OBITUARY.

VEN. ARCHDEACON A. J. BELT.

It was known to Milton friends of Ven. Archdeacon Belt that his health had not been good for some time, and on Friday it was reported that he had undergone an operation at the City Hospital, Hamilton, on Thursday and that he was doing as well as could be expected. It was hoped that his recovery would be rapid. The news, therefore, that he had died on Monday morning was a great shock to his many friends here, not only among his old parishioners, but among all denominations.

Archdeacon Belt was a native of York and was 55 years of age. He received his education at Trinity College, from which he graduated with the degree of B. A. in 1879, carrying off the mathematical prize, and in 1884 he received his degree of M. A. He was made a deacon of the Anglican church by the late Bishop Fuller on May 23, 1880, and on April of the year following was made a priest. He was appointed missionary at Erin and the adjacent charge in 1880 and remained there for two years, when he was moved to Arthur, where he served four years. He was then moved to Harrison, where he served another four years, and in 1890 went to St. James church, Guelph, where he remained for ten years. The next nine years he served in Milton, as Rector of Grace Church. In November, 1910, he removed to Jarvis, of which church he was Rector at the time of his death. He was Rural Dean of Wellington from 1887 to 1893, and again held the office in 1897. He was also Rural Dean of Halton in 1901, and was made an archdeacon of Wentworth and Haldimand on September 29, 1911.

He was the author of the ecclesiastical historical chart, showing the relative positions of the churches of Rome and England, and a work entitled "From Jerusalem to Jerusalem," as well as lectures on the Church of England.

Besides his wife he leaves six sons and one daughter, George, in British Columbia; Percival, of Toronto; James, of Winnipeg; Thomas, Donald, McKenzie and Miss Laura, at home. Surviving brothers are, Rev. C. E., Ancaster; Dr. Reginald, Oshawa, and Dr. Walter, Portland, Oregon, U. S.

In Milton Archdeacon Belt not only discharged his duties as Rector of Grace Church, but took an active interest in all movements and institutions for the benefit of the community. He was particularly prominent as a member of the board of directors of the public library, an institution in which Milton ministers generally have too rarely interested themselves. He was a Mason, a member of St. Clair Lodge, No. 135, G. R. C., of which he was Chaplain for some years, and of St. Clair Royal Arch Chapter, No. 75, G. R. C.

The funeral takes place today, interment at Ancaster.

A Protest.

To the Editor of the Champion:

It was with feelings of great indignity that the following advertisement met the eye of a reader of the local news:

"General servant wanted. No English need apply."

As an English woman, I beg to be allowed to support the English girl. Why this discrimination should be made, I fail to see, as there are good and bad wherever one goes. This deprecation is most unfair to many who are capable of filling any reasonable situation with credit to themselves and satisfaction to their mistresses.

SMELTS ARE PROFITABLE.

New Brunswick Fisherman Making Over $100 Per Day.

Making over one hundred dollars a day is the fortunate experience of some of those fishing smelts on the Big and Little Buctouche and other rivers in that part of New Brunswick. The buyers have been paying as high as 5½ cents a pound, or $110 a ton, for the fish this year, and as some of the nets yielded over four tons in the three first days of the season, the fishermen are making money fast.

WIRELESS ON THE LAKES.

Arrangements are in progress, it says, for the establishment of a chain of wireless stations on the lakes from Port Arthur to Kingston, including Port Arthur, Sault Ste. Marie, Midland, Tobermory, Sarnia, Port Stanley, Port Colborne, Toronto and Kingston, with the station at Kingston of sufficient range to communicate with Montreal.

SIGHT RESTORED.

A farmer's wife who had much trouble with servants was accosted by one of them.

"I fear I shall not be able to work much longer. I think I am going blind."

"Why, how is that? You seem to get along pretty well with your work."

"Yes; but I can no longer see any meat on my plate at dinner."

The farmer's wife understood, and the next day the servants were served with very large and very thin pieces of meat.

"How nice!" the girl exclaimed. "My sight has come back. I can see better than ever."

"How is that, Bella?" asked the mistress.

"Why, at this moment," replied Bella, "I can see the plate through the meat."

"Girl in a Cupboard," reads a headline. Was that the only way they could shut her up?

CURED OF EPILEPSY

A Case That Should Bring Hope to Other Sufferers.

