AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Tetter, and all Skin Diseases.**

Oakland, Ind., 6th June, 1856.

Dr. J. C. Ayer & Co. Gentlemen: I feel it my duty to send you a few lines to let you know what your Sarsaparilla has done for me. I had a scrofulous infection, I have suffered in various ways for years. Sometimes it broke out in sores on my hands and arms; sometimes it was a sound and distressed me at the stomach. Two doctors took out on my hand and covered my scalp with one sore, which was painful and loathsome to the sight. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disease grew worse. At length I was induced to try your Sarsaparilla, and I know from experience that it is what it is recommended to be. I feel it is a valuable medicine, and I will do all I can to make it known. My health is now good, and I hold you to be one of the blessings of this age, for which I am very gratefully. Yours,

ALFRED B. TALLEY.

Dr. J. B. S. Its effects in the scrofulous diathesis, I have cured many to attest the efficacy of your medicine when the constitution was caused by ulceration of the uterus, or by the disease itself was soon cured. Nothing within my knowledge equals it for those female derangements."

Edward S. Marrow, of Newberry, Ga., writes: "A distressing tumor came on one of the females in my family, which had defied all the remedies we could employ, has been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation would afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks the complaint of the disease remained."

Syphilis and Mercurial Disease.

New Orleans, 27th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with your Sarsaparilla.

I have used it, in my practice, most of the components for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without the disfiguration to his face. A woman who had been cured for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that it is a Preparation from your laboratory must be a great one; consequently, these truly remarkable results have not surprised me.

Gratefully yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint, Inactiveness, Costiveness.

Dr. J. C. Ayer: Sir, I have been afflicted with a painful *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health. I think it a wonderful medicine. J. FREAM.

Jules Y. Gutchell, of St. Louis, writes: "I have been afflicted for years with an affection of the *Liver*, which injured my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for years from no other cause than derangement of the liver. My labored pastor, the Rev. Mr. Fogg, advised me to try your Sarsaparilla, because he said he knew you, and knew that you made no claims but such as you could fulfill, and would do all that it could do. I did so, and it did me good. I went on taking it, and used it until it cured me. I took no medicine in small doses of a nauseating character, and used almost three bottles. Now and healthy I feel. My cure is as clear and complete as it is possible to be, and I know by my feelings that the disease has gone from my system. You may believe that I feel what I am saying when I tell you that I hold you to be one of the benefactors of the age, and I shall ever gratefully. Yours,

ALFRED B. TALLEY.

Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where some of these formidable complaints have resulted from the use of this remedy, but our space here will not admit of their insertion. Some of them may be found in our American Almanac, which the agents below named are pleased to give gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

These miserable forms of these affections have been so efficacious in power of this medicine. It stimulates the vital fluids into vigorous action, and thus expels the disease which would be supposed beyond its reach. No remedy has long been required by the medical profession, and we are confident that this will prove a valuable one for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This remedy is universally known to surpass any other preparation of the kind, and large complaints that it is here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it a household word throughout the civilized nations of the earth. In communities, or even families, where it has been used, it has not some personal experience to offer—some striking trophy in their midst of its victory over the insidious and dangerous diseases of the throat and lungs. Hence the dreadful fatality of these disorders, and the wonderful effects of this remedy, are well known and acknowledged. Its virtues are such that it has won all the confidence of the public wherever it has been used. Its strongest support is the confidence of those who have tried it.

GRAPES & STRAWBERRIES,

Fruit and Ornamental Trees.

GREAT inducements offered to those of that are willing to work and take orders. Every order of $5, I will add 25 plants of the Golden Queen. For an order of $10, one Grape Vine and 25 plants; and so on in proportion to the amount over $10.

J. B. CLINE offers to the public a remarkable Strawberry, The Golden Queen. It is of a beautiful bright scarlet color; of high flavor, and enormous productiveness—many berries measuring six inches in circumference. It ripens fifteen days after the Wilson, and is thus most valuable as a late berry for family use or marketing. I picked nice berries of the Golden Queen as late as the 17th of July.

Every person should set out largely of the Green Prolific. The berry is nearly as large as the Golden Queen, very early, tender and sweet. It is recommended very highly in the eastern part of the state where it is better known. In fact, the Golden Queen and Green Prolific are the two best berries in cultivation. The Golden Queen sells in our market for four shillings per quart, where the Wilson, on the same stand, only brings twenty-five cents—never have sold the Golden Queen and Green Prolific for less than twenty-five cents, when the Wilson brought only twelve cents. Many persons in Rochester are setting a bed of the Golden Queen on purpose to mix the berries with the Wilson—the Wilson by doing so.

Copied from the Southern Recorder, printed at Amity City, La.

The Golden Queen Strawberry.—Those who desire to raise a fruit of Tomato size and Strawberry flavor, will find just what they are looking for in the Golden Queen. John, of the *American Agriculturist*, printed in New York, says: "It is a variable strawberry, and one of the best varieties yet raised, either for home use or for the market," and until occular demonstration proves to the contrary, we are bound to believe it.

	per doz.	per 100.	per 1000
Golden Queen	$1 00	$5 00	$30
Green Prolific	1 00	4 00	30
Great Agriculturist	1 00	4 00	25
Knox's Jucunda	1 00	4 00	25
Triomphe de Gand	50	2 00	15
Wilson's Albany	50	2 00	15
Early Scarlet	50	2 00	15
Hovey's Seedling	50	2 00	15

Strawberry Plants can be set until late in the Fall if covered well with leaves or straw.

Peach and Apple Trees, 50 cents each; Pears, Cherries and Plums, 37 to 62 each; Grape Vines, 75 cents each. Evergreens, Roses and Shrubs of all descriptions. General Assortment of House Plants.

I will guarantee all orders to be delivered in good order. I can send by mail from a hundred to a hundred and fifty of the Strawberry Plants, in one package, and from six to twelve Grape Vines, postage paid.

Cash orders filled in rotation. Orders marked C. O. D., the buyer must pay the express charges, and I will pay the collection.

VICTORIA R.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. To all to whom these Presents shall come, Greeting:

WHEREAS, by a Warrant under Our Royal Sign Manual, countersigned by one of Our Principal Secretaries of State, and bearing date at Our Courts at Buckingham Palace, the 29th day of January, 1856, in the nineteenth year of Our Reign, We did constitute and create a new Naval and Military Decoration, to be styled and designated the Victoria Cross, which Decoration We expressed Our desire should be highly prized and eagerly sought after by the Officers and Men of Our Naval and Military Services, and did also make, ordain, and establish the Rules and Ordinances therein set forth for the government of the same, to be thenceforth inviolably observed and kept:

And whereas during the progress of the operations which We have undertaken against the Insurgent Native tribes in our Colony of New Zealand, it has happened that persons serving in the Local Forces of Our said Colony have performed deeds of gallantry, in consideration of which they are not, according to the strict provisions of Our said recited Warrant, eligible for this high distinction:

And We do further for us, Our Heirs and Successors, ordain and appoint that the said Decoration may also be conferred, in accordance with the Rules and Ordinances prescribed in Our said recited Warrant, and subject to the provisions aforesaid, on such persons who may be qualified to receive the same in accordance with the said Rules and Ordinances, as may hereafter be employed in the Local Forces raised, or which may be raised in Our Colonies and their Dependencies, who may be called upon to serve in co-operation with Our Troops in military operations which it may be necessary to undertake for the suppression of Rebellion against Our Authority, or for repelling invasion by a foreign enemy.
