[illegible]—The Warden has [illegible] the county council [illegible] Banner, Joyce.

The Stars [illegible] Minstrels [illegible] Banner, Joyce.

Mr. and Mrs. W. I. Dick got home on Sunday evening from their trip to Baltimore, Md., and Washington, D.C.

WANTED.—We are open to do all kinds of cleaning, water closets, &c. —Henry Hemming and A. Andrews.

METHODIST CHURCH—Sunday, April 21st, Rev. James Thom, of Toronto, will conduct both services. Good music. Strangers always welcome.

WANTED.—Young farmer and wife to work farm near Oakville, on salary basis. Reply to Canadian Champion.

KNOX CHURCH—The subject for Sunday morning will be, "Protestantism: What it is." Anthem, "God of the Morning." (Smith.) C. E. Robertson and R. E. Gollins will sing. Evening subject, "The Lost Ten Tribes." Anthem, "I am Alpha and Omega." (Sir John Stainer.) Mr. Mackay will preach at both services.

Hugh Campbell has been appointed issuer of marriage licenses. Office—Town Hall, Milton. 25-tf.

Jasper Martin was taken suddenly ill on Monday afternoon, the result of over exertion in handling lumber in the morning. At first his symptoms were considered alarming and his son was summoned from Hillsdale, but did not stay as Mr. Martin recovered quickly. We are happy to say that he was out this morning, looking nearly as well as usual.

Painting and Paper Hanging done. Also good Wall Papers for sale.—A. E. Ashby, Mill Street, opposite skating rink, Milton. 45

Miss Elvie Pirie left on Monday for her home at Winterbourne, where she will remain for some time on account of the failing health of her mother. For six years she has been stenographer and clerk in the office of J. W. Elliott, K.C., who will find it hard to replace her, as she has been an exceptionally clever assistant. Her departure and its cause are regretted by many Milton friends.

DENTAL.—Dr. T. T. Harris will visit Milton professionally on Thursday next, 25th inst., and will be found at the Hotel Royal.

DAMS GONE—Since last week the breaking of three dams by the freshet of 5th and 6th inst. has been reported, those of the old Wheelihan grist mill near Campbellville, the Zimmerman and Dakota grist mills. Great damage was done to the road below the Wheelihan dam and repairs will be expensive. The mill had not been operated for some time and the dam is not likely to be rebuilt.

INDIAN LIST CASES.—On Tuesday Albert Palmer and John Wilson appeared before Police Magistrate Dice, both charged with having been under the influence of liquor through on the prohibited list. In such cases being under the influence, not necessarily drunk, is sufficient. Both pleaded guilty and were required to say where they got their liquor. Palmer said he got his at a club house in Toronto, drank there, and got a bottle of whisky which he brought home. Wilson said he got his from men employed at Christie's quarries, Italians whose names he did not know. Both were fined $10 and costs or 30 days. Both settled.

GOOD NEWS—Rev. D. S. Ha[illegible] took a bad turn on Sunday and for some time the worst was feared. He is rallying and has been doing splendidly. Favorable reports are being received every morning. To-day's is that he has been able to talk rationally for some days; there was less paralysis and his general condition had improved so much that it was intended to take him from Buffalo to Welland to-day, weather permitting. There was reason to hope for a complete recovery.

BROKE HIS ARM.—Archie McEachern, aged about 13, had a bad accident on Saturday near the west end of Main Street. He had one knee in his hand wagon, which he was propelling with one foot. He ran off the walk where it was high and the fall broke his right arm at the elbow. The bone protruded through the flesh. The surgeon who reduced the fracture said it was one of the worst he had ever seen. There is altogether too much waggon-riding on the sidewalks by boys, dangerous to them and to pedestrians. It should be stopped altogether.

NORMAL SCHOOL.—The following graduates of Milton Model School were successful at the Easter examinations of the Normal Schools, and are all entitled to permanent Second Class Certificates. It is hoped that they will re-enter our Halton schools as teachers for 1912-13:—Pearl Anderson, former school, 10 Trafalgar, post office, Milton; Ellen Heeks, (7 Trafalgar,) Bronte; Gertrude Husband, (9 Nassagaweya,) Toronto; Hattie Johnstone, (6 Trafalgar,) Omagh; Flora McDonald, (10 Esquesing,) Mansewood; Lillie Maine, (2 Nassagaweya,) Milton; May L. Miller, (4 Esquesing,) Streetsville; Helen Panton, (Milton P. S.,) Milton.

