We are sorry to say that though the Rev. D. S. Houck, of the Methodist Church, is holding his own, he has made no progress toward recovery from the illness which has confined him to his bed for about two weeks. He suffers from severe pains in his head, resembling those of neuralgia, but perhaps not neuralgia.

CURLING.—Though no matches have been played by the Milton Curling Club lately there have been many exciting games for two single-rink championships. Rinks skipped by J. J. Peacock have won them both. The season has been one of the most successful of recent years. It will be wound up to-morrow evening with a banquet at the Hotel McGibbon.

Dr. Zimmerman, Dentist, has his office open now on Main Street, over Houston's, opposite Dr. Wickson's. Telephone installed. Office hours 2 till 5 p. m.

ELECTRIC LIGHTING—A member of the town council has discussed with the Champion the report on electric light published last week with the minutes of the town council meeting. He said that the engineer who installed the plant said that the amount which should be allowed yearly for depreciation was 6 per cent. This would figure up to about that of the surplus quoted in the report, $1057.80. Though there is really no surplus the plant seems to pay its own running expenses.

"Miss Teskey's recitations delighted the audience. She has a splendid speaking voice and a fine stage presence. Her every number was heartily encored, to which she responded most pleasingly." Uxbridge Times. Hear her at Methodist choir concert Good Friday night.

Concert Committee meeting was called for last night, but owing to the inclement weather there was no quorum present, so it will be held on Thursday, April 4th.

HORSE FOR SALE—A 7-year-old bay horse, heavy class, broken. Apply to W. J. HEARST, Hornby. 2t

The regular meeting of the Imperial Order of the Daughters of the Empire will be held at the home of Mrs. Robt. Stewart, on Friday (to-morrow) at 3.30 p.m.

Georgetown has organized a board of trade with practically all the business men and leading citizens on its membership roll. A concert will be given to raise funds for advertising the advantages of the town.

GOOD CATTLE—On Friday last Alex. Scott, of Brampton, shipped from Milton 23 head fine cattle for the Easter market. 16 of them were bought from James Murray, of Mansewood, and 7 from George Irvine and Alex. Porter.

Get your bread from McJannett's. Having made a contract with one of the largest bakeries in Hamilton we are prepared to give the public first-class bread, delivered to any part of the town. Give us a trial. Phone 37.

HEAVY COSTS.—The county is asked to pay over $1800 for costs in the suit Halton vs. Rutherford, the injunction and subsequent proceedings in connection with the Oakville bridge. The fees of the witnesses subpoened by Mr. Barber were about $400. The bill is about four times as large as was anticipated.

Be sure to hear Miss Mae Teskey, elocutionist (second appearance), at Methodist Church, Good Friday night (April 5th). Admission 25c.

"The audience expected much from Miss Teskey and were not disappointed. She has a pleasing, magnetic personality, and shows much native ability as well as careful training." Bracebridge Herald.

GETS $50.—Last July, Wm. Ferrier, of Nassagaweya, was convicted of stealing a horse belonging to Thos. Wilson, of the same township. Under a county by-law providing for the payment of a reward of $100 to the constable who makes the arrest in such a case, Judge Gorham ordered the payment of that amount to Constable Wm. A. Chapman. On account of the circumstances of the arrest, which was an easy one, the county council asked the Judge to reduce the amount of the reward, the statute giving him discretion in the matter. He has reduced it to $50.

MORE GROWTH—The manufacturing by the Imperial Foundry Co., Ltd., of the Milton Hot Water and Steam Heaters, with their custom work, has increased so their premises on Mill St. have become too small. Therefore they have bought 2½ acres from the Martin brothers on the north-west side of the north-east end of Main St., where they propose to erect a building to suit them during the coming summer. The ratepayers of the town may be asked to vote on a by-law for a loan to assist in the expansion of this flourishing industry. The price of the land was $850 an acre.

On Tuesday a leading Toronto surgeon came to Milton to perform an operation on W. H. Howes, who had been ailing for about two years and within the last few months had been failing fast. It was known that there was an abdominal growth of some kind and it was hoped that an operation would restore Mr. Howes to health. The operation was begun, but was not finished, as it was found that the growth was a cancer and incurable. It is feared that Mr. Howes will live but a short time. He has been a worthy citizen of Milton for about fifteen years and a great many friends sympathize deeply with him and Mrs. Howes and their son and daughter.

