The Canadian Champion

MILTON, Sept. 18, 1913.

Leading bankers say that the financial situation has been improved and will be further improved by the wheat crop of the West, the heaviest on record, and the splendid yield of other cereals. The financial depression was caused by too much speculation and consequent borrowing.

The annual report of the Inland Revenue Department shows for the fiscal year ending last March the production of 6,458,452 gallons of whisky, 1,074,952 gallons more than in 1911-12. In addition to this there are 20,582,928 gallons still in warehouses, on which excise has not yet been paid. The figures are disappointing to the supporters of local option in Ontario and prohibitory laws elsewhere in the Dominion, but under such laws spirituous liquors replace the more bulky malt productions.

CANADA'S CROPS.

Ottawa, Sept. 15.—A bulletin issued to-day by the Census and Statistics Office of the Department of Trade and Commerce reports the condition of the crops and live stock at the end of August and gives preliminary estimates of the yield of spring wheat, rye, oats and barley as compiled from the reports of correspondents upon the appearance of these crops.

The weather conditions were favorable for ripening and harvesting the grain crop. In Ontario it was nearly all harvested by the end of the month, while in the prairie provinces harvesting operations were about two-thirds completed and it was expected that threshing would be general by Sept. 10th. In the maritime provinces the harvest is more backward, being only general about the end of the month. The average condition of spring wheat is 88.43 per cent. of the standard of a full crop, which is represented by 100; oats 87.85; barley 87.07; rye 80.49; peas 80.81; beans 78.67; buckwheat 77.81; mixed grains 80.04; flax 85.05; corn 78.78. On the whole these figures maintain the high standard set by last month's report and marks an advancement for spring wheat, oats and flax. Compared with the figures at the corresponding date last year, wheat is 88 to 81; oats and barley stand at 88 for each season; rye 80 to 81; mixed grains 80 to 87; flax 85 to 88. Potatoes are 86 to 80 last month and 92 last year; turnips are 84 for both this month and last as against 88 last year; mangolds are 83 against 84 last year. Pasture has maintained its condition fairly well since last month, having only lost one point, the figures being 81 against 82 last month and 92 a year ago.

From the reports furnished by correspondents the following preliminary estimates of yield are based on the areas sown. Of spring wheat the average yield per acre is provisionally placed at 21.41 bushels per acre, which upon an area of 8,900,500 acres makes the total yield of spring wheat to be 192,517,000 bushels. This quantity added to 18,181,800 bushels of fall wheat as published last month gives the total production of wheat as 210,698,800 bushels compared with the final estimate for 1912 of 199,296,000 bushels and for 1911 of 215,851,000 bushels. The yield per acre in 1912 was 23.00 bushels for fall wheat and 29.37 bushels for spring wheat.

Oats, with an average yield of 40.98 bushels per acre on 9,646,400 acres, gives a total production of 395,341,000 bushels as against an average yield of 36.25 bushels and a total yield of 364,733,000 bushels in 1912.

Barley, with a yield per acre of 31.05 bushels and a total yield of 44,440,000 bushels as compared with an average yield of 31.10 bushels and a total of 44,074,000 bushels in 1912.

The estimated yield of rye is 2,425,000 bushels for 127,200 acres, being a yield per acre of 19.06 bushels as against a total of 2,500,000 bushels in 1912.

For the three northwest provinces the total yield of spring wheat is estimated at 188,018,000 bushels, oats 244,125,000, barley at 28,158,000 bushels, rye at 612,400 and flax at 15,056,000 bushels as compared with a total yield in 1912 for spring wheat of 183,322,000 bushels, oats 221,857,000 bushels and barley of 20,071,000 bushels.

The general condition of live stock is very satisfactory, being expressed in percentages of a standard of 100 representing a healthy and thrifty state, as 91.27 for horses, 91.37 for milch cows, for other cattle 93.54, for sheep 90.[illegible] and for swine 94.83.

Town Council.

The council met on Tuesday evening, the Mayor in the chair.

Electric light accounts for $623.75 were passed $10.70 for painting and contingencies, $611.18 for streets and walks, and $601.30 for waterworks.

It was decided that the council as a whole should visit Martin street to decide where cement walks should be laid and that on Main street, where roadway is paved, the space between the curb and the sidewalk shall be levelled and gravelled.

The rate of taxation for the year was fixed at 26 mills, same as last year.

Sacred Concert.

