Minor Hockey Scores

In Thursday evening's games, the Rangers defeated Pittsburg 2-0 winning the series 10 games to one. Scoring for the Rangers were Bailey and Chris Wright.

Knight's defeated Ledwith's 6-3, winning that round nine games to three. Scorers for the winners were Doug Peddie with a hat trick, Gerry Paupst, Don Wilson and Barry Cannon. Nobody seems to know who scored for the losers.

—Police report six accidents near Acton on No. 25 and No. 7 highways over the week-end. Snow and icy roads were partly blamed in most cases.

Precautions in Farm Sale Urged by Q.C.

"Deal only with old reliable well established real estate companies and be very careful of agreements made when selling prpoerty." These and many more precautions were urged by George Elliott, Q.C. when he spoke to members of Ligny and Pine Grove farm forums Monday night.

At the final meeting of the season held in Pine Grove school, Mr. Elliott advised farmers not only to read all contracts very carefully, but to consult their lawyer before signing any papers. In view of the fact that so much farm land is changing ownership for various purposes, Mr. Elliott's advice and warning were greatly appreciated by the members, and if followed might save considerable grief and disappointment.

The film, Enough and For All was shown and vocal, instrumental and musical numbers given by Audrey Brown and David Howden, were enjoyed. Lunch and a social visit followed the program.

— Staff Photo

BELL SCHOOL SQUARE DANCERS will appear on the April 7 Holiday Ranch show over the Toronto TV station, CBLT, it was learned this week. The dancers, left to right, are Diane Dixon, Peter Walker, Anne Dixon, Burke Harrison, Linda Wright, Lloyd Zuest, Maureen Rodgers and Robbie Newell. In the back are Ron Harris, violin; Mrs. Newell, piano; and Jack Reynolds, caller. Miss Frizell is the teacher.

Urban Bd. Looks Over Agreement For Dog Control

At a brief meeting of the North Halton Urban Board in Georgetown last night, members reviewed the arrangements made with the Oakville and District Humane Society for an agreement to enforce dog control in the three towns.

Reference was made to the similarity of the dog control by-laws now in force in Acton, Milton and Georgetown.

Georgetown Mayor J. Armstrong stressed the agreement should, when signed, be between the Society and the North Halton Urban Board. Mayor Armstrong's concern was for continuity of the agreement, where if difficulty should develop in the Society serving one town, all three towns—as the Urban Board—would be in a unified position to negotiate in the common interests.

Board secretary J. McGeachie suggested that three separate contracts be signed with the Society but a clause be contained stipulating all dealings for the three towns be through the Urban Board.

During the discussion over the worth of the agreement, chairman C. Johnson reflected that "it is remarkable that three towns can get together to settle and benefit from problems."

Secretary McGeachie told the Board that Oakville and Trafalgar had replied as being satisfied with the present 20-80 split of plumbing inspection fees with the Health Unit, while Nelson sought 40 per cent.

The present county road debate was briefly discussed and the dissatisfaction noted that now exists in some urban municipalities over the size of the rebate. Acton, Georgetown and Milton have considered action to have the rebate in Halton upped to 40 per cent.

Before adjournment, brief references were made to garbage disposal problems in the three towns.

LOWVILLE

Minister Speaks on Meanings of Altar

The March meeting of St. George's W.A. was held this week at the church. Rev. R. P. E. Jeffares opened with prayer. Following the prayer, Rev. Jeffares spoke on the meanings of the altar, its hangings and linens.

The business part of the meeting took place in the basement of the church, with the president Mrs. J. A. Stokes presiding. The reports of the different committees were given.

Mrs. William Powell read what the bale will consist of. The articles for the bale will be on display at the next meeting. A suggestion was made that choir gowns be made for the junior boys.

Plans were made for the dramatic enactment of The Women of the Bible. The president closed the meeting with prayer. Lunch was served by the committee in charge.

Milton Youths Get Suspended Sentence For Accessory Theft

Ronald Pell and Phillip Lawrence, both of Milton, were placed on one year's suspended sentence in Trafalgar police court Wednesday (yesterday), when they appeared before the magistrate charged with theft of approximately $80 worth of car accessories.

The incident, which occurred on March 6 in Milton, involved the theft of a car radio, two mirrors, a spotlight and a set of caution lights, from a car owned by an Oakville man.

In addition to the suspended sentence, both youths must be off the streets by 10.30 p.m. each night.

