Local News.

Mrs. V. Mann, of Boston, Mass., was in town last week on a visit to her brother-in-law, J. L. Sanderson. She returned not long ago from Europe, where she had her daughter for advanced musical training.

MILLINERY APPRENTICES WANTED. Apply at once.—Frank Hemstreet & Co.

J. M. Campbell, of the Bank of Hamilton, Winnipeg, was in town last week and Mrs. Campbell came from Listowell to meet him. She will go with him to Winnipeg, they having secured a residence there.

Hugh Campbell, issuer of marriage licenses. Office—Town Hall, Milton.

H. P. Wanzer, manager of the Yonge and Gould Street agency of the Bank of Hamilton, Toronto, was in town on Tuesday superintending the removal of his household effects to the city, where he has secured a residence into which he is moving this week.

FOR SALE—Frame barn, 24 x 36. Apply to Geo. Storey, on Saturdays.

THE APPLE CROP.—E. W. Snelgrove, apple buyer and shipper, says the crop in this neighborhood is at least as large as that of last year, though there are very few spies, they having yielded heavily last year. He has already sold all his pack, some to go west and some to Britain.

Painting and Paper Hanging done. Also good Wall Paper for sale.—A. E. Ashby, Mill St., opposite skating rink, Milton. 51-

Mr. and Mrs. J. C. Smith announce the engagement of their youngest daughter, Elizabeth Irene (Fettie), to Arthur Winfield Day, B.A., M.D., only son of Mr. and Mrs. Winfield Scott Day, of Brooklyn, N.Y. The marriage will take place quietly on September 17th at "Apple Villa," Burlington.

On behalf of Milton fire brigade I desire to thank the citizens who rendered us assistance in handling our apparatus at the planing mill fire last Saturday night.—E. F. Earl, Chief.

Mr. and Mrs. J. W. Bews got home on Monday evening from their outing at Peninsular Lake, near Huntsville. Cool, rainy weather prevailed and interfered with their enjoyment. The prevailing east winds spoiled the fishing, but they caught a few black bass. Dr. Richardson, of Toronto, had some success trolling for lake trout.

MONEY LOST.—Lost in Milton on Monday afternoon last, $55, principally, if not all, in Bank of Toronto bills. The finder will be liberally rewarded on leaving the money at the Champion office for the owner.

ACCIDENTAL DEATH.—Accidental death was the verdict returned at Toronto by the coroner's jury which investigated the death of Alex. Pryde, the Milton Heights resident, who was found with one leg mangled on the C.P.R. tracks near his home on Aug. 20. He died next day in the Western Hospital. There was no evidence adduced to show how the man had come by his injuries.

The Sovereign, York and Hamilton Fire Insurance Companies, through their agent, T. G. Ramshaw, wish to congratulate and thank the Milton firemen for their good work and success in saving a total fire loss to them and to the Jones & Martin sash and door factory on Saturday evening last.

F. H. Jones is building a two-storey dwelling for himself on Mill Street, just below the hill on which that of Mr. Gowling stands. The work was going on fast up to last Saturday evening's fire, which put the sash and door factory out of operation for a week or two, and which is delaying building operations generally on account of the stoppage of the supply of material. The factory will soon, happily, be in full operation again and all will be well. Near Mr. Jones's house, an office for the factory is in course of erection.

SALE OF BUILDING LOTS.—Messrs. Boyd, Brandon and Martin will offer for sale by public auction, on the property, on Saturday, Aug. 31st, at one o'clock p.m., a number of building lots in the new survey of the Scott property, adjoining the west end of the Town of Milton. For particulars see posters. Jas. Peat, Auctioneer.

A VARMINT.—It is reported that a lynx or wild cat attacked Thos. Dale's pigs in the lane on his farm in Nelson on the Guelph road twice on Sunday night. Mr. Dale heard squealing, went to the lane and, with the help of his dog, drove the marauder off. He saw it on the back of one of his pigs, into which it stuck its claws. By the light of a lantern it seemed to be heavily built, with short legs. This looks as though it was a wildcat, as a lynx has longer legs. On Sunday morning a pig belonging to Duncan Currie, near Guelph Junction, was killed by, it is supposed, the same animal.

Don't forget the garden party at Arthur Transom's, Milton Heights, tomorrow Evening (Aug. 30), under the auspices of All Saints' Church. A first class program will be provided by Lawrie Bros., Scotch singers and dancers, of Hamilton, Milton Orchestra and Male Quartette.

FIRE—At about nine o'clock on Saturday night Messrs. Jones & Martin's sash and door factory took fire in or about the boiler room in the west corner of the building. As there was a strong wind from the west the building seemed doomed, the flames increasing very fast. The alarm was sounded and fire brigade turned out with the usual promptness and got to work. Heavy streams of water from three nozzles were turned on, and before long the fire was under control. After a time the firemen were able to enter the building from the west with nozzles and by 10.30 the fire was out. A big crowd assembled and some citizens did good service in helping the firemen to handle the hose. Subduing a fire in such an inflammable building, with such a high wind, was a demonstration of Milton's splendid supply of water for fire protection and of the efficiency of the fire brigade. The building was considerably damaged, principally in the upper storey, and the roof is gone, but it can soon be replaced, and it is expected that the factory will be in operation again within a week or so, as the machinery is practically uninjured, except that the pullies are charred, the belting destroyed and band saws warped and twisted. Much of the stock in process of manufacture was saved. The insurance was $1000 each in the York, Sovereign and Hamilton Fire Insurance Co's. R. A. Graydon, of Toronto, inspector and appraiser, was here on Tuesday and fixed the loss at $700 on stock, $402 on machinery and $[illegible] on building. [illegible] will be [illegible] Martin [illegible]

Stevens, rector of St. Michael's Church, Myland, Colchester, Eng., and husband of Constance Barber, late of Georgetown.

