We have no conscientious scruples about the wearing of shorts, slacks, house coats, bathing suits or trunks. We can stand them if their wearers can. But it is amazing the change that is wrought in the most sedate person by a visit to a summer resort. Women, who in their own town, would never appear on the street, even in the morning, without being hatted and gloved will wear overalls, a hankerchief on their head and back and arms weathering the weather like the best of tanned leather.

HEADLIGHTS WERE VERY FAULTY.—128 Milton district cars passed through Halton garage operators' "Safety Lane" on Martin Street on August 9th, 40 of the lot being declared perfect, and 46 struggling past the safety seal standard. Seven out-of-town garage men conducted the tests, headed by S. H. Gooderham, of Toronto. Glaring headlights were listed as the most numerous offenders, while weak emergency brakes took second place on the black-mark list.

The practice of dimming headlights on passing another car is not altogether to be recommended, as the driver is thus handicapped in seeing a pedestrian or rig on the road ahead of him. The solution would be an apparatus that would throw the light to the side of the road, and some of the newer cars are carrying this arrangement.

Although London took up many months of her time she found time to visit the Continent and tells of many interesting scenes in Paris, Italy, Austria, Hungary, Czechoslovakia, Germany, and Holland. Leaving England last October just before the foggy weather settled in Miss Buck took a boat for New Zealand via the Suez Canal, stopping at many interesting points, such as Malta, Gibraltar, Port Said, Port Oden, Ceylon, and many cities in Australia. After six months' stay in the sheep station country of Zealand she started for home by the Pacific, stopping at the Fiji Islands and visiting Honolulu for a month, thence to Vancouver, where a very enjoyable time was spent with her aunt, Mrs. Thos. Brownridge, a sister of her father's. Miss Buck reports having had a very interesting trip and would like to spend another summer in England before Miss Marjorie Buck returns from there.

This is an era of big bands at the Canadian National Exhibition. This year the feature band is that of the Royal Artillery of England. The band, composed of 70 musicians, is unique among musical organizations because each member can play at least two instruments and in five minutes the band can change over from one of the world's outstanding military organizations to a symphony orchestra of equal merit.

Although no accurate estimate of the value of Ontario's tobacco crop can be made until prices are determined in about six weeks, growers, figuring on the basis of last year's yield and prices are predicting an $18,000,000 return. Quality of this year's crop compares favorably with 1937, department of agriculture officials say.

A million dollars to produce—admission a "quarter"! That's the story of the C.N.E. Before the thousands of exhibitors and concessionnaires have spent one cent on their displays and booths—and they ultimately spend millions annually — the Exhibition management has spent a million dollars, yet despite vastly increased costs the admission price is only 25c , the same as it was in 1879.

DIED

Ainley—At his late residence, Toronto, Saturday, Aug. 13, 1938, Norman Ainley, husband of Clara Sykes, in his 80th year. Interment was made in Glen Williams cemetery on Tuesday afternoon.

IN MEMORIAM

McKay—In loving memory of our daughter, Mary Kathleen Coxe, wife of Roderick J. McKay, who passed away Aug. 16th, 1931.

The blow was great, the shock severe,
We little thought her death so near ;
Only those who have lost can tell
The sorrow of parting without farewell.
—Sadly missed by father, mother, sisters and brothers.

Davies—In loving memory of William Davies, who passed away Aug. 17th, 1931.

'Tis sweet to remember a husband so dear,
Though absent from us, yet ever so near ;
Unseen by the world he stands by our side,
And whispers, dear ones, death cannot divide.
It is not at the time that tears are shed
That t ll of a heart that is torn,
But the lone'y tears of the after years
And remembrance silently borne.
—Ever remembered by his wife and family.

Sweet—In loving memory of a dear husband and father, Wm. Sweet, who passed away Aug. 18th, 1937.

The evening star shines o'er the grave
Of one we loved but could not save ;
The end was sudden, the shock severe,
To part with one we loved so dear.
More and more each day we miss him
Though our thoughts are not revealed.
Little do they know the sorrow
That is within our hearts concealed.
—Sadly missed by wife and daughter.

MILTON GOSPEL TABERNACLE

2.30 p.m.—Sunday School
7.30 p.m.—Evangelistic Service

God says certain people are vipers and everything that comes from their mouth poisons the people who hear them. You would be suprised to know how many vipers there are in Canada to-day, damning people's souls by what they teach, denying the fact of the world's salvation by the blood of Christ. God will put them into the lake of fire, because they are poisoning, damning and ruining other people. All the while He holds out His hand and says seven times, "Come," because He means it. Come now, let us reason together, saith the Lord. Why now ? Because now is the only time you have—it is the best time. God shuts out those who do not agree with Him. He never blessed anyone who argues with Him. Believe what He says and make Christ your own. He has a Savior for everyone. Do you need a Savior ? He is sufficient to meet every need. If you want to hear this gospel come to the Tabernacle or to the park on Sunday. All welcome.

Seven months of the year have passed says the pessimist. There are still five glorious months left in 1938, says the optimist.
