A SPLENDID ADDRESS.—Milton and vicinity was indeed fortunate, on Thursday evening last in having Dr. F. W. Norwood of the City Temple, London, England, give an address in Knox Presbyterian Church. Dr. Norwood is reputed to be the most outstanding minister in the British Empire, and those who heard his wonderful discourse on "Why is light given to a man whose way is hid," (Job 3-23) will consider it an occasion long to be remembered. Rev. J. N. McFaul of Knox Church was chairman, Canon Naftel of Grace Anglican Church read the lesson, and Rev. A. B. Irwin of St. Paul's United Church gave the prayer. The solo by Mr. Galloway was very much appreciated. Rev. J. N. McFaul very capably introduced the distinguished visitor. At the close of the address Mr. Robinson, who accompanied Dr. Norwood, spoke briefly, and later copies of the famous picture of Christ, which was presented anonymously to Dr. Norwood in England, were on display in the school-room. Dr. Norwood's work is interdenominational and it was a rare privilege to be able to hear him.

Dogs and cats are causing trouble at nights in several parts of the town. Garbage cans have been overturned and the contents strewn all over the lawns. Howling dogs are also making the nights hideous with their howls, and disturbing the rest of sleepers in the neighborhood. It is rather aggravating to have to put up with such nuisances, and the authorities should look into the question as to whether our citizens are compelled to stand for unnecessary noises.—Burlington Gazette.

SPARKS START $8,000 FIRE.—Sparks from a threshing machine caught in the hay and wheat stored in the barn of Joseph Hunter, Norval, on Monday and he suffered $8,000 damages when the barn and all his wheat, hay and barley crops, two horses and a bull, as well as the threshing machine, which was close by the barn, were destroyed by the flames. The men, who were threshing, were unable to control the blaze, which started just before noon. Hunter and a farm hand were severely burned about the head and shoulders when they entered the flaming building in an attempt to save the horses.

The meeting was largely attended. The following were appointed a committee to draft resolutions: J. F. Brown, Shelbourne; Mr. Cunningham, Alliston; W. N. Robinson, Oakville; E. M. Readhead, Nelson. It was decided to meet in Milton on October 18th. All wardens and educational chairmen are requested to attend.

On Thursday last, four gypsies arrived at Freeman, and one of the ladies placed an order with the driver of a soft drinks truck to deliver a couple of cases in Hamilton. After he wrote out the order, he felt for his money and found it had disappeared. He accused the gypsy of the theft, and finally secured his money. She sought her pals, who were in another store, and they made a hasty retreat. The number of the car was taken, and Chief Smith was summoned and hurriedly arrived on the scene. Although the Chief located the party, the owner of the money declined to lay a charge, as he was not out anything.—Burlington Gazette.
