MACKENZIE

NYAL'S Stone Root Compound

DOES YOUR BACK HURT?

This is one of the symptoms of kidney trouble that is almost unfailing. You may think the pain comes from a cold settling in the back, but such pains do not occur at regular intervals. Do not neglect kidney disease. It is not ordinarily dangerous if treated in time and not allowed to run into some incurable form such as Bright's disease.

At the first symptoms of kidney trouble commencing taking Nyal's Stone Root Compound, the most efficient of all preparations for diseases of the kidneys, bladder and urinary organs. We do not claim it to cure Bright's disease, but we do claim it will check the progress of kidney trouble which might, if neglected, run into this dreaded disease.

Nyal's Stone Root Compound is a scientific combination of this valuable remedy with other entirely vegetable drugs, making a preparation of great merit for the treatment of all diseases of the kidneys.

PRICE 50c. and $1.00.

Last Sabbath "Rally Day" services were held in the Methodist Church. The pastor preached in the morning a sermon for the Sunday School. There was a large attendance at the Sunday School service in the afternoon, which was held in the auditorium of the church. C. E. Hollinrake, superintendent of the school, had charge of the service and the splendid programme as arranged by the General Sunday School Board of the Methodist Church, entitled "The Path of Life," was given and was very interesting. In the evening the pastor preached to the young people on "The Elder Brother," which differed very much from the general treatment of the parable of "the prodigal son," and was a strong appeal to the young to live a pure and useful life.

They put in some weeks at Vancouver at the home of Mrs. Bastedo's brother, Mr. Ockerman, who is in the wholesale grocery business. They visited Victoria and New Westminister, and were duly impressed with the beauty of the Parliament buildings at the capital. On their return they spent two weeks at Winnipeg, at the home of Mr. Bastedo's neice, Mrs. Blair. They had pleasant meetings with John Leslie and other ex-Miltonians.

CONVICTION QUASHED.—Judge Gorham has given his decision in the matter of the appeal of John Trainor, of the Station hotel, Georgetown, against his conviction by two magistrates, for selling liquor in quantity greater than one quart at one time without license therefor under the Liquor License Act. The evidence is recited in the judgment, that of the detectives that they had each bought a quart bottle of ale from the bartender, whom they had asked for four bottles, that he said, "Go out and come back and you can get another bottle each," that they went out on the veranda, remained a minute or two, went back and bought another bottle each. The judgment says "the bartender refused to become a party to an offence against the provisions of the Act. He sold each of the parties a bottle containing less than a quart of ale, though spoken of as a quart bottle. He closed the transaction by receiving the money and delivering the bottle. He then said "Go out and come back and you can get another bottle each." The two men did so and a second sale, not a part of, nor in any way connected with the first, was made." The judgment concludes: "I reach the conclusion that there was on the part of the bartender no breach of any of the provisions of the Act, and I must declare this conviction bad. The respondent should pay the appellant his costs in the court of the justices of the peace as well as those of appeal." It is said that the License Department of Ontario will appeal to the Divisional Court.

The members of the county council of Wentworth were to have appeared at Osgoode Hall, Toronto, on Tuesday to show cause why they should not be committed to jail for contempt of court in not obeying an order issued some time ago to them to proceed at once with the building of a house of refuge. They got an enlargement until 7th October. It is said that they are likely to hold a special meeting before that date and take steps to comply with the order.

BRAMPTON BOOZE.—Inspector Ayerst, of Toronto, and County Inspector Orr, of Peel, raided local option Brampton's hotels on Saturday evening. They found a five-gallon keg of whisky in the Royal and a quantity of liquor in the Graham House. The raid was the result of reports from spotters who were in the town on fair day. Robt. Robson, landlord of the Royal, pleaded guilty and paid a fine which, with costs and value of liquor confiscated, amounted to about $40. E. T. Choate, of the Graham House, is to appear before a magistrate.

