Attention Residents Of Ward 1
TOWN OF OAKVILLE

In November of 1964, the Council of the Town of Oakville authorized that house numbering be initiated in Ward 1 to conform with the rest of the Town. It was felt that even though Ward I has rural route mail delivery, that house numbering would be of considerable benefit for everyone concerned. The work is presently being carried out by the Town Surveying Department and was started at the Upper Middle Road and the work will continue in a northerly direction until completed. It is hoped that the house numbers will be placed and the project completed by the end of March, 1965.

Because of the large set-backs of many houses, it will be necessary for the Town employees doing the work to affix the house number to the most suitable tree or post closest to the entrance of the property. Upon completion, house numbers will be used for the following purposes:

Identifying property for assessment purposes.
Voters' lists.
Registry Office purposes.
Delivery purposes.
Fire and police calls.
Ambulances.
Mailing purposes.

Oakville Council requests that you co-operate by using your house number address at all times as it will be of great benefit for the purposes enumerated above.

A. M. MASSON, Mayor,
Town of Oakville. c-39-2
