MILTON, NOV. 7, 1940.

Halton Fall Assizes.

A number of Divorce actions were heard at the opening of the fall assizes here on Monday afternoon by Mr. Justice W. A. Green. Decree nisi was granted to the following: Doris M. Atherton, formerly of Dartmouth, N. S., from Harry Atherton; Kenneth C. Richardson, Oakville, from Ruby V. Richardson; Louis I. Hale, Georgetown, from Gordon Hale; Jane Goring, Port Nelson, obtained decree nisa from Gordon H. Goring; Muriel I. Le Blanc, Burlington, from Joseph N. Le Blanc. The plaintiff testified she and her husband adopted an infant boy in 1932. The husband had agreed to support the boy and he was ordered to pay $3 per week for the boy's maintenance until 1948.

There were no criminal cases on the docket and His Lordship was presented with a pair of white gloves.

ANNUAL HALTON PLOWING MATCH HELD UNDER BAD WEATHER CONDITIONS

Adverse weather conditions, coupled with the backward season resulted in a decreased entry at the annual Plowing Match held on the farm of W. R. Hume in Nelson township on Friday of last week. The unfavorable weather did not, however, dampen the ardour of the 37 contestants who turned some outstanding ridges. The site and conditions were ideal and the winning ridges would compare favourably with any at the recent International.

The Bank of Commerce Trophy for the outstanding ridge by a walking plow in the match was won by Harold Picket, of Hornby, who was the runner-up in the big Salada Tea class at the recent International.

Eight Halton young men under 20 years of age competed for the Bank of Nova Scotia trophy, with the award going to Grant Baker, of Freeman, who duplicated his winning effort of a year ago.

Wm. Lucas, Freeman, and Russell Dales, Campbellville, won the Strathcona Orchards Special for Nelson township in the inter-township class with the former also winning the Fred Robinson International 407 Walking Plow and the latter E. M. Readhead's silver tray.

The P. D. Salter Special Tractor class, open to novices, created keen interest, with the first award going to Vernon McArthur, of Milton. Keen competition was also manifest for the Stirling and Dnynes Specials for the best ridges in Classes 7 and 8 plowed by the Ford-Ferguson Equipment, the awards going to Frank McKerr, of Milton, and Leslie Wills, of Milton, respectively. Claude Picket, of Hornby, duplicated his brother's achievement of a year ago by winning the Salada Tea Special, with Grant Baker securing the reserve. These two young men will represent Halton in the Salada Tea Event at next year's International.

The following are the awards:

Class 1—Jointer Plows in Sod, open—1st, Harry Picket, Hornby; 2nd, Bob Brown, Galt; 3rd, John Lister, Hornby; 4th, Claude Picket, Hornby; 5th, Alfred Dickie, Jerseyville.

At the banquet held the same evening in the Milton Town Hall, Victor Hall, Vice-President of the Association presided. In his introductory remarks Mr. Hall congratulated John Lister and Harold Picket on their recent achievement at the International. "It is indeed worthy of note," stated Mr. Hall, "that two young men from the same County and adjoining farms could win first and second in the open Jointer class at the International. It is a feat which no other county has as yet accomplished." Warden Geo. Finney, in extending a welcome to visiting plowmen, advised his audience "to dig deep for knowledge and success will be yours." The guest speaker, F. H. Gilroy, well-known banker of Milton, delighted his audience in his brief address entitled "Straight Furrows", in which he stated "I believe that everyone here is under an obligation to plow back something into life. Mr. Gilroy is recognized as one of Halton's most gifted after dinner speakers and his effort on Friday evening last was in the opinion of many a real masterpiece, which proved a fitting climax to a successful match and a well rounded programme which included excellent numbers by the Lowville Quartette and the Campbellville orchestra.

RED CROSS SOCIETY

Have you been at the Red Cross rooms lately to see the marvellous work that the Milton Red Cross is doing? The quota of refugee clothing is gradually nearing completion and no branch in Ontario can boast of a better showing of clothing for women, boys and girls and baby layettes. The executive is sponsoring a tea and will model as many of the finished articles as possible on Monday, Nov. 25th, from 2 to 6, in the Red Cross rooms. Everyone is welcome. Do make an extra effort to come and feel a glow of thankfulness that you in some small way are helping to ease the crushing burdens that our motherland and her brave people are carrying. Silver collection will be taken.

HORNBY

Hallowe'e passed off rather quietly around here. There were the mysterious callers, and the usual boyish prank indulged in, such as the moving of gates, wagon, etc., from their accustomed place to some other location. However no serious damage was done.

The Sunday School will meet in the United Church next Sunday morning at 10 o'clock instead of 11 o'clock as usual. This will give those who wish to do so the opportunity to attend the anniversary service at Ashgrove at 11 o'clock. Let every one plan to attend, and be on time.

