HOCKEY.—The Milton Athletic Association met at the town hall on Monday evening, principally to arrange for the coming hockey season. The attendance was large, about 75, and there was plenty of enthusiasm. The President, Dr. Gowland, was in the chair. Ten new members joined. John Ford was elected Treasurer, to replace Jack Hill, who has left town. Dr. Gowland and W. I. Lott were re-elected as members of the hockey committee and Messrs. Jas. W. Blain, J. R. Meggs and D. S. Robertson were added to it to replace the late H. B. Youell and Stanley Buck, removed, and increase the membership from four to five. It was decided to enter an intermediate and a junior O. H. A. team, if the new arena is ready in time. If not there will be no junior team. Fred Dewar was appointed delegate to the O. H. A. convention to be held at Toronto on December 3rd. Henry Sherman's offer of photographs of this year's baseball team was accepted. The entertainment committee was authorized to raise money for a coming entertainment.

Manna Harvested In Desert.

Manna is found now in the regions of upper Mesopotamia and Kurdistan and along the Persian frontier. It falls, says an official in Jerusalem, in the form of dew during September, October, and November, and lodges upon the leaves of oak trees. It immediately hardens and assumes the form of a grain. Early in the morning before the heat of the day it is gathered by spreading sheets beneath the trees, which are shaken, and the manna is then collected and stored for winter to be used as a food or shipped to Bagdad for sale in the bazaar. The manna falls on other vegetation, including grass, but all of it is lost except that which is gathered from the oak leaves. The manna is sweet and is eaten by the natives as a substitute for sugar or honey.

Love In Mid-Air.

The first recorded marriage proposal in mid-air was announced recently.

Marriages in the clouds have become as common as those in a lion's cage, and there was a recent case in Calcutta where a wedding party of twelve went up in a Handley-Page machine and had the ceremony conducted at a height of 6,000 feet.

While flying in an airplane at half this height, George Hauser, head of the production department of the Curtiss airplane plant, found courage to propose to Miss Mildred Armstrong, a school teacher. He was accepted.

Natives of Algeria bury with the dead the medicines used by them in their last illnesses.

HUNTERS HOME.—Milton deer hunters got home from the north at the end of last week. The party composed of Geo. Hewston, David Menzies, Bert Buck and Ches. Earl got a deer each, those of Messrs. Buck and Menzies being big bucks. James Turner got another. He hunted with a party from Brampton.

Have You SORE HANDS in Winter?

HEAL THEM WITH ZAM-BUK.

FOR chapped hands, chilblains, cold-sores and frost-bite, there is no treatment so beneficial as dressings with Zam-Buk. When the roughness, irritation and redness of the skin is followed by cracking and bleeding, dirt and disease germs may find their way into the raw places and cause *inflammation, blood-poison or winter eczema.* Zam-Buk stops this peril entirely.

Simply smear a little herbal Zam-Buk on the sore parts and wrap up carefully. Letting the Zam-Buk soak into the tissues, soothes away smarting itching pain, and assures rapid healing with healthy new skin.

The striking success of Zam-Buk is due to its rare herbal origin. It contains none of the mineral salts or animal fats that form the basis of common salves and ointments. Prepared *exclusively* from rich herbal essences, Zam-Buk is a concentrated balm of the highest purity and of unvarying healing, soothing, and antiseptic efficiency.

Use Zam-Buk also for the speedy healing of cuts, burns and scalds, and for eczema, abscesses, ulcers, ringworm or other skin or scalp disease. 50c. box, 3 for $1.25, all druggists and dealers.

GET Zam-Buk TO-DAY!

PROBLEMS OF WEEKLY PUBLISHERS.—The other day a convention of publishers from seven adjacent counties met at Palmerston to revise prices and make adjustments where possible for the benefit of their customers. Of late there have been some reductions in the prices of certain kinds of paper, but everything else remains at, and in some cases, higher than at any time during the past. Very few reductions in any line of printing may yet be looked for. Nearly all of the fifty present had adopted the $2 rate and found it to be working satisfactorily, and the few who are still running at the $1.50 rate are likely to go up to the standard $2 rate. The publishers are looking more into the cost of production than ever before, and most of them have learned from experience that it costs from $2 to $2.75 to get out a country weekly. With this knowledge, it is not likely that many will go back to former prices, knowing that to do so they would be working at a loss.—Guelph Herald.
