LETTER TO THE EDITOR

Calls Champion Link With Years in Town

Minneapolis, Minnesota,
May 9, 1956.

The Canadian Champion,
Milton, Ontario.
Gentlemen:

I am enclosing my cheque to renew my subscription—Monday evening wouldn't seem quite right without my Champion. It usually arrives that day.

I do enjoy this link with my many years in Milton. The only problem is that you so often forget to print any of the names which are familiar to me. Milton must be changing rapidly. Two years away—and I already feel that I am a stranger.

Thank you for mailing the paper so regularly.

Yours truly,
(Miss) Anne M. Blain.

KILBRIDE

Rev. H. Currie Baptizes Three

Sunday School and church services were well attended on Sundy afternoon. Three babies were baptized by the Rev. Harold Currie, Ronald John Charles, son of Mr. and Mrs. Ross Harbottle; Kirk Eon, son of Mr. and Mrs. Warren McNiven and Garnet David, son of Mr. and Mrs. William Sault. Music for the service was supplied by the junior choir, under the leadership of Mrs. Bruce Coverdale, accompanied by Mrs. Eric McArthur.

Mr. and Mrs. George Sherwood of Rockwood visited with her mother, Mrs. Wm. Small, on Sunday.

Mr. and Mrs. James Molto and family of Mount Dennis visited over the week-end with her parents, Mr. and Mrs. Matt Howard.

Shower in Hall

A large crowd attended the miscellaneous shower in the hall on Wednesday evening in honor of Mr. and Mrs. Wm. Watson, newlyweds.

Mrs. Henry Gorter was hostess to the W.M.S. meeting on Thursday afternoon. Miss Netta Burns read the devotional paper and Miss Fields from Milton gave a very fine talk. Mrs. Joe Henry presided.

LEGION NEWS

Biggest news of the moment is the Annual Santa Claus Fund Drive which is sponsored by the Canadian Legion and the Milton Firemen, on behalf of the children of Milton district. Again this year the affair will be staged at the Milton Fair Grounds. Tickets can be obtained now from local firemen or members of Milton Branch 136. More about this anon.

No less momentous is the next item: 12 members attended the Zone Euchre Tournament at Acton Saturday and came home with the Group Trophy and 12 individual trophies, not to mention the draw prizes. To quote one member, "If Acton Branch hadn't been nailed down, we could have brought that home, too!" The winners were Ken Schultz, Jim Morley, Scotty Ross, Fred Johnson, Bob Hamilton, Roy McDowell, Bill Cowan, Hugh Patterson, Vern Grenke, Chuck Gervais, Chick Kelman and Dave Wilson. Good show, boys!

Ernest "Bus" Thompson, who appears in this column regularly, has a legitimate beef this week. Someone removed his topcoat from the Legion Hall at a Saturday night dance about a month ago. If said person would return Comrade Thompson's topcoat we will be most grateful.

That's it for now. The Attendance "Bank-Nite" stands at $3 as Comrade Wrigglesworth's name was drawn Monday night and he was not there to win the bank. Watch this column for some important news in the near future.

OMAGH

W.A., W.M.S. Ladies to Clean Church Regularly at Meeting

The members of Omagh Presbyterian W.A. and W.M.S. were entertained at the home of Mrs. Colin Marshall for their May meeting. Mrs. Finnie welcomed the ladies and presided for the W.A. business. The scripture reading and theme were given by Mr. McFaul, the message in keeping with Mother's Day.

Letters of thanks for flowers sent were received from Mrs. J. Galbraith, Mrs. Penmow and Mrs. M. Turner. It was decided to hold a tea in the church in June. It was suggested and carried that two ladies go every two weeks to dust and clean the church, the members taking turns at the work.

Mrs. C. Marshall presided for the W.M.S. meeting. Mrs. Charles Jarvis gave the chapter from the study book and prayers were given by Mrs. Snow and Mrs. McFaul. 20 ladies answered the roll call. Readings were given by Mrs. Snow and Mrs. Finnie. At the close of the meeting a sale was held for the flower fund, after which all enjoyed a social half hour over the tea cups and the lunch served by Mrs. James Peacock, Mrs. R. Marshall and the hostess.

Birthday greetings to Myrna Marchment, Bruce Pewtress, Mrs. E. Pell, Donald Pell, Mrs. C. Peacock and Mrs. J. Trischler on their birthdays recently.

Mrs. Fred Amme returned home last week after several weeks' vacation to her homeland, Holland.

Mr. and Mrs. Douglas Green and Valaria visited last week-end with their mother, Mrs. Lillie Campbell at Muskoka Lakes.

Miss Muriel Curtiss enjoyed the bus trip taken by grade niners of Oakville high school to Niagara Falls and Buffalo on Saturday and spent the week-end with her friend, Miss Mary Lou Robertson of Oakville.

David Lawrence was a patient in Milton hospital this week for a tonsil operation. We hope he is soon feeling better.

ENGAGEMENTS

Mr. and Mrs. Robert R. Ford of Milton wish to announce the engagement of their daughter, Doreen Annette, to Stuart Henry, son of Mrs. Ralph and the late Harry Ralph of Woodstock. The marriage will take place June 9, 1956 at 3 p.m. in the United church, Drumquin, Ontario.

Careless Driver Gets $85 Fine

One local 17-year-old youth was fined $85 and $15 court costs and had his driver's license suspended for three months in Magistrate's court here Tuesday when he pleaded guilty to a charge of careless driving.

According to evidence of Police Constable Ray Andress, the youth was seen driving along one of the town streets Thursday evening with his lights out, was chased for a mile and a half through town, then down Bronte St. and the First Line, Trafalgar for five miles at a very high rate of speed. The driver "ran out of road" at the Lower Base Line and smashed the car to the extent of $300.