FIRE.—About 2.30 a. m. yesterday John Hunter's stable, in rear of his dwelling on Queen Street, took fire. Mr. Hunter's next neighbor, Wm. Harbottle, first saw the glare, got up, roused Mr. Hunter, went to the town hall and sounded the alarm. The building was all in A blaze, but Mr. Hunter opened its door hoping to save his horse. He was driven back by flames. The brigade turned out promptly and did good work, saving the dwelling 30 feet from the barn, and other neighboring buildings. T. E. Parsons had his ice house slightly damaged. Fortunately there was no wind. Mr. Hunter figures his loss on building, horse, cutter, buggy, harness, etc. at $600. The insurance was only $50. The cause of the fire is not known. Mr. Hunter says he was in the stable at 7 p.m. on Tuesday. All was right then. He believes the building was set on fire, possibly by a tramp who took shelter in it. He does not suspect incendiarism.

THE BELL RINGERS.—It is not often that Milton is favored with an entertainment of as high a class as that given by the Royal English Hand-bell Ringers at the town hall on Monday evening, under the auspices of Knox Church choir, and as it was well advertised there was a big house. Every reserved seat was sold, the rush seats were all occupied, and everyone was charmed. The bell selections, whether simple, well-known melodies, or such difficult selections as "The Caliph of Bagdad" and "The Hallalujah Chorus," were all executed with the greatest ease and with splendid effect. The part singing, duets, quartettes and double quartettes, rivalled the bell music in delighting the audience. All were encored and one, "Old Kentucky Home," was followed by a double encore. Perhaps the most notable among the solos was "Love's Old Sweet Song," sung by Mr. Charlesworth, who has a remarkable voice, a perfect alto, well trained, and who made a decided hit, as did also Mr. Hemsap with his base solos. The Organ accompanists, Mr. Dewsnap and Miss [illegible], were all perfect, and the Choir [illegible] [illegible]

PROMOTED—The following change in the Army Medical Corps, Vancouver, B.C., was gazetted in the last militia general orders: To be captain: Lieut. K. D. Panton, vice L. C. Harris, promoted. 7th February, 1912.

KNOX CHURCH—The subject for Sunday morning will be, "The Triumphal Advent." Anthem, "Palm Branches." (Carl Bruch.) Evening subject, "The Battle of the Gods." Anthem, "Bow Thine Ear." Mozart.) Mrs. Mackay will preach at both services.

CORRECTION.—Last week we published a list of real estate sales in Milton in which was included the house of C. B. Lewis. It proves that we were misinformed. Mr. Lewis says he has not sold his house nor offered it for sale; neither is he going to remove to the house formerly occupied by his parents. We regret that we were misled.

THE OIL WELL.—Drilling operations at the Brandon oil well are at a standstill on account of the breaking of the heavy cable used with the drill. The part which broke off is still in the well and all efforts to get it up have failed so far. The outside Canadian and American oil men complain that local landowners insist on unreasonable terms for drilling leases and few are being secured now. They say that there is evidence of a good oil field here, they are willing to risk their money to develop it and the only hope for drilling is in outside money. Operations are suspended, but it may be started too far. Leases have been secured on over 3000 acres, so it is said.

ON SUSPENDED SENTENCE.—On Friday, John McAllister appeared before Police Magistrate Dice charged by Jeanie Park, wife of Lewis Park, bricklayer, with obtaining $1 from her by false pretenses. The prisoner came to Milton from Toronto on 16th inst., and worked in the brick yards. He is about 50 years of age, and is a Scotchman, 9 months in Canada. Mrs. Park swore that the prisoner had called at her house on 18th inst., said he was to work for the Edwards Co., that Mr. Park had sent him to her and that she was to give prisoner money to buy a pair of callipers. He asked for 50c, but witness gave him $1. Mr. Park swore he had given prisoner an old shirt, but had not authorized him to get any money from Mrs. Park. The P. M. committed McAllister for trial. The man appeared before Judge Gorham on the same day, pleaded guilty, said he had never been in trouble and had intended to pay back the money. He was released on suspended sentence.
