TORONTO, February 16.

The elections for the new Board of Agriculture resulted in only two members of the old Board being returned.

Valentine's Day is played out in this city. Only 1,000 to 1,200 were posted yesterday, 700 of which were unpaid.

The *Globe's* correspondent continues to write about the jail, giving very bad accounts of its condition.

The weather is more mild to-day. The ice has almost disappeared from the Bay, there being only a narrow strip from the west end to the shore.

GREAT BRITAIN.

OPENING OF THE BRITISH PARLIAMENT.

The Queen's Speech.

LONDON, February 16.—The formal opening of Parliament, which was postponed last year in consequence of the resignation of D'Israeli's Ministry, took place this evening. The members of the House of Commons were summoned to attend at the bar of the Chamber of Peers to hear the royal speech. The Queen was not present, but Her Majesty's speech was read to the assembled House by the Lord Chancellor. The speech is in substance as follows: The Queen assures the Lords and Commons that the relations of Great Britain with all the foreign powers are at present on an excellent footing. The hostilities which threatens to break out in the East have been prevented by the Conference of the great powers at Paris. The hope is expressed that the negotiations with the United States will place on a firm and durable basis the friendship which should ever exist between England and America. The disturbances in the colony of New Zealand are to be regretted, but the Queen says that prudence and management on the part of the Government will prevent the occurrence of these unhappy events. The estimates will be laid before the House of Commons by Her Majesty's Ministers, and framed on a basis of economy coupled with efficiency in the administration of the service. The continued suppression of the operation of the writ of *Habeas Corpus* in Ireland is regarded as unnecessary. Ecclesiastical arrangements for Ireland are to be considered by Parliament. The legislation for their final adjustment will make large demands upon the wisdom of both Houses on this subject. The Queen concludes as follows: I am persuaded that careful regard will be had to the interests involved, and to the welfare of religion, and that through the application of principles of equal justice the questions before them will secure the undivided feeling of the people of Ireland on the side of loyalty and law, efface the memory of past contentions, and cherish the sympathy of an affectionate people.

The ship *Tavistock*, from Charleston, for this port, was abandoned at sea. Her crew were saved and landed at Deal.

SOUTH AMERICA.

NEWS VIA LONDON.

LONDON, February 16.—Accounts of the state of affairs in Paraguay have been received from both sides, and are as usual contradictory. The Brazillians claim that the war is ended, that their forces now permanently occupy Asuncion, and that the inhabitants, who, on their approach, by order of Lopez, fled to the interior, are returning to their homes. It is positively asserted that President Lopez has abandoned the country, and gone to Bolivia. On the other hand accounts from Paraguayan sources represent that the army of Lopez after the battles at Velletta and Augostura rallied in comparative good order, and is still capable of making a formidable resistance. The Paraguayans base their hopes of preserving their independence and retrieving their losses on the violent dissention which they say has broken out among the generals of the allied troops.

Trinidad in a State of Siege—The Revolutionists Beaten in a Battle.

HAVANA, February 15.—The city of Trinidad, in the Central Department, has been declared in a state of siege. An engagement has taken place at Manzangua between the troops and revolutionists. Official accounts claim a victory for the Government.

HAVANA, February 16.—The Government authorities refuse to recognize the United States consul, except as a commercial agent. The naturalized Americans are being imprisoned without having charges preferred against them, or without chances of trial. The American consul will be compelled to leave unless he is supported by the Government. The Government is placing restrictions in the way of Americans who wish to leave the island.

YESTERDAY'S DESPATCHES.

Fenian Meeting in New York.

NEW YORK, February 15.—An immense mass meeting of citizens in favour of the freedom of Ireland, and liberty of American citizens held prisoners by England, took place this evening at Cooper Institute. Mayor Hall presided and made an eloquent speech, denouncing the disregard of the rights of American citizens shown by Great Britain, and claiming that to exhibit any further apathy on the subject would be disgraceful to the United States as a nation. Resolutions offering the rights of foreign-born citizens to protection of the American flag were adopted unanimously.

The "Alabama" Claims Treaty.

