Canada wants no immigrants who, after they learn English a few years from now, will be mounting soap boxes on street corners and singing: "Three Jeers for the Red, White and Blue."

Insufficient Light in Rural Churches. Country churches as a rule have poor lights, mostly with old red flickering flame lamps. You cannot expect large congregations. Many of our farmers' eyes are ruined trying to read with insufficient light. Let J. C. Eagleson and the ALADDIN Lamp come to your rescue. I will give a free demonstration in your church for any service, either weekday or Sunday. Have it announced that your church will be lighted with the ALADDIN and see the difference in your congregations.—J. C. Eagleson, Distributing Agent, office opposite postoffice, Main Street.

Musical Instruments of all kinds. Make the young folks happy and they will stay at home. Violins, guitars, ukeles, autoharps, etc.—Sherman's.

CURLING.—The coming curling season in Milton promises well. At a well attended meeting of the Milton Curling Club last Monday evening it was decided to have a bonspiel at a date to be fixed, entries of outside clubs free and the plus system to be used, wins to count first. There will be a local bonspiel too, as soon as ice can be had, the rinks scheduled for the inter rink games to enter. Men are at work now making ice.

Useful presents are those that give service the year round, and nothing equals a good Gramophone. We have a big selection of the best makes to select from.—Sherman's Studio.

The annual entertainment of the Methodist Sunday School was held last Friday evening and was a grand success. The school room was crowded with the scholars, their parents and friends, and all enjoyed the excellent programme provided by the children, which consisted of solos, choruses, dialogues, drills, etc. Rev. Mr. Draper, of Preston, was present and gave a short address. Frank Pearen, superintendent, was chairman. The receipts were over $75.00.

We have been very busy in our Photograph Department, and have made gift making easy for a great many. You have time to have some finished for New Years—but step lively.—Sherman's Studio.

BETTER LIGHTS FOR ALL.—J. C. Eagleson is pleased to announce to the citizens of Milton and surrounding country that he has been appointed distributing salesman for the ALADDIN Mantle Lamp Co. of America. This lamp is without doubt far superior to any electric lamp. Let us place one on free trial in your home for Christmas. It will no doubt brighten up your home and make things more cheerful for Xmas. Call and see our demonstration. We carry a full line of supplies for this lamp. Office on Main Street, opposite postoffice.

MUNICIPAL ELECTIONS.—Next Monday will be nomination day. In Milton there is a general wish that the town shall not lose the valuable services of Mayor Earl He is being pressed to reconsider his intention to retire and it is understood that he will do so if a satisfactory council is nominated. There may be a contest for the Reeveship between Messrs. E. Syer and J. W. Blain. Who will stand as Councillors is uncertain, but there will be several changes. In Burlington Mayor Hughes Cleaver will retire. On Monday evening he banqueted the council and town officials at the Hotel Brant. WEDDING ANNIVERSARY.—A goodly number of relatives assembled at the home of Mr. and Mrs. Victor Hall on 14th inst., to celebrate with them the tenth anniversary of their wedding. A sumptuous repast was partaken of, which spoke well for the culinary art of the bride of ten years ago. After-dinner speeches were in order, including those of Rev. Brearley, Jos. Mason, Stanley Hall and the chairman, R. E. Hall. References were made to the high esteem and respect entertained for the host and hostess in the neighborhood, their success in farm life and all that goes to make good neighborly citizens. Especially interesting and helpful was the address of Rev. Mr. Brearley as to what constitutes a real Christian home. Several useful presents were left with the couple, and on departing all wished them many happy returns of the day and expressing themselves as having spent a very pleasant time.—One who was present.

An ALADDIN Lamp will make the best Christmas Gift you could give. It would be appreciated more than anything else. It is both useful and ornamental and will gladden the hearts of the whole family and is a gift that all can use. Your holiday pleasure will be marred by the flickering glimmer of the red flame lamps. Someone may be wondering what would be an enjoyable, practical gift to give. What could be more ideal as a gift than an ALADDIN, which every day in the year continually reminds its owners of the kind thoughtfulness of the one who gave it. Order on free trial from J. C. Eagleson, Distributing Agent.

CAMPBELLVILLE.—Two weeks ago the incorporation of the Campbellville Amateur Athletic and Community Association under the Ontario Companies Act was reported in the Champion. It has been very successful in the past two years and has now an athletic field and cash on hand for furtherance of its ambitions. Two years ago, when it started this movement, it had neither finances nor property and although it had what it now has as an ideal it was little anticipated that it would succeed as rapidly as it has done. Its executive wishes to heartily thank all the supporters who made it possible for it to succeed. They hope to continue its progress and will endeavour to bring about the objects in the constitution. They trust that they will receive the co-operation of all. They realize that without co-operation they cannot make success, and success means benefits to all. They hope to receive general support.
