

Adult Learning Centre to begin fall programs

The local Adult Learning Centre has been busy preparing a number of programs for adults. We offer a supportive adult learning environment in a small class setting. Three programs are available to adults who wish to learn part-time:

- Adult Tutoring Program is offered all year long to adults who need to upgrade their skills in reading, writing and math on a one-to-one or small group basis.
- Essential Skills Computer Training for the Workplace. Learn with a small group to master basic computer skills and access on-line learning— part time either day or evening
- Sheridan ACE Program. Our part-time classes are offered by Sheridan professors on Tuesday and Wednesday evenings in Georgetown and Milton. Upgrading in Math, English, Biology and Chemistry. The Sheridan ACE certificate is accepted by all Ontario colleges.

More recently students are coming in from local businesses to upgrade their skills ready to take an Apprenticeship entrance test with their employer.

All students will be asked to conduct a free assessment to determine suitability— a small registration fee will apply.

NOTICE OF STATUTORY PUBLIC MEETING

TOWN INITIATED ZONING BY-LAW AMENDMENT PERTAINING TO PARKING REQUIREMENTS IN DOWNTOWN GEORGETOWN AND ACTON

DATE: Monday, October 21, 2013
TIME: 7:30 P.M.
LOCATION: Council Chambers, Civic Centre
1 Halton Hills Dr. Halton Hills

Town of Halton Hills Council will hold a statutory public meeting to discuss a draft Zoning By-law Amendment pertaining to parking requirements in Downtown Georgetown and Acton.

- The draft Zoning By-law Amendment:
- Specifies that existing non-residential uses within existing buildings and structures in the Downtown Commercial One (DC1) Zone in downtown Georgetown and Acton (as shown on the key maps) would be exempt from providing additional parking if they are switching to another non-residential use that would generate a requirement for additional parking (for example retail to restaurant).
 - Specifies that any expansions or enlargements to non-residential buildings within the DC1 Zones are not permitted to remove existing parking spaces unless the same number of parking spaces can be provided elsewhere on site, or if Council approves the provision of cash-in-lieu of the removed parking spaces.
 - Increases the maximum size of home occupations in single detached dwellings from 15 square metres to 45 square metres in the DC1 Zones in Downtown Acton and Georgetown. This is consistent with the approach taken in the rest of the Town which recognizes that often single detached dwellings can accommodate the increased parking requirement that is required when introducing home occupations greater than 15 square metres.

These revisions would still have the effect of triggering parking requirements in the DC1 Zones in downtown Georgetown and Acton for the following:

- construction of a new residential or non-residential building or structure;
- expansion to an existing non-residential building or structure; and,
- conversion of a residential use to a non-residential use.

The affected lands are shown as the DC1 Zones on the Key Maps below.

Following the statutory public meeting, Town staff will prepare a report to Council which will respond to oral and written comments received, and provide a final recommendation on passage of the Zoning By-law Amendment.

Copies of the staff reports and the draft Amendment is available for public review and comment in the Town of Halton Hills Planning, Development and Sustainability Department or on the Town's website <http://haltonhills.ca/downtownparking>.