WASHINGTON, February 16.—The Senate Committee on Foreign Relations had a long discussion on the *Alabama* claims treaty at their session this morning. The result showed that the committee hold substantially a view which is understood to have been expressed by General Grant, namely, that the treaty contains no satisfaction for the great wrong done us by England, and is entirely inadequate. Although no action was not taken the debate in committee showed that not a single member was in favour of the ratification of the treaty.

Severe Sleet Storm at Augusta.

AUGUSTA, February 16.—The most severe sleet storm occurred last night that has visited this vicinity for years. Hundreds of trees are completely raised, and roads are almost impassable.

APPLIED EXTERNALLY, CURES

Scalds, Burns, Frostbites, Chilblains, Erysipelas, Ringworms, Whitlows, Boils, Old Sores, Sprains, Bruises, Toothache, Headache, Neuralgia in the Face or Head, Pains in the Side, Pains in the Back and Loins, Rheumatism, Rheumatic Gout, Neuralgic or Rheumatic Pains in the Joints and Limbs, Stings of Insects, Scorpions, Centipedes, and the Bites of Poisonous Insects and Venomous Reptiles.

At this season, when coughs and colds are so prevalent, an effectual remedy, and one easily obtained, is *Perry Davis' Vegetable Pain Killer.* It is no new nostrum, vended by unknown agents, but has stood the test of over 20 years; and those who use the article, internally or externally, will connect with it grateful recollections of its worthy inventor.—*Hastings' Chronicle, C.W.*

PAIN KILLER.—The testimonials borne to the efficacy of this valuable medicine are sufficient to warrant its introduction into every house. Our own opinion is that no family should be without a bottle of it for a single hour. In flesh wounds, aches, pains, sores, &c., it is the most effectual remedy we know of. A bottle will last for a very long time, and its low price places it within the reach of all. Our readers will remember that the Messrs. Perry Davis & Son have opened out a house in Montreal, whence Canadian orders are supplied.—*News, St. Johns, C.E.*

☞ We are glad to learn that the "Pain Killer" is having so large a sale in our city. We have every reason to believe it to be an almost never failing cure for pain, and is a medicine that no family should be without.—*Montreal Pilot.*

It an attack of Diarrhœa, Dysentery or Cramp Colic, don't delay the use of the Pain Killer.

Rev. H. L. Van Meter, Burmah, writes, "The Pain Killer has become an almost indispensable article in my family."

Hundreds of missionaries give similar testimony of its virtues.

Rev. J. G. Stearns writes, "I consider it the best remedy for Dyspepsia I ever knew."

Rev. Jabez S. Swan says, "I have used it for years in my family, and consider it an invaluable remedy."

We cheerfully add our testimony in favor of this medicine.—*Roman Citizen.*

We have tested this medicine and assure our readers that it not only possesses all the virtues claimed for it, but in many instances surpasses any other remedy which we have ever known.—*Herald of Gospel Liberty.*

It is really a valuable medicine. It s used by many physicians.—*Boston Traveller.*

I have used Davis' Pain Killer, and consider it an indispensable article in the medicine box. It has effected cures in Diarrhœa, and for cuts and bruises it is invaluable.—*New York Examiner.*

Spoken of in terms of high commendation by both druggist and physician.—*Philadelphia Eagle.*

The Pain Killer is sold at wholesale by druggists and medicine dealers, and commission merchants, in the principal cities, and retailed by Apothecaries, Grocers and at Variety Shops generally, throughout the world. Price, 15 cents, 25 cents and 50 cents per bottle.

MORTIMER'S

INFALLIBLE REMEDY FOR CHOLERA, DIARRHŒA, and BOWEL COMPLAINTS.

The following extract, which Mr. Mortimer is kindly permitted to publish, is from the letter of a relative of Dr. Wolfe, of this city, now residing in the United States:

"Find out if the Express charges are too high, and if not, arrange with Mortimer to let you have a box of the bottles of CHOLERA MIXTURE, I could make a good little fortune with them. The bottle I brought with me here brought two ladies round from decided cholera; one on board the boat, and the other in Berlin, United States. Both commenced with diarrhœa, then with dysentery, and then vomiting. The one at Berlin was very bad. I gave her three doses of the Cholera Mixture, the third of which stopped the vomiting. The next day she was all right, or nearly so. She was very grateful. I have now only a little left."
