The Canadian Champion
MILTON, May 7, 1914.

Plans and specifications for Milton's government building have been received from Ottawa by Mr. Stewart, postmaster. They are for a postoffice only, and though it promises to be a fine one, it alone will not satisfy the people of Milton, who want a custom house. Certain leading citizens undertook some time ago to explain to the Government why they should have it. It is to be presumed that they did so and that their efforts have failed. What is the explanation?

At His Old Post.

Toronto, May 2.—Formal prorogation of the legislature yesterday passed off with due ceremony, with all the customary military display, but with an absence of public interest that was evidenced by the half-filled galleries and the empty seats on the floor of the house. As a spectacle it was disappointing, but the unexpected appearance of Sir James Whitney, looking every whit like his old self, made prorogation a decidedly interesting affair. The intention of the prime minister to attend the formal closing of the house was kept a close secret and rumors that he was coming over could not be definitely verified.

A few minutes before three o'clock, Sir James, accompanied by Miss Whitney, walked into the chamber from the Conservative lobby. He came in and took his place so quietly that few noticed his arrival. He looked anything but a man who had tarried so long near the border line, and he busied himself about his desk, reading through the journals of the session with much of his old spirit.

A Senator Dead.

Senator William Gibson, of Beamsville, passed away on Monday morning after a somewhat lingering illness. His death had been expected for some time, and his wife and five children were present when the end came—Mrs. John Jennings, Toronto; Mrs. C. W. Darling, Toronto; Mrs. D. M. Finnie, Winnipeg; Mrs. J. M. Eastwood, Hamilton, and Miss Gibson. By the death of Hon. William Gibson the Liberal party loses one of its most genial and best loved members. He was quiet, unostentatious and simple in character.

Senator Gibson helped to build railways and canals in the 70's and 80's. His taste for engineering led him to seek a position with the Old Great Western Railway. After some years of railway work, he started in business for himself as a railway and general contractor. He carried out many important works. He built the approaches to the Sarnia tunnel, including the masonry of the portals and retaining walls. He completed the enlargement of section J of the Welland Canal. He built the abutments and piers of the new Victoria bridge at Montreal, and numerous other bridges for the Grand Trunk Railway. His business activities found scope in the running of two of the largest stone quarries in Canada, one at Beamsville, the presidency of the Bank of Hamilton and of the Hamilton Gaslight Co., and a place on numerous boards of directors, including the Canada Life Co., and the Hamilton Provident and Loan Society.

He was a prominent Mason, having the 33rd degree. He was a Pas Grand Master of the Grand Lodge of Canada and a Past First Prince pal of the Grand Chapter. He helped to institute St. Clair Chapter No. 75, in Milton, in 1876, and was one of its honorary members.

LOWVILLE.

The quarterly service in the Methodist Church, Lowville, on Sunday morning last was largely attended. The pastor spoke on "Peter's denial of Jesus." The choir rendered appropriate music. The Love Feast and Sacrament were observed, a goodly number taking part. The service in the evening was held in Zimmerman church. Mr. and Mrs. T. B. Townsend were present and gave inspiring addresses, telling of their experiences as missionaries in Africa. Mrs. Townsend also sang a solo. The music by the choir and congregational singing made up an interesting and profitable service.

At the official board meeting on Monday afternoon J. C. Harsottle retired from office of recording steward after serving without interruption in that capacity for nearly 25 years, in which time he was absent from but one meeting of the board. He was tendered a complimentary resolution. His son, Geo. H. Harsottle, was appointed to the office of recording steward in his place. W. Bridgman was appointed to attend the annual District Meeting in Milton on May 13.

NEW WIRELESS DISCOVERY

An Italian Inventor Has Perfected Musical Telephone

The Italian engineer, Signor Morretti claims to have invented a wireless apparatus by which two or more messages can be transmitted simultaneously.

The main advantage claimed for the new system is that two or three messages could be sent simultaneously at little more than the ordinary cost of one.

When a message is to be sent the operator taps his telegraph key and this liberates compressed air which passes through a reed pipe causing it to emit a musical note. Receiving telephones have been made which will only respond to one particular note.

