The Canadian Champion

MILTON, Mar. 28, 1912.

The Finance Minister presented his supplementary estimates in the House of Commons on Tuesday evening. Halton comes in for a fair share of the appropriations with $5,000 for a public building for Milton, doubtless the post office for which the Board of Trade circulated a petition lately; Acton gets $10,000 for a public building, and Burlington $25,000 for a revetment wall, etc., for the harbor.

The Association of Canadian Clubs is moving in the matter of a fitting celebration of the Semi-centennial of Canadian Confederation on Dominion Day, July 1st, 1917, on the ground that if the celebration is to be an intelligent and well-ordered one it is not too early to take the initial step now of giving the idea wide publicity. C. R. McCulloch, of Hamilton, Honorary President of the Association, contributed an article on the subject to the Canadian Courier, in which it appeared on January 20th. The article has now been published in pamphlet form. We recommend it to Canadians generally.

It is expected that as soon as houses can be built to accommodate them, operatives in Milton's new industries will bring their families here, and it is understood that a number of dwellings will be erected after spring opens. This means a large increase in population and with it will come a need for more school accommodation. As it is, there is no room to spare in the public school, and an addition to the present building or a new building in another part of the town will be necessary. Milton needs a high school. For years the growth of the town has been retarded on account of that need. Citizens have removed elsewhere to get educational facilities for their children and people who would have become citizens under other conditions did not do so because of the absence of such facilities, except those of the public school. If a high school were established here the continuation classes would be taken into it, leaving plenty of room in the public school for the junior classes, reducing its staff of teachers by two, and with it salary expenses.

This matter should be considered now, in time to arrange for public or high school building operations during the coming summer. If the high school proposition be approved the necessary application to the Ontario Department of Education should be made without delay.

It is announced that the Liberal Opposition of the Ontario Legislature has adopted the following "banish the bar" platform: (1) The immediate abolition of the bar; (2) such other restrictions upon the residue of the liquor traffic as experience may show to be necessary to limit its operations and effective to remedy its evils; (3) the strict enforcement of the law by officials in sympathy with law enforcement, and the elimination of political influence from the administration of the law; (4) regulation and inspection of all houses of public entertainment so as to insure reasonable accommodation for the travelling public.

The Globe says the Liberals seek to withdraw from the hotels the license to sell liquor over the bar or supply it to guests with their meals or in any other way, to restrict the sale of liquor to shops, where, as at present, purchasers would not be allowed to consume it on the premises, thus confining drinking to private houses and to clubs, and, by regulation and inspection, secure for travellers proper accommodation in the hotels.

Mr. Rowell will submit this platform to the Legislature to-day in the form of a resolution. The indications are that the Government and its supporters will meet it with ridicule and vote solidly against it. Hon. W. J. Hanna said on Tuesday, in an interview: "Leaving as it does all shop licenses, clubs, wholesale licenses and breweries, and cutting out only the bars, it is a joke, nothing more than a joke."

Local Optionists Defeated.

Five Owen Sound councillors elected last January, all local optionists, were unseated, and another election was held on Saturday. Four out of five local optionist candidates were defeated by antis. This makes the standing of the council, against local option 10; for it 7.

ORDER NOW. Under a special arrangement made with the publishers of the Toronto World we are enabled to offer that daily morning paper and the Champion for one year for $3.00 for both. It is unnecessary to enlarge on the merits of the World as a newspaper. They are well known. But the World makes its daily market reports a specialty, which makes it the most valuable to farmers of all Canadian newspapers. Send in your subscriptions to the Champion office while this exceptional clubbing offer stands open. Do it now. tf

DON'T BE BALD

Nearly Any One May Secure a Splendid Growth of Hair.

We have a remedy that has aided to grow hair and prevented baldness in 18 out of 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall '93' Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall '93' Hair Tonic is as pleasant to use as clear spring water. It is delicately perfumed, and does not gummy or gum the hair. Two sizes, 50c and $1.00. With our guarantee behind it you certainly take no risk. Get a bottle at our store—The Rexall Store. E. W. Snelgrove, Phm. B., Milton, Ont.

A GOOD MEDICINE FOR THE SPRING.

Do Not Use Harsh Purgatives—A Tonic is All You Need.

Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which clears the skin, strengthens the appetite and makes tired, depressed men, women and children bright, active and strong. Mrs. Maude Bagg, Lemberg, Sask., says: "I can unhesitatingly recommend Dr. Williams' Pink Pills as a blood builder and tonic. I was very much run down when I began using the pills, and a few boxes fully restored my health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"CATCH AND OUT."

Melbourne Australasian:—The young bowler was having his first trial for the Victorian Eleven against New South Wales, with the incomparable Victor Trumper batting. A driven ball came whizzing back like a cannon-shot, and the young bowler prudently ducked, and let it go its way. "If you catch those he's out," mildly observed the captain. "Yes," said the colt, "and if they catch me, I'm out."

TRUE TO IRELAND

When Dan Donnelly, the Irish pugilist of the early part of the last century, was called before a royal personage who patronized the ring, he heard this: "Donnelly, they tell me you are the best man in Ireland." "I don't know about that, your Royal Highness; there are lots of good ones there," answered Donnelly, "but I am the best man in England."

New System on Trains.

A new system of collecting tickets and fares is now being successfully operated on the Grand Trunk Pacific Railway. The train conductor has now nothing at all to do with the handling of tickets or cash. His business, as in the case of a ship's captain, is purely to manage his train and all the officials who operate it. His authority is absolute. The tickets and fares are all collected by an official known as the "train agent," and whose whole duty is to look after the fares.

Canada's Cold Fields.

