Mr. Lawrence has suffered from bronchitis for some years. On Sunday a severe spell of coughing caused a hemorrhage from his bronchial tubes. He was brought home as quickly as possible and has been in bed ever since. The hemorrhage has weakened him greatly and his recovery, it is feared, will be slow.

A big, husky fellow posing as a cripple did the town last Saturday from store to store on a pair of crutches. He said he had a stroke of paralysis. He used the card system of begging. He wanted to do Milton the same day and was much disappointed to find there was no train until night. However, he would be able to run out from the crippies' headquarters in Toronto on Monday and do Milton and some other town. If you give a nickel to one of these professional beggars you are a sucker in capital letters.—Brampton Banner.

Mr. and Mrs. G. A. Griffith and their son, Jack, got home on Saturday from their trip to Vancouver and other British Columbian points. Like all who go to the coast they were charmed with it. They were much impressed with Vancouver, and saw no sign of the stagnation reported there lately in some Ontario newspapers by interested parties, but indications of wonderful growth, business and progress. On their way out they spent two days at Winnipeg and on their return a week at Chicago, where they visited a brother of Mr. Griffith.

FALL FAIR.—The executive of the Halton Agricultural Society is busy preparing for its fall fair, which will come off in Milton, Sept. 26th and 27th, and which they intend to make the best on record. The prize list for live stock will be found on the fourth page of this issue of the Champion.

CIVIC HOLIDAY.—Milton was pretty quiet yesterday, the annual civic holiday. About 150 residents went to the firemen's demonstration at Brampton, and a good many were in the baseball grand stand at Hanlan's Point, Toronto Island, seeing the double header between Toronto and Newark.

I. O. O. F. Excursion.—Look out for posters giving particulars of the excursion to Niagara Falls, on Monday, 21st inst., under the auspices of Milton Lodge, No. 92, I.O.O.F. Milton return tickets $1.40. Barnum & Bailey's great menagerie and circus will be at Niagara Falls on that day and all will have an opportunity to see it as well as the wonders of the falls.

DEBENTURES SOLD.—Eight tenders for $90,000 of good roads debentures were opened at Tuesday's meeting of the county council. The bid of Messrs. Æmilius Jarvis & Co., Toronto, $86,052, was accepted. Mrs. Campbell had a hip hurt, a leg badly bruised, her head cut and she was injured internally. She will be taken to a hospital as soon as she is strong enough for the journey. Miss Shortreed had a knee cap broken, bone splintered close to the knee and the ligaments torn above and below the knee. She is likely to be confined to her bed for six weeks.

County Judge's Criminal Court.

Albert Eden was brought before Judge Gorham on Saturday for sentence, having pleaded guilty to the charge of resisting a constable. He was released on suspended sentence on giving security to the amount of $200 to keep the peace. As long as he abstains from liquor he is well a conducted young man, and Governor McGibbon of the jail, says he is a model prisoner.

Wm. Ferrier, of Nassagaweya, was convicted of stealing a horse and rig from Thos. Wilson, of the same township. He took the outfit from the stables of the McGibbon house and drove home and put the horse in his stable. He was drunk when he did so and his excuse was that he did not know what he was doing. This appeared to be probable and he was released on giving a bond for $100 to appear for sentence when called upon.

OFF FOR THE WEST.

The Halton Rovers left Milton on Tuesday morning for the west. The party consisted of eleven persons, and there was quite a keen contest for the presidency of the club between T. J. Chisholm and W. J. Clements. The first named gentleman won out and W. J. Clements was elected vice-president. The other offices were filled as follows: Recorder of articles, J. W. Crozier; Keeper of the cash, Geo. W. Irving; Medicine man, Dr. Jas. Dent; Board of health, T. M. Galbraith, Chas. Maw and A. Wales; Sanitary inspector, J. F. McDougall; Engineer, Archie Galbraith; Conductor, C. K. McDougall. Guests of the party were, John Manley, Wm. Cordingly and Theo. Brain. The duty of the president was to see that each member was provided with a seat and that he was in his place before the train started from Toronto. It was quite a task to get seats for the whole party all in a group, but the way the president traded seats with preachers and others reminded one of David Harum trading horses with Deacon Jones. Of course, if they couldn't get an even trade there was nothing wrong in giving a little on the side. Finally, about ten minutes before the train left the Union Station, they were all comfortably seated in the rear end of the eleventh car, and they occupied four lower and as many higher berths. Orders were given that if any person came along between the hours of eight o'clock in the evening and seven in the morning calling out, "Tickets, please," or in any other way disturbing the peaceful slumbers of the party, he would be taken before the court and charged with being drunk and disorderly and would have to pay the regulation fine of $1 and costs. However, the notice given will no doubt save all trouble.

It is the intention of the party to take in the fairs at Calgary, Edmonton and Saskatoon. It is also expected that the president will address a few meetings in favor of reciprocity and that the vice president will speak in opposition to the president. It is the intention of all the party to be home in time to vote on Sept. 21st for good government, unless the president and vice president should be detained until the eve of the election addressing meetings, in which case they would not be able to get home in time to vote. However, we wish them a pleasant trip and safe return to their friends, as they are all jolly good fellows.—Com.

ATTENDING THE DEAD

Guiding Chinese Spirits On Their Way to Heaven

In Canton, about eighty miles from Hong Kong, there is a place known as the City of the Dead.

There are one hundred and ninety-four small houses, in each of which a corpse is lodged, at the rate of twenty-five dollars for the first three months, and then at a reduced rate until the geomancers employed by the relatives of the dead person decide when and where the corpse shall be buried.

Silk or paper lanterns and imitation fruit are hung from the roof; there are screens in each room between the door and the coffin; tea, fruit, and any other kind of food which the dead person liked when on earth, are placed on an altar before the coffin each morning. There are cardboard servants standing about to wait on him with pipes or cardboard cups of tea. There are also two handsome paper females placed there to guide his spirit on the way to heaven.

Tommy Moore, of Moffat, had a leg broken in playing football. He is doing well in Guelph General Hospital. So is Mrs. Sarah McEwan, after an operation on her knee.
