FEED WHEAT—Do not miss this opportunity to get feed at extra good value—75c. a bushel, at T. D. Hume's.

John Watson, of Vancouver, was in town yesterday and was welcomed by many old friends of his boyhood. He left Milton for Vancouver 14 years ago and was back only once, 11 years ago. He reports that all the ex-Miltonians now in his city are doing well. He left for Toronto yesterday evening and will leave for home next Tuesday.

Painting and Paper Hanging done. Also good Wall Paper for sale.—A. E. Ashby, Mill St., opposite skating rink, Milton. 51-

THE GLOVE FACTORY.—Milton's newest industry is now in operation. It is a branch of the big glove factory of W. H. Storey & Son, Limited, Acton, and is located, as previously reported in the Champion, in one of the buildings of the Edwards Electrical Co., Ltd., opposite the C. P. R. station. A staff of experts has come from Acton and a number of Milton girls will be engaged as apprentices. See advertisement.

A garden party in aid of Omagh Presbyterian Church will be held at Henry Turner's, 4th line, Omagh, on Tuesday evening, July 16th. Particulars later.

PUBLIC SCHOOL—So far the school board has not succeeded in engaging a principal for the public school to succeed W. F. Inman, resigned, but negotiations are in progress with Mr. Marcellus, of Flesherton, who has been recommended by Dr. Waugh, Inspector of Continuation Schools. He has been offered a good salary, which it is hoped he will accept. He is a highly qualified and successful teacher. The report that Mr. Glenn had been engaged was incorrect.

Robert Leslie, of Glenwilliams, has sold his 125 acre farm and known as the Leslie homestead, being lot 22, in the 10th concession of Esquesing, to Joseph Beaumont, of Glenwilliams. The sale was made by J. A. Willougby.

Robert Matheson, B. A., the ex-Canadian journalist, returned Tuesday from a very pleasant holiday trip to the Pacific Coast. He went first to visit his brother John D. Matheson at Billings, Mont., in which city he was Superintendent of Schools just 22 years ago. At Seattle he was met by his brother Walter, now a leading real estate man of Vancouver, and the two rambled delightfully about the Coast towns and cities for several weeks. Mr. Matheson came back half resolved to return to British Columbia and settle there for life.—Chicago Canadian-American.

Dr. Zimmerman, who is now established in his new office, will confine himself principally to crown and bridge work and to contour plates, replacing old dentures with non-detectable ones, and restoring to the patient the natural features of physiognomy. Office hours 2 to 5 p. m. Morning engagements made by phone. 128.

NEW WALKS.—Citizens generally will be glad to know that the town council intends to replace all, or practically all, the old wooden sidewalks which still remain in the town with cement. The old walks have become dilapidated and some, on account of loose planks, have become dangerous to pedestrians. While they remain the town is in danger that accidents may happen which will result in actions for damages. They will not remain long, however, as tenders for the cement needed will be opened on 6th July and the work rushed immediately afterwards.

THE BEST OF THE SEASON—A garden party will be held at St. David's Presbyterian Church, Campbellville, on Monday evening, July 1. An excellent musical programme will be given by the Apollo Quartette, of Toronto. Addresses will be given by Rev. H. A. Macpherson, of Toronto, and Rev. S. Lawrence, of Puslinch. Supper served from 6.30 to 8. Admission 25c. and 15c.

SASKATCHEWAN POLITICS—Geo. C. Little, formerly of Milton, wrote from Handsworth, Sask., on the 20th inst. to renew his subscription to the Champion. The following is an extract from his letter: "We will soon be into a hot election fight here, one that will show whether the people of Saskatchewan can rule their own roost or be ruled by the eastern interests. Hon. Bob Rodgers is here with the Dominion organizer and a fast bunch of "Homestead Inspectors" to tell us what we want, of course. I believe the Hon. Bob is due for a jolt and that F. W. G. Haultain will go where he belongs, down and out."

GARDEN PARTY—A garden party in aid of St. George's Church will be held at Geo. C. Richardson's, Lowville, on Monday evening, July 1st. The following talent will furnish the program: Miss Ruby Ling, character singer and dancer, Toronto; Will Robertson, soloist; Alderson Family, of Nelson, instrumental music; Burlington Brass and Reed Band; Miss M. Bradt, accompanist. A baseball match, Nelson vs. Lowville, will be played from 6 to 8. Refreshment booth and lunch counter on the grounds. Admission 25c. and 15c.

BOUND FOR MILTON.—On Monday evening the immigration officials at Sarnia had a desperate fight with a Russian whom they took from a G. T. R. train and were about to deport to the United States as an undersirable. He had a big automatic pistol, with which he wounded the hands of one of the officers. He plunged through a window and disappeared. On Tuesday morning it was learned that the man was working for a farmer near Blackwell station. A constable and two detectives went after him, found him and grabbed him. He drew his pistol and fired two shots, but missed. Detective Acton shot him in the neck. He still fought and was not subdued until after he was severely clubbed. He was shackled and taken to the police station, where the bullet was extracted from his neck. It is thought that the man is connected with an organized gang in Chicago. He was bound for Milton, Ont., when taken from the train. His grip, which was taken away from him at the tunnel, contained a searchlight, dynamite bombs, caps, drills, dies for counterfeit coin, counterfeit ...

PROPOSED MOTOR ROAD.—The meeting called by the Ontario Good Roads Association and the Motor League to discuss the proposed improved and permanent roadway from Toronto to Hamilton, came off as announced at the Oakville club last Friday. There were about forty representatives of the cities and the county and township councils of Halton, Peel, York and Wentworth. Halton was represented by Warden Griffin, D. Henderson, M. P., George Smith, Burlington, Fowler, Oakville, and others. A committee was appointed to interview the Ontario Government. The expense of constructing the proposed roadway will be high. It should be borne by the city motor men, who get free use of the roads made and paid for by the farmers and other residents of the rural communities all over the country, and for whose special benefit the work will be done. There seems to be no good reason why the Government should not, nor any why the rural communities should contribute, except the townships and towns through which the road will run.
