and Mr. Wilson, attended an assembly at Georgetown on Tuesday evening. They report it to have been a great success.

News came to Milton last Monday of the death of one of the McMurchy twin brothers, of Acton, who attended the Model School here during its last term. The brothers made many friends during their stay in Milton.

FOR SALE.—High-class carriage brood-mare, eleven years, 1200 lbs., due to foal in May, a splendid worker. —J. E. WICKSON, Bronte P. O. 3t

BROKE HIS ARM.—While pruning an apple tree on Monday, on his fruit farm at Burlington, Harry Rowsome fell to the ground, striking on one of his elbows, and shattering the bones badly. Dr. Speers found so many bones broken that he advised Mr. Rowsome to be taken to St. Joseph's Hospital, Hamilton, where he now is, doing as well as can be expected.

DISBANDED.—The Milton Rifle Association has been disbanded by the militia authorities, too many of it members having failed to put in their practice last year. They object to walking four miles for each practice, two to the range and two back. An order has been received for the return of the rifles and unused ammunition to the keeper of militia stores at Toronto.

LOOK HERE.—For the balance of this week only we will sell our regular $2 50 boilers at $2 00. These boilers are made up in extra heavy tin with best of copper bottoms. Try one, you will be pleased.—J. Willmott.

ROAD MACHINE COMPETITION.—The town council will supply the stone for road machine competition, which will be held in Milton on May 3rd, under the auspices of the county council, and has the selection of the street on which the road-making will be done. It has selected that part of Bronte St between Main St. and the G.T.R. station.

Rev. Canon Mackenzie entered his 90th year yesterday, and Robert Darrah will enter his 82nd to-morrow. Canon Mackenzie has requested the Champion to explain that his sight has become so impaired that he is unable to read any part of the services in church, and that his friends need not be surprised if he should pass them on the street without recognizing or greeting them as formerly.

ALIMONY SUIT.—The suit for alimony brought by Mrs. Dobson, of Bronte, against her husband, from whom she separated some time ago, was settled before the Assizes by an agreement between the parties to a reference to Judge Gorham, local Master, to fix the amount to be paid to the plaintiff. It came before Judge Gorham yesterday afternoon and was adjourned. Counsel for the parties were: Mr. Cleaver, of Burlington, for plaintiff, and Mr. O'Heir, of Hamilton, for defendant.

LOST.—A Wire Fence Stretcher and 2 Jack Screws. Will the party or parties who have them please return at once to Storey's Hardware.

FISH AND GAME PROTECTIVE ASSOC'N.—Steps are being taken for the organization of a branch of the Ontario Fish and Game Protective Association in Acton. The objects of the association are very commendible and include the protection of the fish and game in all our lakes, rivers, streams and forests, and to cultivate more friendly relations afield among sportsmen and the residents of the districts where sport exists. A meeting of all interested is likely to be held here by one of the provincial officers shortly.—Free Press.

NO ACCOMMODATION.—The Nassagaweya local option by-law will go into effect on May 1st. The only hotel is that at Campbellville, a village in which a good deal of business is done and in which accommodation for travellers is very necessary. Landlord Black, of the hotel, says that he has no intention of conducting a "temperance" hotel and that when his license expires he will shut up his house and stables. It was reported some time ago that a syndicate of supporters of the by-law would buy or lease the hotel and keep it open for the benefit of the travelling public. They have not made any such arrangement, nor has any other arrangement been made for hotel accommodation. If nothing is done in that way the trade of the village is likely to suffer.

JAPAN.—Limelight views and lecture by Rev. Arthur Lee, M.A., in Grace Church School-room this (Thursday) evening, at 8 o'clock. Admission 15c.

Lieut. McNair succeeds the late Captain Galloway in the command of No. 5 Co., 20th Regt., Burlington, with Lieuts. Peppiatt and Walker as subalterns.

Robert A. Grant, barrister, of Toronto, died on Monday evening after a months' illness. He was in his 40th year, was a son of Rev. Dr. and Mrs. Grant, now of Orillia, and a brother of Geo. D. Grant, M. P. He was born at Waterdown. He was an active Liberal and was well known in this county, having worked here in several election campaigns.

SUICIDE.—Mrs. Frank Ruston, wife of a farmer living five miles from Brampton, committed suicide on Sunday by blowing the top off her head with a shotgun. She was suffering from temporary insanity, caused by illness. She had been watched. She shot herself while her husband was getting his team ready to take her to Brampton to consult a physician.

HORSEMEN, order your route bills for the coming season at the Champion Office, where you will find a great variety of cuts.