When two messages are to be sent simultaneously two operators' keys operate different reed pipes, and thus messages in two distinct musical notes are transmitted, each being detected by the telephone receiver in tune with it.

Fire nearly wiped out the village of Tara on Saturday morning, doing damage placed at fully $20,000.

NEW HOPE FOR SUFFERERS FROM PARALYSIS.

There are cases of paralysis that cannot be cured. But that is far different from saying that every case of paralysis is incurable. There is absolute proof that many forms of this disease are curable. Of the cases that cannot be cured many can be so benefitted that the formerly hopeless sufferer will once more find life worth living.

Attention is called to the remarkable cures that have been effected in cases of partial paralysis, and other severe nervous disorders, by the use of Dr. Williams' Pink Pills for Pale People. Some of these cures are so wonderful as to challenge belief, but in every case the statements have been carefully verified and may be investigated by anyone interested. In this connection the case of Miss B. Millehan, of St. John, N.B., is worthy of the most careful attention. Miss Millehan says: "Some three years ago I was taken seriously ill with diphtheria. The doctor brought me safely through this dreaded trouble, and I was assumed to be well. But two weeks later I took a relapse, my throat and limbs becoming paralyzed. I could neither speak nor walk. I was under the best of medical care, and after a few weeks was able to sit up in bed, but my throat was still completely paralyzed and I could only utter unintelligable sounds. I was treated by three of St. John's best physicians for this trouble and my case was given us as hopeless. A friend asked me to try Dr. Williams' Pink Pills, but I had spent so much medicine without help that I thought it would be only a further waste of money. However I felt myself growing daily weaker and weaker, and I decided as a last chance that I would try the Pills. By the time I had taken a half dozen boxes I could walk across the floor, something doctors had told me could never happen again. I still continued taking the pills, my speech returned, and I felt myself in perfect health. My friends thought my restoration nothing short of a miracle, and I think myself that I have to thank Dr. Williams' Pink Pills that I am living to-day, and I feel confident they can do quite as much for others as they did for me."

Dr. Williams' Pink Pills effect cures in cases of this kind because they make new, rich, red blood, which feeds and strengthens the nerves, and tones up the whole system. If you are in need of a medicine give these pills a trial. We are confident you will not be disappointed. Sold by medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

OSTRICHES THAT WALTZ

Curious Sights on the Plains of South Africa

One of the many strange sights on the plains of Southern Africa is a party of waltzing ostriches. When there are a number of them they will start off in the morning, and after running a few hundred yards will stop and with raised wings whirl rapidly round till they are stupefied or perhaps break a leg. The males pose also before fighting, and to make their court. They kneel on their ankles, opening their wings and balancing themselves alternately forward and backward or to one side or the other, while the neck is stretched on a level with the back and the head strikes the sides, now on the right, now on the left, while the feathers are bristling.

The birds appear at this time so absorbed in their occupation as to forget all that is going on about them, and can be approached and caught. The male alone utters a cry, which sounds much like an effort to speak with the mouth shut tight.

SUPERSTITIOUS YACHTSMEN

The Craft Must Have Names of Eight Letters

Yachtsmen are just as superstitious as the professional seafaring man. One thing they are sure of, and that is that to win the America's Cup the defender must have a name of eight letters.

Reliance, Vigilant, Defender, and Columbia, all successful cup yachts, had each ten eight letters in their names, while the Constitution, a cup candidate in 1901, had several more letters in her name. She was not selected. The new cup yacht ordered by George Lawley of Neponset, Mass., from Gardiner designs has just eight letters, the Defiance.

Corinthians who believe in omens are demanding that the Vanderbilt syndicate yacht designed by Nat Herreshoff and being built at Bristol, R.I., be given an eight-letter name.

NO MORE DREADNOUGHTS

Small Heavily Armed Ships Much Better

The navies of the world have built 101 battleships of the dreadnought type since the British navy launched the original dreadnought. The passing of the century mark came with the launching of the British battle-cruiser Tiger, and with that the decision of the British naval authorities to build no more warships of just that type. It has been reported that the smaller vessel more heavily armed will be the fashion during the next season of British naval designing. The building of 101 dreadnoughts in eight years means that an average of more than one of these mammoth ships a month has been launched.