Closed Friday

This office will be closed on Good Friday, but will be open again Saturday morning for business.

Nelson Refuses Financial Aid to Joint Planning

Nelson Council, at a special meeting on Friday evening, turned down the request of the Burlington and Suburban Area Planning Board for $2,000.00 to cover Nelson's share of the 1956 budget of the Board.

The motion refusing the request noted that although Nelson agreed that area planning is beneficial to any expanding area, and had at no time restricted co-opertion in working with the Burlington and Suburban board, they felt that the money of the township should be directed into the Nelson Planning Board. The Nelson Planning Board then could make any appointments of representation to an area planning board, subject to the approval of Nelson council.

—The first day of April the Ontario Provincial Police will be giving out red stickers for safety checks. Those black stickers will be out of date, and should be renewed. The red stickers will be good for April, May and June. If you have a black sticker on your car now, police ask that you go to their office to get a new red one.

LEGION NEWS

March 25 saw a brisk hockey game at the Milton arena when Legion 'Hornets' finally succeeded in winning over Ontario Steel 'Mustangs' 7-6; great fun, although some team members are feeling their age.

The P. L. Robertson employees will view a film on Credit Union Organization; all Legion members are invited to attend the showing in the newly decorated Legion Hall.

We wish to remind one and all that female members of Her Majesty's Forces are eligible to join the Canadian Legion. Applications for membership from lady veterans of World Wars I and II will be welcomed.

From the general meeting of March 26 comes a new feature to interest branch members: Bank Nite at Legion meetings. The kitty starts off at $2.00 and at the end of each meeting a member's name is drawn from a hat. If the member is present, he wins the kitty. If absent, a dollar is added to the kitty for the next meeting and so on. Sounds like a good idea.

We recently inspected the Acton branch premises following their recent building program and the boys up there really can be proud of their club. Hats off to Acton for their capable planning.

Watch this newspaper for announcements of church parades and other activities of Milton Branch 36, then turn out and help the Legion to help others (including yourself).

CLEARING
AUCTION SALE
IN TOWNSHIP OF ERAMOSA

Of Fully Accredited, Registered, many Vaccinated, Blood Tested, Holstein Cattle, modern Farm Machinery, Thresher, Feed, Etc.

L. W. McMillan, clerk. b-37-2

CARS are my Line

By IVAN SLESSOR

Since the end of the war, they've taken a lot of the drudgery out of cleaning and waxing a car by the introduction of new products.

And it has become more important to keep your car's appearance tip-top because, as everyone knows, the automobile market has become much more competitive and the car that has its showroom shine will trade for a lot more than a grimy heap.

The new products have made car cleaning easier, and there are many little tricks that help, too.

There are many good sprays for cleaning the windshield. Or, you can borrow a trick from the glassware industry and fill your sprayer with stale beer. It works well, and so do pads made from wet newspapers, followed by a shine with a clean cloth.

When you're cleaning your tires, run the ignition key down the treads, the key makes a handy tool for cleaning out small pebbles.

You've probably winced in anguish going over a freshly-oiled road, thinking of what that splashing oil is doing to your finish. You can get a good tar remover or, if you're stuck, you can try butter or lard to soften the tar.

I always feel a lot happier in a car that's clean inside and out. And because we only take into our lot cars that have been well looked after, the engine regularly serviced and the body protected, you're sure of finding that kind of "happy" car.

The gamble is removed for everyone that way. And some of the finest cars we've ever had are up here at the lot this week.

ECONOMY MINDED? Here's your car. A beautiful finished 1951 STUDEBAKER COMMANDER with overdrive and custom radio. An ideal second car at the price you want to pay.

Try this 1948 DE SOTO CLUB COUPE for size. Custom radio, heater, etc. Real comfort in this low priced unit.

1949 FORD 1947 HUDSON 1946 CHEV
No reasonable offer refused on these three units

The buy of the year is the 1955 PONTIAC LAURENTIAN HARD TOP, fully equipped with power pack, automatic, custom radio, two-tone, white walls, etc. Showroom car condition.

One owner DELUXE PONTIAC SEDAN. This 1953 beauty is priced to suit your budget. See it now.

Look! A real clean 1952 PONTIAC CHIEFTAIN with dual range hydramatic, radio, heater, etc. This unit is reasonably priced to move fast. Ask for demonstration today.