Mrs. Stanley Learment entertained the members of the W.A. at her home on Thursday afternoon.

We regret to report the death of a former resident of this locality the in person of Mr. William J. Henry, who passed away at his home at Lowville on Monday at the age of 83 years. Mrs. Henry is a sister of Mrs. James Spense of Hornby, and the symoathy of the community is extended to her in her sorrow and loss. The funeral service is being held in the Presbyterian Church here this afternoon.

A Soldier's Letter.

To the Editor of the Champion:—

Dear Sir,—As I am now a member of the overseas branch of the R.C.A.F. and I believe the only Milton boy to be overseas with this unit, I take this opportunity of writing you.

Our trip has been interesting and as we have turns of being on submarine watch I get a great thrill of the sea. The sea is like a world of its own and a boat is like a small bird being hunted by a great hawk. Thus we watch continually for the enemy both night and day. I hope that I will meet more R.C.A.F. boys from our home town of Milton and I know there are some fine boys from home training to serve with this unit out here.

So until we meet again I wish the Canadian Champion and the citizens of Milton all the luck, prosperity and happiness in the world.

HOME TOWN THOUGHTS

Where would your home town be, if the combined force of the home merchants were not working every day to put the town ahead? And where will those home merchants be, if people fail to show appreciation of these public spirited efforts by buying their supplies at home?

The country, it is said, should be ready for anything. One way to get it ready for anything is for the people to take hold and work in all the organizations and good causes of their home towns.

Failure to advertise goods so that people know what is being sold, has been one reason why many stores have failed to show any profit.

The boys who are serving in the Canadian Forces have requested that magazines of all descriptions, be forwarded to them. Thank you!

The members of Branch 136 are reminded that our special social evening will take place on Monday next, Nov. 11th. I am entirely ignorant of what the gods have in store for us, but during the past week "Smith Arnold Co. Ltd.," have held two or three director's meetings, which were strictly taboo to all us ordinary guys. Still and all, we may be fortunate enough to get on the inside of things next Monday. It may even run to:

"Sow Belly plus the Beans,
Soup de bulleon or "some thun",
Tapioca, puddun, army style."

Anyway fellows Steve Brody took a chance and anything them two guys can cook up, we can handle, so be on hand.

HOG CHOLERA
—A MENACE!

Active Co-operation of every Ontario Farmer is Necessary to ***STAMP IT OUT***

ONTARIO has a really serious outbreak of Hog Cholera. This deadly infectious disease of swine has reached alarming proportions in the counties of Essex and Kent, with smaller outbreaks in Lambton, Elgin, Norfolk and Haldimand. If the disease is not controlled it is certain to spread to neighbouring counties. Every precaution must be taken. The Ontario Department of Agriculture is actively co-operating with the Federal Department of Agriculture and farmers in their efforts to stamp out this disease.

If the spread of Hog Cholera is not checked NOW, every pig raiser in Ontario stands to lose. Only the immediate and wholehearted co-operation of every Ontario farmer will stamp out this menace to the hog industry.

HOW TO PREVENT HOG CHOLERA

The Departments of Agriculture strongly recommend every pig raiser to take the following precautions:

1. Confine all hogs to pens or yards that have been thoroughly cleaned and disinfected with an approved disinfectant.
2. In centres of heavy infection, if possible, keep hogs away from straw stacks as this is a place usually frequented by birds such as starlings, sparrows, and pigeons, which may have come direct from an infected barnyard. Destroy as many pigeons, sparrows and starlings as possible.
3. Keep dogs out of the pig pen. Keep your dog under control in the daytime and tied up at night. Keep stray dogs off your farm.
4. Burn any dead pigs or bury them so deeply that stray dogs will not dig them up.
5. Keep all doors closed and protect the windows so that no dogs or birds can enter the pens.
6. **Do not visit neighbours' hog pens nor allow neighbours to visit yours.**
7. Always have a pan of strong disinfectant solution just inside the door so that anyone entering the pen can disinfect his shoes, AND INSIST ON ITS USE.
8. Keep livestock trucks off your farm — if you have stock to ship, load up at the end of the lane. Disease-bearing refuse dropping from the bottom of the truck might easily be carried to your hogs.
9. **DO NOT PURCHASE "FEEDER HOGS"** except from dependable sources within a clean district.
10. Isolate newly purchased breeding stock for at least three weeks before permitting them to run with hogs already on the premises.
11. In areas where hog cholera exists be extremely careful about breeding outside sows with your boar.
12. Where hogs are serum treated, follow to the letter instructions given by the Veterinary Inspector of the Federal Department of Agriculture.
13. Feed only carefully balanced rations. Well-fed hogs have the strongest resistance to disease.

Hog Cholera is highly contagious and can spread very rapidly. The above precautions, put into practice, TODAY, will do much to prevent the spread of this deadly disease.