You Get Bilious
Because Your Liver is Lazy

You get a bilious attack when your liver refuses to do its work. The bile does not flow. You become constipated. Food sours instead of digesting. You have that "bitter as gall" taste. The stomach becomes inflamed and inflated—turns sick—vomiting, and violent headache.—The best preventative and cure for biliousness is Chamberlain's Tablets. They make the liver do its work—strengthen the digestive organs, and restore to perfect health. 25c. a bottle—All Dealers and Druggists, or by mail. 1

Chamberlain Medicine Company, Toronto.

CHAMBERLAIN'S TABLETS — YOUR BEST WILL

A New Society for Halton County.

A charter has recently been granted by the Provincial Government to the Children's Aid Society of the county of Halton, having its headquarters in the town of Milton. The urgent need for a society of this nature has for a long time been very apparent to all who have taken an interest in social welfare.

The objects of the society are as follows: To carry out the provisions of the Children's Protection Act of Ontario, in receiving and providing homes for neglected and dependent children; to agitate against all that tends to rob children of the right to grow up in an atmosphere of purity and moral cleanliness; to prosecute parties who contribute towards delinquency of children; to create a sentiment for the establishment of wholesome, uplifting influences, such as playgrounds, gymnasiums, etc.; to establish a personal service corps, so that individual attention may be given to children by interested men and women; to maintain an educational campaign on subjects relating to child protection.

In order that these plans may be effectually carried out it will be necessary to raise a fund to defray the expenses which must be incurred, and to this desirable end the aid of the public generally is respectfully solicited. Any person paying the sum of $1.00 annually shall be deemed a member of the society, and persons paying at any one time the sum of $50 shall be eligible for life membership.

Although the Halton County Society has only been in existence for a very short time there are already before it for prompt action some half dozen urgent cases. Reports regarding other instances of neglected children should be promptly forwarded to the President or Secretary for attention. Following are names of the officers elected for the year 1914:

President, J. M. Denyes.
1st Vice-Pres., Miss Anna C. Ruddy.
2nd Vice-Pres., C. H. Stuart.
Secretary, Mrs. Fred. Dewar.
Treasurer, T. F. Little.

Rev. H. A. Macpherson Dead.

After suffering for some weeks, Rev. H. A. Macpherson, pastor of Chalmers Church, Toronto, passed away on Tuesday morning at 5.30, at his residence, 154 Rusholme road.

Deceased was born in Erin, Wellington county, his father being Principal of the Victoria School in Galt. It was at that school and at Knox College he was educated. From Knox College he received a call to Acton and there he labored for seven years. From Acton he went to Toronto and since his arrival he had been pastor of Chalmers Church.

He was an eloquent preacher and speaker. He and Rev. W. M. Mackay, of Milton, were fellow graduates from Knox College eighteen years ago. Mr. Macpherson was an athlete in his youth and an enthusiastic curler since going to Toronto. He was one of the skips of the Lakeview Club. He played in matches, Lakeview vs. Milton, here and at Toronto. He was a Freemason, a member of Walker Lodge, Acton.

Mr. Macpherson, who was forty-eight years of age, is survived by a widow and one daughter, Jessie. There are three brothers and two sisters living, Mr. R. J. Macpherson, Vancouver, B.C., John H. and Peter C., of Prince Rupert, B.C., Mrs. F. R. Russell of Vancouver and Mrs. A. M. McKenzie of Hamilton.

OBITUARY.

H. W. KENNEDY.

By the death of Herbert Willis Kennedy, B.A., last Friday, Georgetown lost a prominent and useful citizen. Mr. Kennedy was 50 years of age. He was the eldest son of the late G. H. Kennedy and was a graduate of Victoria. He had been clerk and treasurer of Georgetown since the death of the late Lieut.-Col. Goodwillie. He was a justice of the peace and in that capacity did not shirk his duties, but sat on many cases and in disposing of them showed marked judicial ability. He was a Liberal and a Methodist. He is survived by his mother, his widow, three children, one brother and three sisters. The funeral took place on Monday.

On Monday cyclones did much damage in Grey township and in a small district northeast of London. Lightning destroyed Thos. McKeekin's barn, near Blenheim, killing fifty-three cattle, horses and hogs.

