E. Hughes Cleaver, barrister of Burlington, has notified the County Council and the Grand Trunk Railway of the accident which occurred to Christopher Currie on Feb. 23rd at the G. T. R. crossing on the Guelph road and which was reported in the Champion. Mr. Currie was drawing wood for his employers, Messrs. Porter Bros., the sleigh was broken, the driver was hurt and the horses ran away. It is alleged that the accident was caused by a defect in the road, which is part of the county good roads system. Damages will be demanded by the man and his employers.

"A MASQUE OF EMPIRE."—This picturesque and unique presentation is to be given in the Town Hall, Milton, on the evening of April 14th, under the auspices of the W. A. of Grace Church. It is a representation of the strength and resources of Great Britain and her colonies, and in the present state of feeling in regard to the Empire must prove most interesting. The presentation will be under the direction of Miss Catharine Merritt, of Toronto, which will be sufficient guarantee that it will be done efficiently. The Masque is performed on a double stage, the small platform for the chorus being the lower stage. After a short prologue by the chorus the curtain rises and discloses "Britannia" in the centre of the stage seated on a throne. Immediately come on a number of boys in sailor suits, representing the navy. After a dance, "The Sailor's Hornpipe," they group themselves round Britannia and are followed by eight boys and an officer representing the army. At the end of their drill they are grouped on the other side of Britannia. These in turn are succeeded by representations of all the colonies in appropriate costumes. A tableau is thus formed of the whole Empire. The scene closes by the recitation of Kipling's "Recessional" and the singing of Hainer's Seventfold Amen. The whole representation is said to be most interesting and instructive.

Don't forget the Bazaar and Entertainment in Knox Church School Room on Thursday next, 17th March. Bazaar in the afternoon. Entertainment at 8 p. m. Rev. Dr. Neil, Miss E. Dale Sinclair, Mrs. J. W. Bews, Miss Rose Lewis, Mr. Harry Barron, Miss Brown, Mr. Will Dewar and others. Be sure and hear them. 25 and 15 cents.

The Easter meeting of the W. M. S. of the Methodist Church was held on Monday at 3 p. m., at the home of Mrs. Bews, Sr. Forty ladies were present. The program consisted of report of Mission Band, Miss Brandon; solo, "Lullaby," by Jean Blewett, Mrs. W. B. Clements; instrumental solos, Miss M. L. Hollinrake and Miss C. Lawrence; vocal solo, "Just for To-day," Miss Susie Hare; an address by Mrs. Jas. Harrison, Hamilton, Mrs. Harrison is treasurer of the W. M. S. for Hamilton Conference and has made such a close, intelligent study of this work that she is thoroughly familiar with it in all its details. She spoke of the different departments of the woman's work in a practical, convincing way that appealed to the reason of each woman present. This is a woman's age and never has woman's work been so important in the advancement of all moral and religious questions as now. After the address refreshments were served and a social hour enjoyed. The work of the W. M. S. in Milton has never been more encouraging. Besides the usual fees, etc., it has had an addition of four life-members, making 15 life-members now in its auxiliary. Also a donation of thirty dollars to endow a cot in Chentu Hospital. The offering on Monday, for special work, amounted to $25. The bale of goods sent to Port Simpson was valued at $31.50.

FOR GOOD ROADS.—At a meeting of the county council of Peel a by-law authorizing the issuance of 4½ per cent. debentures to the amount of $100,000 payable in thirty years, was passed. This is the second issue of one hundred thousand for good roads in Peel and with the bonus given by the Provincial government will total $60,000 more.

Say, don't you think it will pay you to buy corn to feed your pigs at the high price you get for them, when feed corn is only 70c. at T. D. Hume's.

DIED SUDDENLY.—Daniel M. O'Gorman was taken ill with malignant scarlet fever at Toronto on Saturday and died on Monday. He was 21 years of age, the second son of John O'Gorman, of Streetsville. He was executive secretary of the Toronto World and that newspaper speaks very highly of him. He was well known in Milton, having attended assemblies here from time to time, and was at the bal poudre given at the town hall in January. Owing to the extremely contagious nature of the disease of which he died his body was not taken home. The funeral took place on Tuesday to Mount Hope Cemetery, Toronto.

For a nice, up-to-date Spring Hat, in the latest shapes, made by the best makers, call at W. Bews' Sons. Prices range from $1.25 to $2.50 each.

NEW TRIAL ORDERED.—On Thursday before the Divisional Court at Osgoode Hall, Toronto, J. W. Elliott, K.C., appealed from the judgment of Judge Gorham, on verdict by jury, dismissing the action of Richard Tasker, of Trafalgar, against John McDougall & Co., of Toronto, for $159.34, loss on forty tons of hay, bought from plaintiff for defendants by their agent, John Gunston, but which defendants refused to accept, alleging that Gunston had exceeded his authority. Chief Justice Meredith and Mr. Justide Teetzel ordered a new trial without jury. Gunston could not be found at the time of the first trial, but his whereabouts has since been discovered.

STEEL BOOTS.—These splendid shoes with soles of steel are wonderful wear resisters. They stop the terrific drain on the worker's purse, for they give almost unlimited service. Call and see them at Yates' Shoe Store, opposite post-office. Agents for Foot Easer.

Hockey.

The last match of the season will be played at the rink to-morrow evening between the B. A. C. and Georgetown juniors for the Halton-Peel championship. Georgetown boys gave the B. A. C. a stiff opposition in their last match at Georgeton, and the coming one is sure to be fast and well worth seeing. Don't miss it.

THE PUBLIC SCHOOL.—All interested in our public school should attend the meeting which will be held at the town hall this evening to discuss the proposed remodelling of the school building. All the trustees agree that something must be done this year. The building is dilapidated and too small. The ventilation, heating and lighting are bad. The stairways are wooden and too narrow, so that in case of fire there would be great danger of loss of life, despite fire drill, however efficient. Sanitation is badly needed. The expenditure is estimated at from $16,000 to $21,000, according to the amount of accommodation provided. The figures may look formidable, in view of Milton's present high rate of taxation, but the health and eyesight of the pupils must not be endangered and their comfort should be considered. No proposal to cobble up the old buildings should be entertained. There would be no economy in doing so, but really extravagance, as the necessary remodelling cannot be long postponed, and money spent on temporary repairs would be wasted.

OIL SHAREHOLDERS.—Messrs. Jas. Jeffery, contractor, of Portage La Prairie, Man., and M. D. Colman, broker, of Toronto, met a number of Milton shareholders of the Atlantic Oil Co., Ltd., at the Hotel Royal, on Tuesday evening, and gave particulars of a trip taken by them lately, in company with Dr. Shortis, of Heathcote, Ont., to the company's property in the Republic of Columbia, South America. They said they had found that the property consisted of 21,000 acres, of which 15,000 had been examined thoroughly by Messrs. Eugene Coste, M.E., Ottawa, Government oil expert, and J. J. Kelly, a Pennsylvania expert, who had found that an oil bed underlay every acre of it. Messrs. Jeffery and Coltman said they found that three wells had been drilled. One was flowing at the rate of 100 barrels a day from a depth of 750 feet and the other two 10 barrels a day each, from 125 feet. Neither pumping nor shooting was necessary. The price of stock is reported to have been raised to $125 a share.
