The Acton Free Press has issued a special Christmas number. The illustrations are very fine, the reading matter is seasonable and the advertisements display the great variety of modern type with which line the Free Press office is equipped.

There is a great deal in writing an attractive advertisement. Do you give your advertisement your best attention? If you expect to do a large business on the fact that you know so many people, you will get left. The ones you don't know are in the great majority. How are you to reach them in the most favorable manner at the least expense? By placing an attractive advertisement in the newspaper.

Catarrh of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy, Snow White healing balm, soothes the throat and nostrils, and quickly purifies a foul or feverish breath. Call and investigate. Red Cross Drug Store.

CHURCHES ROBBED.—On Tuesday evening of this week the caretaker of Christ Church had a somewhat unpleasant experience. He left the church at six o'clock and on returning at seven to light the fire for the meeting of the Y. P. A. discovered everything in the building to be upside down. Endeavoring to strike a light, he found that the primary room in the basement was occupied by two men, who had lighted the coal oil heater and made themselves comfortable for the night. Mr. Burt summoned help, locking the doors behind him, but during his absence the visitors beat a retreat through the windows. Upon investigation it was discovered that the intruders had drunk the communion wine and turned everything they could lay hands on upside down. St. Paul's church was broken into the same night and several dollars taken from the children's mite boxes. Gorden Thompson had stationed his horse in Grace church sheds, and going for it to return home, found that it had disappeared. It was brought back to Brampton on Wednesday morning by Mr. Cardinell, who found it on the road. The animal had been severely driven and was almost exhausted. Several parcels and a shawl were missing from the wagon. The horse had found its way back to where Mr. Cardinell found it, the thieves evidently having borrowed the animal to leave the town, and abandoned it on the road. No trace of them has been discovered.—Brampton Conservator.

As the season has opened so early, ticket holders will get plenty of sport for their money.

The Women's Institute will meet at the home of Mrs. (Dr.) Robertson on Wednesday, Dec. 19th, at 3 p. m. An excellent program has been prepared. Reports will be given by delegates attending the large convention which is being held in Guelph this week. Several receipes will be given. There's no place just as good as at Higginbotham's to get your dolls. From 1c. up. All extra low prices. Sleepers, talkers, dressed and undressed, kid, rubber, etc. Come and see them.

FIRE ALARM.—On Monday afternoon the soot took fire in one of the chimneys of the frame dwelling opposite Grace Church, owned by Thos. Henderson, of Quebec, and occupied by Mrs. Kelly. Smoke came out through the roof, and it was supposed that there was fire under it. The brigade turned out, and the hose was attached to a hydrant, but before turning on the water, Chief Earl thought it well to make an examination. It was found that there was no fire except in the chimney, which was cracked, and from which smoke escaped under the roof. The soot was allowed to burn out.

PROVINCIAL WINTER FAIR.—The entries for this fair, now being held at Guelph, outnumber those of any previous year by over 600, and the quality of the stock exhibited was never better. The fair has reached such large proportions that there is not sufficient accommodation for it. More buildings are needed and will, no doubt, be erected. The Milton exhibitors of poultry have been, as usual, very successful. A. McDougall & Son got 11 prizes, and many went to F. Wales and Jas. Morley, but we are not able to give the exact figures.

MUNICIPAL ELECTIONS.—The committee appointed at the public meeting last week met on Thursday and appointed sub-committees to wait upon men who were considered desirable for next year's town council. They have done so, and another meeting will be held this evening to receive their reports. It is understood that the canvass has been fairly successful. For the reeveship, at least, there is no scarcity of candidates. Several well qualified men are willing to take the position, but whether there will be a contest or not is not known at present.

To have beautiful, perfect, pink, velvet-like lips, apply at bedtime a light coating of Dr. Shoop's Green Salve. Then, next morning, notice carefully the effect. Get a free trial box at our store and be convinced. Large Glass Jars, 25 cts.

BAND CONCERT.—The concert on Tuesday night, in aid of the band, was a great success. The chief interest centered in the appearance of George Fox, violinist, who played here after a long absence. His playing on this occasion fully demonstrated the fact that he may justly lay claim to be considered one of the very first among violinists of the brilliant French school on this continent. His principal numbers were Sarasate's "Gipsy Dances," "the familiar "Legende" (Wieniawski) and a "Canzonetta" and "Serenade," both of which latter were new to the audience. His tone, while most astonishingly full, was at the same time true, smooth and entirely free from harshness. His powers of execution were such that he easily surmounted all the difficulties of his programme. His faultless intonation and double stopping, even in the most rapid passages, stamped his playing as being of the first rank. He played as encores his own arrangements of familiar Irish and Scotch airs, which showed his powers of expression, and the fact that he is possessed of a warm temperament. It is needless to say that he was recalled after each appearance, and was most generous in responding. Should he appear here again he would no doubt be met with a crowded house. The artists assisting were Miss Grace Armstrong, soprano, of Toronto, who made her first appearance here, and R. A. Elliott, baritone. Mr. Elliott is an old established favorite, and was in good voice. His principal numbers were "The Hungarian Love Song" (Reckel) and "The Gay Hussar." Miss Armstrong has a bright soprano voice of most agreeable quality, of fair range and power, with exception al carrying quality, and for so young a singer showed most careful cultivation. Her principal numbers were the familiar Gounod "Serenade" and "Kathleen Mavourneen." Her selection was perhaps not so judicious as a more experienced singer would have made. These two numbers are generally associated with singers of mature powers and experience, and the fact that Miss Armstrong made the success she did in these two numbers is most creditable to her. Her greatest success was in her singing, as an encore, "Flow Gently, Sweet Afton." We shall be glad to hear her again. The exceedingly difficult accompaniments were well played by Miss Dewar. The hall was well filled, particularly the reserved seats, and the receipts must have been most satisfactory. The amount has not been reported.

HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure. Sold Under Guarantee.

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, tickling and dropping at the back of the throat, especially at night, coughing spasms, etc., begin the use of Hyomei at once.

Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains Nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the most remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation there may be in the mucous membrane. It is easy and pleasant to use Hyomei, pleasanter than most of the stomach dosing, as its healing air is breathed through a neat pocket inhaler, which can be carried in the purse or vest-pocket, and carries medication to just the spot where relief is needed.

The complete Hyomei outfit costs but $1.00, extra bottles, if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge. The R. T.
