Cottrell were appointed a temporary committee to supervise improvements, etc., until trustees are appointed or the matter otherwise taken up. Bert Jones has already made a great improvement by clearing away wild growth and cleaning it up. GROUSE SUICIDED.—A little after 7 a.m. on Friday morning, in the central office of the Bell Telephone Co., the caretaker was startled by a crash, followed by falling glass. A ruffled grouse or partridge had flown against the plate glass window at such a speed that it went through, making a hole not much larger than itself. It was fluttering when picked up, but died within a few minutes. The ruffled grouse is one of the wiliest of birds, but it sometimes does unaccountable things. Last Friday's was not the first case of one flying through a Milton window. About a dozen years ago, in the winter, one flew through the open front door of the court house, into the hall, and smashed through a fan light above the door leading into the Jailer's apartments. In that case the glass was thin and, as the bird was indoors, perhaps it was not going at a great speed. At any rate, though it was somewhat dazed, it seemed to be not badly hurt and the late C. S. Racey carried it out of town and left it in the woods. Last summer a pair of grouse, a hen and her chicken, spent a day in town in the garden of a citizen. They were not molested and were not to be seen next day. It might be imagined, from these instances, that grouse were very numerous in the Milton neighborhood, but that is far from being the case.

The Triple Entente's Business.

At the last meeting of the John Milton Chapter, I.O.D.E., it was moved, seconded and resolved that, in regard to a peace propaganda emanating from certain neutral countries and now being circulated in Canada, the following resolution be passed and a copy forwarded to the National Executive:

That in reference to the peace pamphlets that are being circulated we would, as a society, beg leave to place ourselves on record as being in favor of leaving all matters relating to peace or the continuation of the war in the hands of the English, French and Russian governments and their allies, believing, as we do, that peace, at the present time and under present conditions, would only be a cessation of hostilities that would be resumed just as soon as the Germans felt sufficiently strong and, above all, would leave Belgium in the hands of a tyrannical and hated nation. In our opinion, war should continue until every German officer is compelled to lay down his arms and a strong and binding guarantee given that never again would it be in their power to take advantage of a smaller and weaker nation.

The meeting was well attended and a good programme of papers on different subjects and music was much enjoyed.

Enthusiasm in connection with our soldiers at the front still runs high and every member is putting forth a special effort to see that they are well supplied with field comforts. Our next bale will consist entirely of socks and handkerchiefs, and contributions of yarn, socks or money from anyone will be gladly received.

Our Chapter beg to acknowledge, with thanks, a cheque for $25.00 received from one of our Milton friends, now in California.

OBITUARIES.

A. J. H. TURNER.

Campbellville lost a respected and useful citizen last Friday by the death of A. J. H. Turner, C. P. R. station agent. He succumbed to pneumonia. Mr. Turner had held his position for a number of years and was a most obliging official. He was a prominent member of St. John's Church, Anglican.

THOMAS TELFER, V.S.,

Dr. Thomas Telfer died on Saturday evening after an illness of some weeks. He was in his 52nd year. Dr. Telfer was well known to the horsemen and farmers of this county and many outside of it. He, with his brother Joseph, did much for the improvement of stock, by importation of registered animals. He will be greatly missed. He is survived by his widow and two children, a son and a daughter. The funeral took place on Monday to Evergreen Cemetery. The attendance was very large, including many farmers and horsemen. Rev. W. M. Mackay conducted the services.

MRS. I. FOSTER.

Isabella Milroy, widow of the late Thomas Foster, died at her home here yesterday evening in her 80th year. She was one of the oldest residents of the town. Her father had a tailor's shop here in the 50's and 60's. She had been living alone in her house on Main Street for some years. On Saturday evening some children found her lying on the floor, insensible from a paralytic stroke. A trained nurse was engaged, but Mrs. Foster did not rally. She left four sons, Thomas, of Ladner, B.C., William, of Toledo, O., Edward H., of Santa Monica, Cal., and Peter, of Galt. The funeral will take place to-morrow at 2 p.m. from the residence of George Hill, Main Street, to the old cemetery.

Wedding Bells.

WELLWOOD—SMITH.

A pretty wedding was solemnized on Wednesday, March 24th, at the home of Mr. and Mrs. F. M. Smith, Livingstone Park, Milton, when their eldest daughter, Jessie Evelyn, was married to Henry Wellwood, C. E. The bride wore shell pink meteor satin, trimmed with Chantilly lace, and orange blossoms. The groomsman was J. D. Wolfrain, of Coldwater. Miss Shirley A. M. Smith, maid of honor, was in cream satin, and the bride's nieces, Josephine Plaxton and Gwendolyn Yvonne Smith, were flower girls, gowned in pink and white. Dr. G. W. N. Smith, of Bayfield and A. E. Morrison played the wedding marches. Rev. F. C. Kean, of Toronto, officiated, forty guests from Toronto, Detroit, Coldwater and other places witnessing the ceremony. The bride travelled in a tailored suit of hunter's green gabardine, with hat of straw to match. On their return from the short honeymoon, Mr. Wellwood will prepare for his trip to France, he being attached to the Canadian Overseas Construction Corps of Engineers, in which he holds a commission.

CURLING.

The holy war was continued at the rink on Friday evening, when a section of the Presbyterians again tackled the victorious Methodists. The Methodists marched to the scene of the combat clothed in mackinaw jackets and each wearing a Balbriggan bonnet, with silver medallion and long feather. They won, too, by a small margin.

Economy in Shoe Purchasing

Many people purchase low priced shoes under the impression that it is economy to do so. But it is not economy. The cheaper low priced shoes must necessarily be made from low-priced material and give but half the wear of high grade shoes and cost a good deal more than they cost.

YATES' SHOES

cost little more than mediocre shoes, yet they are the best footwear you can buy.

They give more real service than two pairs of popular priced shoes, plus the comfort and smart appearance that is only associated with the finest footwear.