Epilepsy is one of the most serious troubles that afflicts the human race. This trouble is also known as "falling sickness" or "fits." The patient suddenly loses consciousness and falls. The muscles become rigid and there is a twitching of the face and limbs, sometimes accompanied by frothing of the mouth. The convulsion is followed by a deep sleep varying in duration. In the early stages the attack may only occur at intervals of several months, but as the disease progresses they become more and more frequent, the patient becomes debilitated and the mind weakened. Epilepsy is generally regarded as incurable, but taken in its earliest stages has in many cases been cured by Dr. Williams' Pink Pills, which enrich the blood, strengthen the system, thus enabling it to resist the progress of the disease. The following case will be of interest to any who suffer from this terrible malady: Mrs. John Mather, Bancroft, Ont., says: "My little son, Clive, at the age of five was stricken with spasms or fits and despite all we did for him, for the next five years was afflicted with them, apparently growing worse. He was under the care, at various times, of five different doctors, but they did him no good. He was growing worse all the time, until he got so bad he would sometimes have twelve of these spasms in twenty-four hours. I sent him to the Sick Children's Hospital, where they pronounced the trouble epilepsy, but did not help him. Later he was treated by a specialist, but to no avail. I was almost in despair when my mother advised me to give him Dr. Williams' Pink Pills. I got the pills and gave them to him, strictly following the directions as to diet. He continued taking the pills for several months, the spasms gradually coming less frequently, and with less severity, and finally they ceased altogether. It is now about two years since he took the last of the pills, and he has not had a fit in that time, and is now as well and strong as other boys of his age. I have great reason to be grateful for what the pills have done for him, and hope this may be of value to some other sufferer."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Is No Estate.

Hamilton Spectator.

Early in April of last year the residents of Hamilton and the surrounding country were thrown into a state of excitement over the report in the newspapers to the effect that when Francis Glover died in New Jersey in 1760 he left an estate valued at $60,000,000, the money being deposited in the Bank of England, and as a great many people in this vicinity claim relationship with the deceased, the announcement created a great deal of excitement.

A meeting of all the supposed heirs was held in Green's hall for the purpose of making arrangements to send a representative to London and secure the fortune, following the establishment of the claimants to their share.

Now the news comes from London, Eng., that there is no such estate waiting to be divided, and the golden dream has gone up in a cloud of smoke.

A large number of local people interested in the matter called upon P. D. Crerar, K.C., at the time, and in spite of the fact that Mr. Crerar assured them that there was no such estate, many disbelieved him, and wanted positive proofs.

In order to satisfy the dubious ones Mr. Crerar communicated with the London office of the Bank of England, enclosing the newspaper accounts of the supposed fortune, and inquired if there was any foundation to the story, and two days ago he received the following statement from the chief accountant of the bank:

"Dear sir,—I have to acknowledge the receipt of your letter of the 29th ult., and to inform you that nothing is known at the bank of the matter to which you refer.

"No unclaimed stock or dividend, and no cash deposit can be traced in the name of Francis Glover.

"I am, sirs,

"Yours faithfully,

"C. N. LATTER,

"Chief accountant."

OPEN LETTER.

347 KING STREET WEST,
TORONTO.

DEAR SIR:—

You are no doubt aware of the great crusade against Consumption in which Canada is each year taking a greater part, and in which this Association has done pioneer work throughout the Dominion.

"The Great White Plague" is much more prevalent than most people have any idea of. Expert medical authorities tell us that one person in ten is doomed to die of Consumption at present.

A FREE ILLUSTRATED LECTURE with 110 Lantern Views, will be given on Wednesday evening, 7th inst., at eight o'clock, in Knox Church School Room, Milton, by Mr. J. B. Watson, Field Secretary of this Association. A collection will be taken at the close.

Mr. Watson's lecture explains in a simple, interesting and complete way, exactly what the disease is, how to avoid it, and how to treat it.

Parents especially should know how to protect themselves and their children. Every private individual—man, woman and child—is in danger, and should know how to combat it.

Our purpose in writing is to say that as this opportunity may not present itself soon again, we think you should take advantage of it. We feel sure you will not regret it.

Yours faithfully,

R. DUNBAR,
Secretary-Treasurer,
National Sanitarium Association.

John Moffat, of Brantford, formerly of Milton, was in town last night.

Williams agreed to install and equip in the said Town of Milton a shoe factory, of the value at least of $35,000.00, and employ a certain number of hands therein for twenty years from the 1st day of August, A.D. 1911, and the said Corporation agreeing to guarantee the bonds of the said J. W. Williams, or of any company which he might incorporate, to the extent of $25,000.00 to be secured by a first mortgage on the premises and plant in favor of the said Corporation, as fully set out in said Agreement, and also to confirm and validate by the Ratepayers of the said Corporation of the Town of Milton passed pursuant to the Act in that behalf, pursuant to such Agreement, and also to bonds issued under such Agreement and by law.

Such Act is sought notwithstanding a possible objection to such Agreement and by law on the ground that the said J. W. Williams prior thereto had been doing with other parties carrying on a shoe business in the Town of Brampton, in the County of Peel, under the name of "Bangay Williams" limited, in which last mentioned business he has gone into voluntary liquidation.

Dated at Milton this 1st day of January, A.D. 1912.