KILLED AT TORONTO—Robt. Rogers left Milton for Toronto a short time ago and got employment on the erection of the new building of the G. W. Gillett Co., corner of Liberty and Fraser Ave. On Monday afternoon he fell down the shaft of the elevator hoist, which he was operating. His back was broken and his scalp cut. He was rushed to the Western Hospital, where he died soon after his arrival. He was an Englishman, and worked for a some years in the Winn shoe factory. When the factory shut down he went to Calgary. He returned last fall and worked on the construction of the drain from the school building to the Pine St. hill. He left a widow, a stepson and a stepdaughter, Mrs. Wilfrid Wood, of Toronto.

RECREATION WANTED.—Young men who have come from cities to the employ of Milton industries complain that, except bar rooms, there are practically no places of recreation in the town, and some are reported to have left on that account. They have been accustomed to having free access to well equipped free public libraries and reading rooms. The opening of the proposed Carnegie public library would meet this want, but though it would cost the town little, if anything, for maintenance, and though the wisdom of providing counter attractions to the bar room is generally admitted, there are people who object to paying that little. Is it the influence of such people that prevents the town council giving the necessary guarantee of maintenance though the library scheme was approved by a majority of all freehold ratepayers in January 1911? Some of the employes are billiard and pool players. As for billiard rooms, though they are the rule in city Y. M. C. A's., they are anathema here.

BOARD OF TRADE.—A meeting of the board of trade was held at the council chamber on Friday evening. The attendance was large, a number of new members having been added to the list lately. The principal subjects discussed were the house famine and the proposed opening of communication with the Bousfield lots on the northeast side of the C. P. R. by continuing Fulton Street on the southwest side of Grace Church to the lots, via a subway at the C. P. R. crossing, or continuing Court Street with a level crossing of the railway and a subway on the 2nd line. The Fulton Street proposal was favored by the majority of the members. A committee was appointed to interview the C. P. R. management on the crossing proposals. Efforts will be made to promote the building of as many dwellings as possible. It was reported that employees of local industries had removed from the town on account of being unable to procure suitable dwellings. The board will meet every Friday evening until further notice.

DOUBTFUL INVESTMENTS.—A Vancouver correspondent has this to say about a couple of British Columbia towns which have been extensively advertised in the east and in which eastern men are said to have invested heavily: "Land was bought on the south side of the Fraser, about 15 miles, or rather 20 miles, from Vancouver, and there was laid out the town site of Port Mann, which has been boomed at a tremendous rate, and over $4,000,000 received from sales there, it is said. There is practically nothing there but the ground—no buildings of any consequence as yet, but the ground has been sold for very fancy prices, some single lots bringing as much as $8000, and commonly ranging from $1000 up. In fact, the cheapest lots I have noticed in that town were plots $750 each. They will undoubtedly build up a town of a few thousand souls, but I don't see any reason to expect a population of 30,000 to 50,000 in a few years, as promised by the vendors of the lots. Couquitlam is another proposition near there that has been boosted at a tremendous rate on the representation that the C. P. R. will have a permanent pay roll of 5000 men there, but the most I can make from any official declarations of the C. P. R. people is from 50 to 200 men for some years hence. The vendors of both these places say they make most of their sales in the east, and if so the eastern buyers will be likely to feel pretty sick when they find that they haven't bought in big, growing, industrial cities, as indicated in the pictures that have been used to delude them. The Port Mann and Coquitlam booms seem to be dying out now, as the advertising is dwindling down, and the speculative forces will no doubt come back to Vancouver and vicinity." AUTOS ORDERED.—Jas Houston is agent for the Ford automobile. He has ordered four for Miltonians, Dr. Anderson, Dr. McColl, J. W. Elliott, K. C., and himself, and three more for other Haltonians.

Dr. Zimmerman, who is now established in his new office, will confine himself principally to crown and bridge work and to contour plates, replacing old dentures with non-detectable ones, and restoring to the patient the natural features of physiognomy. Office hours 2 to 5 p.m. Morning engagements made by phone, No. 128.

By-law No. 111 forbids the running of wheeled vehicles of any kind, including wheelbarrows, on the sidewalks. As no attempt has been made to enforce it, the youngsters who run their wagons on the walks to their danger and that of pedestrians can hardly be blamed. They have never heard of the by-law, but they should be warned now and punished if they do not heed the warning.