The following were visitors at the fair yesterday:—Judge McGibbon and W. H. Moore, Brampton; W. T. Robson, representative of the Toronto World, Major Deacon, Mr. and Mrs. W. J. Armstrong, Wm. Scott, James Moat, Thos. Turner, Alf. Pitcher, John Crowe, Adam McKay, D. Grant and Frank Lee, Toronto; F. E. Morse, Joseph Hustler and Harry May, Hamilton; Mr. and Mrs. S. Curry, Mimico; F. L. HORSE AND RIG STOLEN.—On Wednesday night last a man entered the stables of Mr. Howard Bescoby and stole a horse, harness and rubber-tired buggy. On missing the animal and rig in the morning, Mr. Bescoby immediately followed the track and met the thief opposite Mr. William Bowman's. He grabbed the horse by the head, when the man threatened to shoot, causing Bescoby to let go his hold. The thief then drove off and managed to elude his pursuers on the 4th line. Nothing has been heard of horse or man since.—Georgetown Herald.

Why They Wouldn't Pull.

To the Editor of the Champion:

Dear Sir,—In your issue of the 28th inst. a letter was published signed "M. P. B." and I, as captain of the Toronto Pressed Brick Co. tug-of-war team, wish to contradict a statement made in the proposed conditions by the Milton Pressed Brick team. In rule No. 5, as seen in your paper, is a sentence which to my mind is a great difference to the one that was brought to me, and that is, "the prize to be seventy dollars." In the challenge that was brought to me it states that it was to be for a stake of seventy dollars a side, which puts a different complexion on the face of it. It seems to me "M. P. B." wants to try to bluff the public, as one is for honor and the other a gamble. Had they stated in their challenge to us that it was for a prize of seventy dollars we would have been only too glad to have given them their opportunity to test their supposed strength. It seems to me as if they have taken their defeat of a month ago with very bad grace, and it would be far better for "M. P. B." to let the matter drop where it is till they know how to take defeat like true sportsmen. They were fairly and squarely beaten by a much superior team. I remain,

Yours truly,
J. DOCKRAY,
Captain Toronto Pressed Brick Tug of War Team.

CANADA DAY AT THE BUFFALO INDUSTRIAL EXPOSITION.

October 11 Has Been Set Aside For Doings of Interest to Canadian Visitors.

A reduced rate of one fare for the round trip to Buffalo from any point in Canada within 100 miles having been made by the Michigan Central, T. H. & B., Grand Trunk and Wabash Railroads, during the Buffalo Industrial Exposition, October 3rd to 15th, the exposition has fixed Tuesday, October 11th, as Canada Day, and will have a program that day of peculiar interest to visitors from the Dominion.

The above railroads will sell reduced fare tickets on October 7 and 11, good returning in two days.

The Buffalo Industrial Exposition will be finer this year than ever before. Its most interesting feature will be the number of working exhibits of moving machinery, showing ingenious processes of manufacture.

There will be the best of music, afternoon and evening, with choruses by Buffalo's best male and mixed singing societies, soloists, etc.

The exhibitors have made a list of valuable presents, worth from $5 to $50 each, which will be given away to persons holding lucky numbers. This in addition to the usual production of souvenirs, buttons, etc.

The electric illuminations will have a beauty and novelty entirely original, daring and effective.

Buffalonians supported the Toronto fair enthusiastically this year, and hope that the Canadian towns will return the compliment.

The farmers of this county, and, indeed, throughout the Province, have been favorably impressed with the large amount of information being presented daily in the Farming, Commercial and Financial Departments of The Toronto News. Many papers have attempted, with varying success, to provide daily information to the farming communities of this Province of such a character, as to command the respect of men who know farming and its kindred industries from actual experience. The News has placed its Farming, Live Stock and Dairy Departments in the hands of editors who know this business. The result is that every day this department contains setected news and suggestions, market quotations and every information that makes The Toronto News invaluable to the farmer, the shipper, producer of dairy products, fruit, etc. The News is national in the character of its news. It is served by the British and Colonial Press and Cable and National services over direct leased wires, by the Associated Press and Canadian Associated Press and a corps of trained correspondents in all parts of Canada. Through an arrangement we are able to offer our readers The Champion and The News at the remarkably reasonable figure of $2.25 a year. Send in your order to us to-day. tf

Germany's revenue will fall about $10,750,000 short of the budget estimates for the year.
