Lost—Between Milton and Streetsville, on Saturday, June 8th, a gold watch. Finder will be rewarded. Apply Herald office.

The Herald says Georgetown expects to land another industry, a foundry.

Prof. Hunt, of O.A.C., Guelph, is in town to-day on his first visit as judge of lawns, etc., for the Horticultural Society.

NEW AUTOS.—Jas. Houston, agent, delivered three new Ford autos in Milton on Friday, to Dr. McColl and J. W. Elliott, K. C., town, and R. W. Fox, Omagh.

Anniversary services will be held in Hornby Presbyterian Church on Sunday, June 23rd. Rev. W. M. Mackay, of Milton, will preach at 11 a. m. and Rev. W. R. Walls, of Mansewood, at 7.30 p. m.

BANK CHANGES.—On Monday three of the clerks of the Bank of Toronto, all Milton boys, were sent to the Winnipeg branch, Harold Dent, Harvey Tiffin and Chas. Kenney. The last named has been at the head office ever since his engagement. Wm. McDowell, son of the late Chas. McDowell, of Nelson, joined the Milton staff on Monday.

KNOX CHURCH---Anniversary Services will be held on Sunday. Rev. T. D. McKerroll, of West Toronto, will preach at both services. The choir will furnish special music. All welcome.

ANOTHER FACTORY FOR MILTON.—The Storey glove factory, of Acton, finds its premises overcrowded and has arranged to open a branch in Milton in one of the buildings owned by Edwards Co., Ltd., and which is not needed at present in the manufacture of motors. The work of preparing the building begins to-day and the glove makers will be in it within about two weeks.

Remember the Date, June 21st.---The Ladies' Aid of the Methodist Church will have a Bazaar on the above date at 3 o'clock, when there will be offered for sale a variety of useful household and personal articles, also home-made bread, biscuits, cakes, pies and candy. In the evening a first-class entertainment will be given and the refreshment booth will be open for a liberal patronage. Admission in the evening 15 cents.

THE OIL FIELD.—The drilling of the new well of Brandon's Oil Syndicate, 6 feet from the original one, is nearly finished. Work has been going on continuously, day and night, and the average progress per day has been 130 feet. A depth of over 1300 feet has been reached and it is expected that the work will be finished by next Saturday. Mr. Brandon does not think the drill can go much lower than it did in the original well, as the flow of oil will prevent it. A good idea of the merits of the well can be arrived at by Monday. At the Bowlby Syndicate's well on Thos. Howden's farm, the drill has reached a depth of 150 feet. Work will be rushed there.

GARDEN PARTY—A garden party, under the auspices of Omagh Literary Society, will be held at the residence of Wm. A MOTOR ROAD.—Invitations have been issued to representatives of the counties of Halton, York and Peel, the cities of Toronto and Hamilton, the boards of trade, Ontario Motor League and the Ontario Good Roads Association to attend a conference on the subject of a permanent through roadway between Hamilton and Toronto. It will be held at the Oakville Club, Oakville, on Friday, 21st inst., at 10.30 a. m. Definite resolutions will be presented at the meeting. Such a road is desirable to motorists of the two cities and those along its proposed line, but in this county only people living on the lake front are interested in it.

GARDEN PARTY—A garden party in aid of Hornby Presbyterian Church will be held at the residence of Abram Stark, lot 14, 5th line, Trafalgar, on Tuesday evening, June 25th. A first-class programme will be given by the following high class talent: J. H. Cameron, entertainer, Toronto; Howard Russell, baritone, Toronto; Miss Myrtle Sheppard, A.T.C.M., elocutionist, Brampton; Dr. Harvey Robb, accompanist, Toronto; Mr. Turner, gramophone selections. Refreshment booth on the grounds. Admission 25c., children 15.

HORSEY.—On Friday a prominent citizen was about to drive out of town with a friend. He ordered a horse and buggy from a livery stable, to be left at his place of business. About the same time one of our physicians instructed his groom to hitch up and bring his horse for a professional trip to the county. The groom obeyed promptly, brought the rig and tied the horse to a post, where the prominent citizen saw it, thought it was for him, called his friend and drove off. After they had got out of town the friend noticed that the rig was not one belonging to the livery sable and there was a quick return. In the meantime the doctor had stepped out of his office ready for a start and was astonished to find his outfit gone. Before he had got over his astonishment it came back. Explanations were made and accepted.

DR. ZIMMERMAN, who is now established in his new office, will confine himself principally to crown and bridge work and to contour plates, replacing old dentures with non-detectable ones, and restoring to the patient the natural features of physiognomy. Office hours 2 to 5 p. m. Morning engagements made by phone, 128.

SCHOOL INSPECTION.—The Minister of Education asks the county councils of Halton and Wentworth to consider a scheme of public school inspection to replace the present one; stating it thus for Halton: "While the number of schoools in your county is smaller than it might be for one inspector, the number in the adjacent county of Wentworth is too large. The minister, accordingly, proposes, under Section 95 (3) of the Public Schools Act, that the schools of both counties be divided between the inspectors, so that each shall have about the same amount of work, and that the county of Wentworth shall pay a part of the salary of the inspector of the county of Halton; but the amount of said part to be proportioned to the number of schools under his charge. As each inspector is paid the maximum salary, the amount of work apportioned to each should be as nearly as possible the same." It is desired that the new arrangement shall go into effect next half year. Chief Inspector [illegible] will wait on the county [illegible]