SUSPECT FOUL PLAY.—John McGregor, known sometimes as John Crossover, who resides at Oakville, was found near the High Level Bridge in a badly battered condition. He was unconscious and there were many cuts and bruises on his face. The police think he was the victim of foul play.

Professor William A. Kirkwood, son of David Kirkwood, of this town, who filled the position of lecturer at Trinity College last year has been appointed Professor of Latin at Trinity. Prof. Kirkwood is very popular among the student body and word of his appointment will be received with genuine pleasure by them, as well as by his numerous friends in Brampton and elsewhere.—Brampton Conservator.

Leonard Coreilo, B.A., and Miss Mary Accurso, of New York, are the guests of Miss Ruddy.

Dr. S. Zimmerman will leave on Tuesday for his ranch at Rama, Sask., to stay for about two months.

Miss Dora Ligertwood, of Winnipeg, left on Monday for Toronto and, after a visit to friends there, will be in Milton again before going home.

Painters are at work renovating the Roper store, opposite J. L. Sanderson's. It is owned by H. P. Lawson, of Georgetown.

Mrs. Lindley has bought two lots on Main and Pearl Streets, along Prince Street, from A. Tock and the foundation for a house has been started.

Burlington, the Gazette says, has landed a new and important industry, thanks to the energy of Reeve Smith. The company manufactures chemicals and owns two factories in the United States.

PONY STRAYED.—Strayed from the premises of Fred Brooks, on the mountain, last Saturday, a roan pony, with a lump on its left side. Finder will oblige by communicating with the owner, who will pay all expenses.

Lieut.-Col. Kerns was in town yesterday. He said he had received his commission as Registrar for Halton, that it would take effect on Sept. 1st, and that he would at once begin his duties. He visited the Registry Office.

Mrs. E. Bessey, Georgetown, announces the engagement of her youngest daughter, Violet Isobel, to George Campbell Lawrence, Manager of the Merchants' Bank, Georgetown. The marriage will take place on September 11th.

James McKinney, of Trafalgar, is in town to-day. He reports that his son Norman's knee is getting a little better. There have been two operations. Norman is a pupil of Milton continuation school and a member of the Boy Scouts.

Mr. and Mrs. Joseph Peters and Mr. and Mrs. Muddle, of Gloversville, N. Y., motored to Milton to visit Mr. and Mrs. J. W. Bews. They went to Acton to-day, will return this evening and leave in a day or two for the Toronto fair.

METHODIST CHURCH.—Sunday services at 11 a. m. and 7 p. m. Morning subject, "The Churches' Misfit Garment." Evening subject, "On the Trail." Appropriate and well rendered music by our excellent choir. Sabbath School at 2.30 p.m. Strangers made welcome.

PRESENTATION—On the 15th inst. the citizens of Waterdown presented Dr. and Mrs. D. A. McClenahan with a cabinet of silver and an address. Dr. McClenahan has practiced in Waterdown nearly eighteen years. He has been appointed Medical Inspector of Health for the district surrounding Hamilton and has removed to that city.

School Inspector Deacon is having two fine dwellings built at the corner of Pine and Court Streets. W. B. Clements is having two cottages built on Pine Street, below the hill. With so many dwellings erected or in course of erection Milton's house famine will be somewhat abated, but there will be demand for more.

KNOX CHURCH—Rev. W. M. Mackay will occupy his own pulpit on Sunday next. Morning subject, "The Roll Call of the Mighties." Anthem, "Bow Thine Ear." Evening subject, "Offended in Christ." Mr. Gollins and Miss Inman will sing a duet. Sunday School will resume and all interested in the Sunday School work are cordially invited to be present.

W. F. Inman will leave to-morrow to take up his duties as principal of the public school, Highgate. He will take with him the best wishes of a host of friends as well as those of his old pupils. He says Highgate is a flourishing town, and as quail, partridge and ducks are abundant in its neighborhood, with good bass fishing, he can indulge his love for sport.

THE SCOUTS.—Milton Boy Scouts went to the Toronto Fair on Tuesday, under command of Rev. M. J. Wilson, Scout Master. There were 23 boys in the ranks and their marching on Main Street was very good, considering lack of drill in marching. They took part in yesterday's review by the Duke of Connaught. A few of them came home this morning, but the rest will stay until this evening, having been given passes for this afternoon's baseball double header at the Island. The boys who are home say they had a fine time and their meals were excellent. The only thing of which they complain is cold at night, as they slept on the ground in blankets and on rubber sheets. They could have put up with more blankets.

The Gazette says Reeve Smith, of Burlington, fined Geo. Burt and Jas. Sweeney $5 and costs each for drunkenness. They couldn't settle and were sent here to jail for 30 days each. Mr. Smith's tariff rate for an ordinary drunk seems to be the same as that of Mr. Campbell here, $5 and costs.
