Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis. for free package. Sold at Red Cross Drug Store.

Y. M. C. U. JOTTINGS.

Taylor Statten, of the Central Y. M. C. A., of Toronto, was with us on Friday evening and gave a most inspiring address on the four-fold works of the Y. M. C. A.: on developing the spiritual, mental, physical and social side of boy nature. He was listened to with rapt attention, and was called upon to answer a number of questions at the close of his talk. He emphasized the need of organizing a bible class in connection with the work, and talked straight from the shoulder regarding clean sport. At the earnest request of a number of members, he stayed after the meeting was closed and gave some valuable pointers on basket ball, after which he was voted an all around good fellow. Mr. Statten will recieve a hearty welcome when he comes to Milton again.

A basket ball league is in process of organization.

The Y. M. C. U. has between seventy and eighty members. Isn't that a large family to be without a home?

The following delegates will attend the older boys' convention at Brantford on Friday and Saturday:—Elgin Ford, Stuart Jones, Albert Knapp, Chas. Jackson, S. Hannant, Wm. Brush and Frank McCannell.

If you hear a man knocking this attempt to benefit the boys of Milton, look for the nigger in the fence. Is he interested in the sale of tobacco, or what is his grouch anyway?

A week evening bible class will be organized soon.

Good Friday.

To the Editor:

Dear Sir,—May I appeal, through your columns, to all who love our Lord Jesus Christ to observe the day of His death in a becoming way.

Many have felt that military parades on Thanksgiving Day are not the best means of showing our thankfulness and that that day should be observed in a more fitting manner.

How much more should we be anxious to keep, in a proper spirit, Good Friday, the day we commemorate the death of our blessed Saviour upon the cross. To make plans for any sport, to cater to the craving for amusement, to make money by special efforts in our business, is to minister to self and selfishness on the very day upon which the Christian world commemorates the great sacrifice of unselfishness.

We are all personally concerned in the world's greatest tragedy. Had it not been for it none of us could escape from sin and its punishment. Is the day which bought our redemption at so awful a price to be kept like a mere secular holiday? Should it not be to all Christian people a day for heart-searching and repentance, demanding humiliation and confession of sin to God?

I feel sure that the carelessness in observing it is due to a want of thought and not to any intentional disrespect. But Christians are urged to "abstain from every appearance or evil." I am,

Yours faithfully,
A. J. BELT.

"From pain to pain, from woe to woe,
With loving heart and footsteps slow
To Calvary with Christ we go.
See how His precious blood
At every station pours:
Was ever grief like His?
Was ever sin like ours?
We adore Thee, O Christ, and we bless Thee,
Because by Thy Cross and precious
Blood Thou hast redeemed the world."
—By the late Rev. James A. Bolles, DD.

Directions for Making Tea.

Warm the teapot (crockery is best). Put in a teaspoonful of "Salada" Tea for every two cups. Pour on freshly boiled water and allow it to steep (not boil) from five to eight minutes. Pour the liquor off the leaves into another teapot and serve. When made in this way, if kept warm, "Salada" Tea will retain its delicious flavor for hours. On account of its delicious strength a pound of "Salada" will go as far as a pound and a quarter of other teas.

DIED.

Little—In Milton, on Wednesday, April 15th, 1908, William Little, in his 80th year. Funeral on Friday, 17th inst. at 2 p.m.

Cause For Alarm

Epidemic Influenza, Grippe, Catarrhal Troubles, Pneumonia Increasing.

A marked increase in troubles of the breathing organs is noted in many localities. If you will only have Hyomei at hand to use with the first attack of Cold in the head, Pneumonia, Colds, Bronchitis, Hoarseness, Sore Throat, Croup, in fact any respiratory affection, the trouble will be quickly overcome.

If the attack is neglected and becomes severe, speedy relief will come in most cases and a persistent use of Hyomei will cure.

The directions for using it vary, but the principle is always the same, that of destroying all the germs in the air you breathe and having it reach the air passages with dry medication from the Pine and Eucalyptus forests.

Remember that liquids or moisture is barred from the Bronchial Tubes and Lungs. It's the dry air of Hyomei that reaches the spot. Higginbotham Drug Co. guarantees it. Complete outfit, $1.

OBITUARY.

WM. LITTLE.

William Little died yesterday at his home in Milton, after a long illness. He was born at Carwinlow Mill, East Cumberland, England, on Nov. 9th, 1828. When he was three months old, his parents moved to Penton Mill, where he spent his boyhood days on the banks of the river Liddle, which separates England and Scotland. When fourteen years of age, he was apprenticed to a harness maker at Annan, Dumfrieshire, Scotland. For seven years he worked in this Scottish town, and afterwards in a number of English towns. Thinking to better his fortunes he sailed for the United States, arriving at New York in March, 1852, when he found that his brother, Christopher, who had lived there some time, was seriously ill, and desirous of returning to his motherland. So in September, 1852, Mr. Little accompanied his sick brother home, and remained in England for three years, returning to America in 1855. He resolved to try life in Canada now, so he worked for a while in Milton, then for a winter at Guelph, where he met Miss Susan Kerry, whom he afterwards married. From Guelph he went to Woodstock, and went into business for himself. Conditions not being satisfactory, he returned with his wife and infant son to Milton in 1858 and started a business, which he carried on successfully till 1907, when he retired. Mr. Little's wife died June 8th, 1903, and their eldest son, James, who was a Methodist minister, in March, 1892. The surviving members of Mr. Little's family are Miss Janet, at home, John F., who is in business at his father's old stand, and George, who lives near Arcola, Manitoba.

Percy Bowins was found not guilty of murdering Mrs. Cornelia Welsh in Detroit.

"Gentlemen,—I have pleasure in stating that I have used $18.00 worth of Psychine, and as a result was cured of very serious throat and lung trouble.

My case was a most difficult one, and the doctors had practically said that I could not get well. I tried Psychine, and it did me so much good that I continued its use until I had taken $18.00 worth, with the result that I am now a new man physically. I have gained thirty-five pounds.

"It is with the greatest confidence that I recommend Psychine to all who are afflicted with throat or lung trouble.

A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold at Red Cross Drug Store.