HALTON MANOR

Hold Inspiring Church Services

Two very inspiring church services have taken place at the Manor recently.

On Sunday afternoon, May 6, Rev. J. L. Blair was unable to be present to conduct the service but he sent three very talented ladies who are members of his church, St. Paul's United church, Milton, to take the service. These ladies were Mrs. D. Lawrence, who conducted the service and Mrs. M. Hayward and Mrs. T. Stover, who provided the music. Mrs. Hayward, accompanied at the piano by Mrs. Stover, sang a solo, You Must Open the Door, which was enjoyed and admired very much by the residents.

Mrs. Lawrence read as her scripture lesson part of chapter five of the First Epistle of John and then delivered a very earnest and convincing address on this lesson.

Mrs. Lawrence pointed out that the centre of our lives must be faith in God and that we must not allow belief in good works or the struggle for material security to come ahead of this faith in God. This faith in God has been exemplified in the lives of Noah, Abraham, Paul and many other Biblical characters whose faith in God helped them to find their way out of difficult situations.

On Sunday afternoon, May 13, Rev. R. F. Snyder, pastor of Emmanuel Baptist church, Milton, came to the Manor to conduct the church service. He was accompanied by a very talented young girl, 12-year-old Susan Draper, who played the accompaniments for the hymns. The poise that Susan displayed while playing these accompaniments and the faultless manner in which she played them aroused the warm admiration of the residents.

After reading the sixth chapter of Daniel as his scripture lesson, Mr. Snyder based his interesting sermon on this Bible story. Before delivering his sermon, however, he paid a tribute to Mothers everywhere on the occasion of Mother's Day.

Mr. Snyder began his sermon by saying that when our own beloved mothers pass on, we still have a friend and companion in God, who never forsakes us. This is illustrated in the sixth chapter of Daniel. God saved Daniel from a terrible death and He can deliver us out of difficult situations and give us aid and fellowship.

Cake, Roses

At supper time on Mother's Day, Sunday, May 13, the residents enjoyed a very delicious and beautifully decorated cake sent to them with the good wishes of the Brownies and Girl Guides of East Oakville District. These good wishes were sent on behalf of the Guides and Brownies by Mrs. G. Broadbent, East Oakville District Commissioner.

At breakfast time on Mother's Day, each mother among the residents of the Manor received a lovely yellow rose in honor of the day, a gift from the Superintendent and Mrs. Clarke.

Instructions, Games, Competition Planned for Weekend Camporee

Saturday, Sunday and Monday will be big days for the Boy Scouts from Erin, Acton, Hillsburg, Georgetown and Milton when they attend North Halton's first Scouting Camporee at the Milton Scout Camp, four miles north of Milton on No. 25 highway.

The program including instruction, games and inter-patrol competition will make it an educational and interesting week-end. The main purpose of the Camporee is to bring the North Halton Scouts together so they can get to know each other and to further the Scouting ideals. Scout leaders from each troop will be on hand to operate the Camporee.

The Camporee will consist of five sub-camps made up of patrols from different troops. Each patrol will be responsible for their own campsite and cooking. As the camp proceeds, each patrol will be allotted points based on Scouting rules and one Camporee patrol will be selected as the best patrol. Each boy will be learning something on Scouting ideals.

R. D. Young of the First Milton Troop has invited parents, brothers and sisters to visit the campfire, held each night of the Camporee at 9.30 p.m., and says visitors won't have any trouble finding the spot—"just listen for the noise of voices."

Mr. Young adds one more piece of advice to visiting parents—remember, at camp, boys become hearty eaters so parents had better remember the Scout motto: Be Prepared!

The Scouts are hoping to have good weather, but nevertheless, some harsh unexpected weather would put their camping abilities to a good test.

Hamilton Beats Milton Lads 8-4

The Milton soccer team played host to the Hamilton Westinghouse team at Georgetown park Sunday, and lost eight goals to four. The exhibition game was enjoyed by all and since the ground was still wet from the week-end rain, the game was hard going. The House needed no introduction as far as soccer goes, but the local lads put up a grand show against the first class players.

The locals play their first league game against the Hamilton Germania team this Saturday in Hamilton. Meanwhile, practice continues to keep the lads in shape and more players are turning out for the practice sessions.

Promises of a good team in the league are floating around and many are wishing the boys the best of luck in future games.

CARS are my Line

By IVAN SLESSOR

How would you like to have a fire gong fastened underneath your car and be forced by law to ring it—and keep ringing it—within 50 feet of every intersection ?

That's the kind of crazy law that once existed on this continent, within the memory of many people who are racing around in jaunty sports cars today.

The early motorists, brave and hardy souls that they were, put up with some silly laws on their Sunday drives, and they put up with a lot more.

Farmers were their particular enemies, although there were lots of townfolk who had crippling laws passed, too. The dust fairly obliterated the sky on back country roads and there was the old suspicion that the snorting autos turned the milk of cows sour.

A farmers' fad that caught on almost nation-wide was to bury old rakes, barbed wire and, Lord help us, even cross-cut saws into the roads. They did a dandy job of slashing tires.

There were defeat-the-cars organizations formed. The Farmers' Anti-Automobile Association of Pennsylvania publicly urged its members in 1904 to patrol the roads on Sundays and threaten motorists with arrest, or shoot them if necessary!

It was Urbana, Ohio, that had the law about sounding a bell 50 feet on either side of an intersection. If the cars alone didn't frighten horses, all those gongs certainly must have.

These are the kind of silly little stories that you pick up from being around automobiles, a lot of things stick to you and it's fun to share both the useful and the useless.

Our mechanics are much the same way: men who have the "feel" of cars as well as sound training, mechanics who love to hear an old bus purr and are here to share their knowledge with you.