ZIMMERMAN.

The Epworth League of Zimmerman will hold its meetings on Sunday evening for the summer months. The service next Sunday evening will be held at 7.30. The subject will be taken by D. H. Bennett. The president, M. A. Campbell, will take charge as leader. All are invited to come.

The Epworth League executive committee met at the parsonage in Lowville on Wednesday evening to arrange topics and leaders for the meetings of the summer. They expect to hold a special E. L. Sunday on May 24th, and a social evening and lecture on Monday, 25th, by the Rev. A. L. Snyder, of Brantford, on "What to Say and Do at Home."

A CURE FOR DRUNKENNESS WITHIN THE REACH OF ALL

That Alcoholism is a disease is now recognized by Science. No man in his senses brings disgrace and ruin on himself and family through choice.

Alcura stops the craving for drink, builds up the system, steadies the nerves. It is guaranteed to cure or benefit or money refunded after a fair trial. Alcura No. 1 can be given secretly by any wife or mother wanting to restore a dear one to health and usefulness. Alcura No. 2 is the voluntary treatment.

Can be had at our store only $1.00 per box. Ask for our Free Booklet about Alcura.

Wait for the handsomest Clydesdale Stallion that ever stood for service in Halton County!

SIR MILTON
[14273]

will stand for mares at McKenzie's Repository, Scotch Block, during the season of 1914.

Mr. McKenzie has purchased this horse at a long price for the benefit of his neighbors.

SIR MILTON [14273] is a beautiful dapple bay, with white strip in the face and white stockings behind; he is full of life and vim and a great stepper; weighs 1800 lbs. and measures 12½ below the hocks, with great flat bone, fine silky feather, and large feet of good quality. He was sired by the Champion Clydesdale stallion, Milton Chief [5796], dark brown, stripe, hind legs white; foaled June, 1904, bred by A. McDowell, Milton, Port William, Wigtonshire, Scotland. Milton Chief is an exceptionally well bred horse, representing the best strain of Clydesdales in Scotland. His sire, Royal Chief [1076] is a famous prize winner and sure stock getter, and his sire, Royal Gartley (9844), won the Caudor Cup.

SIR MILTON [14273], sire Milton Chief [5796] (13632), dam Erica imp. [12607], sire of sire Royal Chief [4916], dam of the sire Bell of High Milton [10140] (16198), sire of dam Eureka imp. [5723] (11091, dam of dam, Flora imp. 2nd of Bailiewhir [12608] (16663). For extended pedigree see Stud Book.

TERMS—Registered mares $20; other mares $15. Single service $12.

Floors Spic and Span

A WELL painted floor is a sanitary floor—easy to keep clean and bright.

Floor paint has to stand the scuff and wear—and stay fresh and bright under all kinds of kicks and rough usage

The best Floor Paint for all-around satisfaction is

The Old Reliable SENOUR'S FLOOR PAINT

It keeps thousands and thousands of floors spic and span with its freshness and newness and cheery brightness.

SENOUR'S FLOOR PAINT is really the cheapest, too, because it covers more surface and wears longer than any other.

We have SENOUR'S FLOOR PAINT in 14 colors—suitable for every floor you want to paint. 19

MARTIN-SENOUR PAINT & VARNISHES

M. E. NIXON

This Store Recommends JAP-A-LAC because it gives a "finish" quite superior to that of ordinary varnishes.

JAP-A-LAC—the Content-Producer

DINGY, discolored and unsightly floors are not conducive to contentment. Why not bring about their complete transformation by means of the JAP-A-LAC "Model Floor" process?

This process consists in applying two coats of JAP-A-LAC ground color, a coat of JAP-A-LAC graining color (which is grained with the JAP-A-LAC graining tool), and then two coats of natural JAP-A-LAC—producing a bright, hard, durable finish like polished oak.

JAP-A-LAC is made in 21 colors for furniture, woodwork, and floors. Always put up in Green Tins bearing the name "GLIDDEN"

Call TO-DAY at your local hardware store for a JAP-A-LAC color card, and a copy of the little book, "A Thousand and One Uses of JAP-A-LAC."

In Milton Jap-a-lac is sold by
M. E. Nixon & Clements & Co.
