Guy Martin arrived in town on Thursday from his father's home in Michigan and left on Saturday for Hillsdale. After a short stay there he will go back to Michigan and thence, about the end of this month, to settle on a quarter-section homestead in Saskatchewan, on which he registered last fall, when he spent two months in the west. His land is about 140 miles west of Saskatoon and 13 from the railway. It had been taken up, but was thrown open on account of the previous settler failing to carry out the regulations. Mr. Martin says he was lucky to get it, as unimproved land in its neighborhood is worth about $16 an acre. The surrounding country is well settled by Canadians, Americans and Germans.

While working in D. Henderson's bush near Acton on 1st inst., Archie Currie was knocked senseless by a large limb which fell on his head. He had a narrow escape from death.

MUNICIPAL ELECTIONS.—The Legislature proposes to change the dates of municipal nominations and elections from the holiday season to the second Monday in January in each year for nominations and the third Monday for polling.

Hockey.

The Hornby farmer's hockey team played a practice game with a local seven at the rink on Tuesday evening and were defeated 8 to 2. L. Maude was the referee, but had no bell and little control of the players. In the opinion of the visitors the play was unreasonably rough for a friendly game. Fortunately no one was badly hurt, more through good luck than good management, according to the Hornby boys, who say, too, that two of the Milton goals were offside. The line-up:

Hornby.		Milton.
Ellenton	Goal	Sloan
Askin	Point	Robinson
Davis	Cover	Neville
Robinson	Rover	Winn
Wedderburn	Centre	Durnan
Lindsay	Right	Maude
Neilson	Left	Ramshaw

There were very ample manifestations about town on Thursday morning that the liquor dealers of Milton did a big business with certain citizens who accompanied the hockey enthusiasts to the Victoria-Milton game. It is only fair to say that the hangers-on referred to are seldom if ever in a condition to play hockey, though they generally take a "skate" when they get into whisky-dispensing territory.—Acton Free Press. The above has caused some surprise here. It seems that seven Actonians, besides two players, came to Milton, but they did not make themselves conspicuous while here and are reported to have gone home sober and to have taken no flasks, bottles or jugs with them. It is easy to believe that there are "hangers-on" at Acton who are "soldoon if ever in a condition to play hockey" or, in other words, that they are habitual drinkers. Local option Acton is reported to be whisky-dispensing territory every day in the week, but Milton sends no liquors there and is not responsible for the disorder of which the Free Press complains.

The Milton juniors journeyed to Acton yesterday evening to play an exhibition game with the locals, whom they defeated 5 to 3. The play was fast, the teams about as evenly matched as possible and there was any amount of excitement. The line-up:

Acton		Milton
Clark	Goal	Sinclair
Plant	Point	Farlow
Holmes	Cover	Maude
Brown	Rover	Telfer
Clark	Centre	Ford
Lehman	Right	Chisholm
Holmes	Left	Durnan

J. Kitchen, of Milton, referee.