The weather was raw on Sunday afternoon, but a good many citizens turned out to hear the sacred concert given by the band in Victoria Park. The following is the programme:

1 Selection of 3 Hymns.
2 "By Thee with Bliss," (from the Creation) ..... Haydn
3 Selection of 3 Hymns.
4 Cornet solo .."The Soul's Awakening"..... Soloist, W. F. Dewar. (Haddock
5 Selection of 3 Hymns.
6 Chorus .."The Hallelujah Chorus"..Handel (from the Messiah).
7 Selection of 2 Hymns. God Save the King.

Under the able leadership of Mr. Gollins every number was splendidly played, with fine tone and correct phrasing and interpretation. The band has been strengthened lately by the acquisition of several new members who are first class musicians and, as far as brass is concerned, was never as efficient as now. The addition of two or three good clarionet players would complete the instrumentation. It is suggested that some of our local industries might help the band when advertising for workmen by mentioning musical training as being desirable. Our band is one of the very best in Ontario, outside the cities, is a credit to the town and a first class advertisement. It should be more liberally supported than it is and has been. The municipal grant of $100 should be at least doubled and other means of encouragement worked up by the Musical Association. It is remarkable that the band has managed to exist under the poor encouragement received and it will be the more remarkable if it continues to do so. To lose it would be a calamity to the town, and this should not be allowed to happen through niggardliness.

Baseball.

By defeating Bronte on Saturday afternoon, Pine Cove almost made the fight for first place secure in the league in the south of the county, as there is but one more game to be played by the latter. The game was played at Pine Cove, and the score stood 14-9 in favor of Pine Cove. The batteries for the latter were McClellahan and Cole; for Bronte, Dorland and Thomas.

The standing of the league is as follows:

	Won.	Lost.
Pine Cove	6	2
Palermo	6	3
Freeman	5	4
Bronte	5	4
Tansley	4	4
Appleby	0	9

Games next Saturday—Pine Cove at Freeman; Bronte at Palermo; Tansley at Appleby.

Georgetown having consented to home-and-home games to settle the Halton-Peel League championship, Milton proposed to play the first game at Georgetown yesterday and the final here next Saturday, but there is "nothing doing" and the locals are beginning to doubt that there will be any play. If not, Milton has the championship, being one game in the lead.

The 1913 Winter Fair at Guelph.

Preparations are well under way for the holding of the Thirtieth Annual Winter Fair to be held in Guelph, Dec. 9th to 12th, 1913. The premium list which is now to hand, shows a very attractive classification and a considerable increase in the amount of prize money offered over former years. Several extra sections have been added in the horse department. In the dairy cattle section, the prizes have been increased in several sections. In the swine department last year, a class was provided for "any other breed, grade or cross," this year the classes are provided, one for "any other pure-breed," and one for "grades or crosses of any breed." In the poultry department, several classes have been added and the prizes for ducks are to be increased according to the number of entries as is now the case in the classes for fowls.

Quite a number of county councils are offering special prizes for amateur exhibitors from their counties, every section of the premium list being supplemented by one or more of these county specials. A copy of the list may be obtained upon application to the Secretary, R. W. Wade, Parliament Buildings, Toronto.

OBITUARY.

REV. JOHN EADIE.

Rev. John Eadie, for forty-five years minister of the Canadian Presbyterian Church, is dead of heart failure at Atlantic Highlands, New Jersey. Mr. Eadie was born 78 years ago in Fifeshire, Scotland, removing to Canada with his parents when a boy and settling in Hamilton. He was graduated from Knox College, Toronto, and in 1883 married Miss Jennie McPherson, of Alexandria, Ont. His first charge was Lachine, Que., his later charges being Milton, Pinkerton, North Bruce and Port Edward. He retired in 1907. He is survived by Mrs. Eadie and all their children, one daughter and six sons. One, Rev. Gillies Eadie, is a missionary in Honan, China.

A special Northwest Mounted Police patrol is being sent to investigate the murder of H. V. Radford, of New York, and George Street, of Ottawa, by Eskimos at Bathurst Inlet.

Flour trial is essential but—it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. Bread is baked from the flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for flour bearing this name you can always be sure of more bread and better bread.

PURITY

"More Bread and Better Bread" and "Better Pastry Too" 523

Wanted.

Live local man in town of Milton to engage in 5-10-15c. business. For our proposition apply Stedman Bros., 76 York Street, Toronto.
