The Canadian Champion
MILTON, May 2, 1907

Last week the Reformer said of Mr. Shaw, Chairman of the Halton Board of License Commissioners:

"Mr. Hedley Shaw, of Oakville, had an auction sale last Saturday of his goods, etc., and in future will reside in Toronto. This means that he will have to resign his position as License Commissioner for the county, and someone appointed in his place."

We have good authority for saying that there is nothing in the License Act which will prevent Mr. Shaw from continuing to act in his capacity as a member and chairman of the Board although he is living at Toronto. Further, it is possible that under some circumstances, his living at a distance from the county might have some advantages.

The administration of the License Act in Halton has never been better or more impartial than it is and has been under the Board over which Mr. Shaw presides. It is fortunate that the Act does not require him to retire, and it is to be hoped that his personal business may not make it necessary for him to do so for years to come.

The publishers of Canadian newspapers have been notified that a new and greatly increased scale of postage rates on newspapers passing between Canada and the United States will come into effect on May 8th. The rate will be one cent for each four ounces or fraction thereof, to be paid by stamps affixed. A package for one post office may be prepaid by a stamp or stamps covering its total weight. In such cases the increase will be heavy enough, but on "singles," i. e., papers singly wrapped and addressed, the publisher must pay one cent each. The postage on a daily paper will amount to more than the subscription price. On a weekly, such as the Champion, it will be 52 cents a year, and it will, of course, be added to the subscription price.

This will mean a large falling off in American subscribers for Canadian newspapers, practically all of them expatriated Canadians, and will break the link connecting the absent ones with those at home. This will be hard enough on the Canadian publishers, but it will not be the worst feature. In cases in which subscriptions have been paid in advance at the old rate the publisher must fulfil his contract and must pay the greatly increased rate out of his own pocket. The aggregate loss in this way to Canadian publishers will be very heavy. They have good reason to complain of the way in which the Post Office Department has treated them in springing such an arrangement on them without notice. They are simply being held up. The Hamilton Times, a staunch supporter of the Government, says:

"It is as if just after spring purchases had been made the Government should come down on the dry goods men and say: For every yard of 10-cent cotton you purchase you must pay 12 cents in taxes, no notice of such a levy having been given. Of course, the post office will get some revenue, but it will be obtained much as if Hon. Mr. Lemieux held up the Canadian newspaper publishers at the point of a pistol and extracted it from their clothes. And this increased revenue will soon cease to flow into the post office department. When the publisher adds the increased postage rates to the cost of subscription to his United States clients, there will a speedy falling off in the payments. The wrong will not end with making the Canadian publisher give away his paper and pay an additional penalty for current subscription terms; it will kill the United States subscribers' patronage, and thus injure him permanently as well as temporarily.

Hon. Mr. Lemieux should have given fair warning as to his policy in this matter. To kill the business of the Canadian publisher, so far as United States subscribers are concerned, was bad enough, but if the newspapers had been given time to adjust themselves to save heavy losses on present contracts, they would have felt less resentment. But that many hundreds of dollars' expense should be placed on them by introducing such a change with only a few days' notice, is manifestly unjust. Present rates should be made to apply to all present subscriptions, and Hon. Mr. Lemieux should bestir himself to bring about such an arrangement."

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation. They sell for 25 cents a bottle.

Chamberlain's Colic, Cholera and Diarhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlzin's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

Unrest in India.

There are signs of unrest among Hindoo students. Articles are being published in the native newspapers inciting race hatred against the Europeans and demanding native control of the Government of India, by an elected Parliament. This has been followed by riots in the Punjab and by attacks on Europeans. The local volunteers have been served with arms and ammunition, to help against the threatened troubles.

TORTURING RHEUMATISM

Suffered for Five Years—Cured by Dr. Williams' Pink Pills.

Agonizing pains, sometimes in one part of the body, sometimes in another, more often in the back or joints—that's rheumatism. Do not delay in finding a cure. Each day makes the disease worse—increases the torture. Dr. Williams' Pink Pills have cured thousands. They cured Mr. Horace Plante, of Sorel, Que., of a most aggravated case of rheumatism. What they did for Mr. Plante they can do for you. He says: "I was seized with rheumatism. I walked as if my boots were filled with pebbles. The pains, starting in my feet, spread to all parts of the body; my back and joints became affected. For upwards of five years I suffered the greatest agony. Often I was confined to bed, hardly able to move. Nothing seemed to help me. I despaired of ever being well again. By good chance Dr. Williams' Pink Pills were brought to my attention and I decided to try them. I got six boxes—before they were gone I felt a great improvement. I continued the treatment and my health gradually came back till now I do not feel the least pain—I am totally cured. It was a surprise to my friends to see me on the street again well and strong after five years of torture. They wanted to know what brought about the change. I told them Dr. Williams' Pink Pills for I took no other medicine once I began their use. Rheumatic sufferers, give Dr. Williams' Pink Pills a fair trial; they will surely do for you what they did for me."

It is in the blood—poor blood—that such troubles as rheumatism, indigestion, dizziness, heart palpitation, anaemia, weakness and a host of other diseases find their root. It is the blood that Dr. Williams' Pink Pills act on. They make it pure, rich, red and health-giving. That is why they cure all the common ailments of everyday life. Sold by druggists or by mail at 50 cents a box or six boxes for $2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY.