That Quebec has a gold field which will surpass Porcupine is the belief of J. O. Woodward of New York. The gold was taken from a district 240 miles below Quebec city. "I saw," said Mr. Woodward, "one nugget of twenty-two karat gold which I could hardly lift with my right hand. I have seen gold from all over the world, but none of it could equal the collection I refer to."

TO THROW OPEN HOMESTEADS

Over 25,000 homesteads will be thrown open along the line of the Grand Trunk Pacific Railway west of Edmonton this year. Of this number 15,000 are in the Grande Prairie section north of Edmonton, the first portion of the famous Peace River Country.

Cost of Telegraph Equipment

During the investigation into the telegraph department of the Canadian Pacific Railway lines, it was brought out that the total cost was $6,696,421.40, of which $3,897,228 was for line equipment. This was spread over 12,108 miles of poles, making the average cost $321.87 per mile.

Catch of Whales.

The Canadian Northern Pacific Fisheries' steam whalers (Victoria) had the largest catch in their history last season, whales to the number of 1,600 being taken.

Fine Moose Head.

Three hunters recently brought into Edmonton one of the finest moose heads ever found in the Province. The spread of the antlers measured exactly 5 feet.

Colonel the Hon. Sam Hughes has given notice of a resolution in the Commons to grant the veterans of the Fenian raid $100 each.

Mr. and Mrs. John Black, of Hornby, formerly of Perin, Ont., announce the engagement of their daughter, Minnie E., to William E. Graham, of Winnipeg, son of Mr. and Mrs. Thos. Graham, of Holland, Man.

Owing to the death of Dr. Thorburn, a son-in-law of Chief Justice Sir William Meredith, the enquiry into the defunct Farmers Bank was postponed until May. Sir William was at Osgoode Hall, but did not leave his chambers, and Frank Hodgins, K.C., made the announcement.

Local News.

Mrs. J. T. Hannant is again able to be out.

A FINE PHOTO.—A large photo by A. M. Cunningham, of Hamilton, of the head office of the Bank of Hamilton, arrived at the Milton agency this morning. It is a beauty.

Major Grant entertained the members of the county council and the Reeves of Georgetown at dinner at the Hotel McGibbon on Tuesday. During the proceedings the Major was taken suddenly ill and had to retire. However, we are pleased to state he is recovering.—Georgetown Herald.

Two weeks ago The Canadian Churchman, in its London correspondence, had the following about a Milton old boy: "St. John the Evangelist.—Before a large audience Mr. F. Keith D'Alton, of the University of Toronto, gave a very interesting lecture in the Parish Hall on the evening of Friday, March 1st, on the subject of "Wireless Telegraphy." The lecture, which was beautifully illustrated by means of lime-light views, was given under the auspices of the Men's Club."

As a result of the recent oil boom at Milton, a syndicate of Toronto men have been leasing land in the Burlington district, principally in the vicinity of Appleby, for the purpose of boring for gas and oil around here. The leases are for five years, and work must be commenced within fourteen months or the leases expire. We understand over 1000 acres have been leased. Further developments will be awaited with a good deal of interest.—Burlington Gazette

The twelfth annual meeting of the Ontario Library Association will be held at the Toronto public library, Easter Monday and Tuesday, April 8th and 9th. "The Work of Librarian" will be dealt with by Miss Mabel Dunham, Berlin; W. O. Carson, London; Miss S. J. Reid, Chatham; Miss H. Young, University of Toronto; Miss Annie T. O'Meara, London; Dr. G. H. Locke, Miss Poole, Miss Barnstead, Toronto Public Library, and Miss L. Stearns, Free Library Commission, Madison, Wis. Public library boards should be sure to send their librarian to this library meeting.

TO BE TRIED BY JURY.—Last week Walter Foreman, of Acton, was committed for trial by Geo. Hynds and H. P. Moore, J. P's., on the complaint of his wife, who charged him with assaulting her on 16th inst., "causing actual bodily harm, by catching her by her arms and face and throwing her to the floor, at the same time threatening to kill her." Mrs. Foreman swore to the assault and threat, that her husband's parents live at Minneapolis, Minn., whence he and she had moved to Acton last August, and that at Sault Ste. Marie, Ont., three years ago, he had made similar or worse threats. He was sent to jail there on his mother's evidence. John Bruce, a boarder at the Foremans' house, swore prisoner had been acting in a peculiar manner occasionally and on 16th inst. witness heard him threatening to kill his wife. Witness believed Mrs. Foreman's life would be in danger if her husband were allowed to return home at present. John Lawson, constable, swore that several complaints had been made against the prisoner, who had rung the fire bell on Sunday night, alarming the citizens. Witness arrested prisoner, who used profane and obscene language, and locked him up. Prisoner smashed the door of the cell he was in, and on being put into another, smashed its door too. The magistrate committed prisoner for trial. On Friday the prisoner was arranged before Judge Gorham, pleaded not guilty and elected to be tried by a jury. He was remanded to jail for trial at the June sessions.

Samuel Burton, of Burlington township has purchased the Farmers' Hall, lately belonging to Masonic Hall, being part of lot 13, 1st con. west of Credit road, Chinguacousy township, Peel county. The sale was made by J. A. Willoughby, Georgetown.

GOOD ROADS.—The good roads committee of the county council met at Georgetown on Tuesday. The good roads situation was considered. It was stated that it would be necessary to spend a considerable amount in Nelson this year on county bridges and that in Trafalgar certain unfinished road work would have to be completed if the county is to avoid injunction proceedings. On the other hand it appeared that Nelson and Trafalgar had got about all that was coming to them in expenditure under the good roads by-law and that it might be necessary to pass another debenture by-law. Seven of the twelve committee men voted in favor of a $300,000 by-law, debentures not to be sold at once, but in lots as required.
