**THE STUDY**

The Town of Halton Hills has initiated a study to determine the best design alternative to address the rehabilitation of Armstrong Avenue from Mountainview Road North to Guelph Street in the Town of Halton Hills. The purpose of this study is to develop a consistent cross section for Armstrong Avenue to accommodate site traffic and access requirements, as well as, provide for pedestrian and cycling amenities prior to proceeding with detailed design. The site location is identified below.

**THE PROCESS**

This study is being carried out in accordance with the requirements of a Schedule "A+" undertaking, as outlined in the Municipal Engineers Association *Municipal Class Environmental Assessment* document (2000, as amended in 2007). A key component of the study will be consultation with interested stakeholders (public and agency). A Public Information Centre

(PIC) will be scheduled during the course of the project and appropriate notice will be given. The purpose of the PIC will be to review the problem statement, the planning alternatives and the results of the respective technical studies being undertaken.

**COMMENTS INVITED**

Public input and comments are invited for incorporation into the planning and design of this project. Upon completion of the study, an Environmental Study File will be prepared for public review and comment for a period of 30 days. Subject to comments received and the receipt of necessary approvals, the Town intends to proceed with the detail design and construction of this project. To provide comment or to request additional information concerning this project, please contact either of the following Project Team members:

### NOISY WORKPLACE?

If you have spent your working life in noisy areas, you may be eligible for full coverage. Even if you are now retired, you may apply for benefits if your hearing was damaged due to long term noise exposure in the workplace. We are authorized vendors for WSIB, DVA, ADP, ODSP and NIHB. We are experienced in the application process with a very high success rate. The first step to better hearing is a hearing test.

*If you've forgotten what fair, professional service feels like, call us and prepare to be amazed! SATISFACTION GUARANTEED!*