Johnson Harrison died of paralysis on Friday at Rose Hill, Milton, the residences of his daughter, Mrs. F. C. Willmott. He was in his 85th year. He was the seventh of the eight children of Thomas and Elizabeth Harrison, who emigrated from Devonshire, England, in 1820, and settled on Lot 12, Con. 1, N.S., Trafalgar, where he was born on Feb. 6th, 1822, a good many years before the founding of Milton, close by. His father died in 1824, shortly after the opening of the first school in this neighborhood, of which his mother was the first teacher. Mr. Harrison's parents were both faithful Methodists, and he and his brothers and sisters were well trained in that faith by their mother. As Mr. Harrison grew up he became one of the leading members of the congregation here. On the organization of a Sunday School, in 1860, he became its superintendent, and he presided over it for about 35 years. He was the leader of the Methodist choir for perhaps as long. Except Mr. Hollinrake, he was the last surviver of the original board of trustees elected in 1860, after the erection of a brick church, which was completed a year or two before. He never wearied in well doing, and his genuine piety was recognised by all who knew him. He was married on June 30th, 1853, to Miss Margaret Bowes, who died a little more than a year ago. He left two sons, Joseph H., of Welland, and Robert E., of Milton, and one daughter, Mrs. F. C. Willmott. On Monday Mr. Harrison's remains were buried in the family plot in Evergreen Cemetery. The service was held in the Methodist Church by Revs. C. T. Bennett and J. C. Willmott, of Milton, and F. W. Hollinrake, of Zion Tabernacle, Hamamilton. The attendance was very large. The pall pallbearers were R. A. Harrison, Dunnville, C. W. Harrison, Grimsby, James Harrison and J. H. McCollom, Hamilton, W. A. McCollom, Tilsonburg, and —. McDuffe, Oakville.

The Gleaners' Union of Stewarttown congregation held a social evening at the home of H. Morrison on Wednesday last. A very pleasant time was spent. Miss Morrison also received a very pleasant surprise. She has been the very efficient organist of the church and was presented with a silver biscuit jar and a pearl brooch.

CATARRH

To prove unquestionably, and beyond any doubt that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Canadian Bank Statement.

The Government statement of the affairs of Canadian chartered banks for February and March shows an increase of 54.9 per cent. in the deposits of the Farmers Bank, which is very satisfactory. On the other hand, the loans are large for a newly established bank. Under the heading, "aggregate loans to directors and their firms," it appears that such loans amounted to $68,456 in March, an increase of 305 per cent., while the highest percentage of increase among older banks was 48 per cent. Under the head of "call and short loans on bonds and stocks in Canada," the figure for the Farmers Bank was $109,600, an increase of 101.8 per cent., while many of the older banks decreased such loans, and the highest percentage of increase among them was 34.1 per cent.

The making of these loans may be good banking, but it is remarkable that the infant bank should set the pace in this line instead of following the lead of the older banks which, to an outsider, would seem to be the wiser course.

Let me send you, free, for Catarrh, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy, healing antiseptic balm. Containing such heating ingredients as Oil Eucalyptus, Thymol, Menthol, etc., it gives instant and lasting relief to Catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Red Cross Drug Store.

Important Notice to the General Public

Our year ends March 31st. We find we have only lacked about Five Hundred Dollars of doubling our business over last year. This is a remarkably big gain in our business. We don't think any other store in Hamilton has gained this much. This shows that the people appreciate our selling goods on the 10 and 15% profit, while other stores charge on the same class of good 30 to 40% profit. Come where you can buy right and save money.

Our stock of boots and shoes of all kinds for the spring and summer trade, for men, women and children, is now complete in every department. We have also added many new lines, including white canvas and patent leather shoes of all kinds. We now carry all lines that are carried by all first class stores, from the coarsest and cheapest to the finest and best lines that are made, and sell them from ten cents to one dollar a pair cheaper than other stores.

We also deal in mis-mated boots and shoes, in leather and rubber goods of all kinds. We buy these mis-mated goods all over the Dominion. We mate them as best we can and sell them for about half the price of perfect mated goods of same quality. They are great value, but we can't always get sufficient of them to supply the demands. At present we have a large stock of mis-mates on hand of all kinds. As a rule mis-mates come from travellers' samples and are better than regular goods.

We carry a large stock of ends of webs of Scotch, English and Canadian double-fold cloth, suitable for all kinds of clothing. We buy these remnants for less than half price. We sell them for about half price. They are great value, especially for those that can do their own sewing. Come and see them. We carry a large stock of ladies' top and underskirts, blouses, wrappers and waterproof coats. These lines we sell for about half what others charge. We carry readymade clothing of all kinds, gents' furnishings, ladies' underwear and hosiery, all of which we sell much cheaper than others. We carry a small stock of yard goods, because we have not room to carry a large stock, but what we have room to carry we sell at least 20% cheaper than other stores. We also carry many other lines that we haven't room to name here, all of which we sell for spot cash on 10 to 15 per cent profit while others charge on same goods 20 to 40 per cent. profit.