INSANE.—James Springstein, aged between 50 and 60, was brought to jail on Saturday from his home in Nassagaweya on the base line, about 2 milas from Milton. He had a stroke some time ago. His mind has been affected ever since and he has become violent. He had been running about for some days, bareheaded and barefooted. He is very noisy in the jail. He will be taken to the asylum as soon as the necessary arrangements can be made. He is a decent, hard-working man, and there is a great deal of sympathy for him and his wife.

BOWLING.—The Free Press reports the annual meeting of Acton's bowling club and election of officers. Mr. Storey kindly allows the use of his bowling green. Milton may have a meeting soon to organize a bowling club in connection with the Men's Club. Negotiations have been in progress with the town council for the sodding and use of land east of the power house, but it is not likely that the terms offered by the council will be accepted. They involve a heavy outlay. No doubt arrangements can be made for a green in another part of the town.

The Brampton Baseball League has been organized for the season, with the following officers:—Hon. Presidents, John Smith, M.P.P., Richard Blain, M. P., M. Copeland, Mr. Chatterson; President, J. H. Moore; First Vice-President, M. G. Chantler; Second Vice-President, G. L. Williams; Secretary-Treasurer, H. E. Roberts; Umpires, Thos. Fletcher and L. Suggitt. There are six teams in the league—Etobicoke, town team, Canada Shoe Co., Williams Shoe Co., Copeland-Chatterson Press Room, Copeland-Chatterson Master Mechanics.

What is a "Poster Show?" It is an exhibition of Fancy Advertising. It is a Sale of Goods. Everything new and fresh from the manufacturers, and at right prices. Nothing second-hand or useless. Watch for details.

The Woman's Institute will hold their next meeting at Mrs. Featherstone's, Victoria-st., on Wednesday next, April 25th, at 3 o'clock. There will be a good programme, the principal feature being an address by Mrs. T. Coo, Limehouse, subject, "The celebration of the Bastille," as she saw it in Paris on July 14th. Mrs. Coo has given this address several times and it has been thoroughly enjoyed. Good music will be provided as usual, and there will be an admission fee of 5c. to aid in paying expenses. All the ladies are cordially invited. Let there be a large turn out.

S. CONWAY'S DEPARTURE.—A great many of the friends of Stephen Conway, went to the C. P. R station on Saturday evening to see him off for Toronto, from which city he and his younger son, Harold, left yesterday for their new home at Vancouver, B. C. Mr. Conway's family has been for many years of one of the most respected and popular in Milton and will be greatly missed. Mr. Conway is missed particularly in the Champion office. He had been foreman for more than a quarter of a century, and was very popular with the patrons of the office. He is a first-class printer and trustworthy in every way.

PROPOSED SIDING.—Last week Mr. McAll, of Allaudale, resident engineer of the Grand Trunk Ry, surveyed a line for a proposed siding, starting from a short distance south of the G.T.R. water tank, running across to the Anderson farm and paralleling the C.P.R to the works of the Milton Pressed Brick Co. It is practically certain that the siding will be built and extended to the works of the Toronto Pressed Brick & Terra Cotta Co. It will be a great convenience and will save the heavy expenses in connection with the transhipment of bricks sent to G.T.R. points. It is possible that the line will be further extended to a gravel pit near Campbellville, if the gravel is found satisfactory.

TAX NOTICE.—The collector has been notified to collect all arrears in taxes at once, and make his return to the council at its next meeting. All those in arrears are requested to pay up promptly.

W. C. Matheson, C. E., came to town on Monday. He has been working all winter laying out work in the wilds on the James Bay Railway, latterly on an extension running 30 miles north of Sudbury to Moose Mountain, where there is a bed of magnetic iron, said to be the richest in America. He walked out from Moose Mountain last week on snow shoes. The snow was two feet deep at the start, but there was little, if any, at Sudbury. On Saturday he will leave for South River where he will go on the engineering staff of a railway which will run from Ottawa to Sudbury and will be constructed east and west from South River. It, as well as the James Bay line, is owned by Mackenzie & Mann.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

The public generally (and Mayors, Reeves and Councillors in particular) are invited to attend a competition by manufacturers of Road-Making Machinery at Milton, on Thursday, May 3rd. It is the intention of the County Council to purchase a stone crusher or a road roller, or both, and this competition has been arranged with that in view.

The Easter services at Grace Church are numbered with the brightest and best in the church's history. The choir numbered 30 voices, and at both services the music was specially fine. They did not hear of the young man's death until the news came to them in a letter from England. Before leaving town they bought a half lot in Evergreen Cemetery and had the young man's remains removed to it from the "Stranger's Corner" in which they had been buried.
