TORONTO, March 23.

The association of underwriters for Ontario held a meeting, and adopted a petition to the Governor-General, asking the extension of the marine laws to the lakes, and the establishment of some system whereby provision may be made for sick and disabled seamen, and widows and orphans.

At the council last night the police estimates were presented, amounting to $29,894; good expense for supplying food, estimates $16,266.

Yesterday afternoon an attempt was made to pass a forged cheque for $100 at the City Bank. It was presented by a boy. The teller believing the cheque forged, ordered the boy to lead him to the party from whom he received it. The boy did so, but pointing him out rashly, the forger bolted, pursued by the teller, and escaped. The police are on the look out for him.

At the masked carnival at the velocipede rink last night there was a large crowd present. A new rink is about to be opened.

The purchasers of the street rail way have not paid all the money yet. There is some talk of it again coming under the hammer.

Mr. Lauder, of South Grey, is amongst his constituents, and is sustained in supporting the Ministry.

There was more snow last night. The Grand Trunk Railway trains were about seven hours late to-day.

QUEBEC.

Special to THE TIMES.

QUEBEC, March 23.

The second reading of the School Bill came up in the Quebec Assembly this evening and a lengthy discussion followed. The Bill will, no doubt, pass by a large majority, but Senator Cauchon, and many friends of the Government, oppose it as being too liberal. They especially do not think that in the city of Montreal, where more than two-thirds of the population are Catholics, a school tax should be raised and appropriated according to owners of property, for by that means the Protestant third will get more than the Catholic two-thirds. Out of forty millions' worth of landed estate in Montreal liable to school taxation, twenty-one millions belong to Protestants. The Bishop of St. Hyacinthe telegraphed to a member this afternoon that he considers that all concessions to Protestants, larger than the strict stipulations of the law, are very dangerous. The Archbishop of Quebec has asked for a delay. It is believed that the present Bill would not have been got, but for Hon. Mr. Galt, who was determined to have Protestant rights, and threatened to fight the battle in the Commons.

It is rumoured here, seemingly authentically, that so far from the military being withdrawn from Quebec there will be a considerable augmentation of the forces. That four regiments will be stationed there, and that is to be the headquarters of the commander-in-chief.

One hundred and two Bills have been introduced and four hundred and ninety-five petitions presented to the Legislature this Session.

CABLE NEWS.

GREAT BRITAIN.

QUEENSTOWN, March 23.—The steamship *City of Manchester*, from New York, has arrived.

LONDON, March 23.—The strike of the cotton operatives which commenced at Preston is spreading to other parts of the country. In Glasgow it has become general, and several mills have partially suspended operations for want of hands.

In the House of Commons this evening the committee on the mail service to the United States submitted a report refusing to sanction the contracts made by the Government with the Cunard and Inman steamship lines for conveying the mails to New York on the present terms.

FRANCE.

PARIS, March 23.—Madam la Marquise de la Valiete, wife of the minister of foreign affairs, is dead.

The French and Belgian journals publish the preliminaries of the proposed conference between France and Belgium to harmonise their mutual commercial interests.

The Mexican Gen. Almonte died in this city last evening. He was 57 years old.

SPAIN.

MADRID, March 23.—In the Constituent Cortes, the proposition made by Senor Orense, to disqualify persons holding office in the service of the State from sitting as representatives in the Assembly was adopted, though strongly opposed by the Government.

A procession of women marched through the streets yesterday, to the hall of the Cortes, and presented a petition against the military conscription.

SOUTH AMERICA.

NEWS VIA NEW YORK.

NEW YORK, March 23.—The Brazillian *Times* of February 23, per steamer *Merrimac*, mentions the arrival of several generals from the seat of war afflicted with disease or wounds. An expedition into the country from Ascunsion had returned with one thousand starving Paraguayans. Lopez was still in the mountains with Minister McMahon. Cholera prevailed throughout the country, and quarantines are established in the Warterredo. The ironclads have been ordered back up the river. Baron Manas' bank in Monte Video has failed, and a temporary suspension by other banks there caused considerable monetary excitement. Several bridges and considerable other property near Pernambuco have been swept away by a sudden rise of the river. There was a severe drought in the interior, and the inhabitants are fleeing to the seacoast for food and water. Large numbers of cattle are dying. The freights to the United States have advanced.

HAYTI.

HAVANA, March 22.—Advices from Hayti to the 8th have been received. The revolutionists have defeated Salnave, who lost one hundred men and eight pieces of artillery.

CUBA.

HAVANA, March 22.—In a skirmish near Trinidad, the rebel Gen. Schmidt was killed. Two more plantations in that jurisdiction have been destroyed by the rebels. The *Prensa* reports that twenty-five insurgents, most of them of high rank in the rebel army, were captured and executed within five leagues of Trinidad, but that the situation in that quarter is more serious than it has hitherto appeared.

Advices from Santiago de Cuba to the 18th inst. represent that the insurgents are massing their forces on the south side of the island. The inhabitants in that quarter demand more troops for their protection. The Havana journals are all silent in regard to the movements of the Government troops and of the insurgent forces. Nothing has been made known for some days of the operations of Count Valmezada or Col. Lono, or of the rebel Gens. Quesada and Marmal.

The *Diario* to-day in a leading article praises the Jesuites and deeply regrets that the society was not established in the island twenty years ago.

HAVANA, March 23.—The Captain-General held a grand review of all the regular and volunteer forces in Havana. He was enthusiastically cheered by the volunteers as he passed along their lines. The troops continue to leave on the railroads for the interior. The Nassau *Herald* reports the capture of the American brig *Mary Lowell*, at Ragged Island, by the Spanish man-of-war *Andalusia*. The brig at the time of her capture was in possession of the British custom house officers, on the charge that she was carrying arms and ammunition to the insurgents in Cuba.

The British war steamer *Cherub* has sailed from Nassau for Ragged Island, to investigate the affair. The Havana Government is fully advised of the conduct of the commander of the *Andalusia*.

The Peruvian monitors remain at Ragged Island. During their voyage one of the rams broke loose and ran into the steamer *Havana*, and sank her. Two of the crew of the *Havana* were drowned.

NEW YORK, March 23.—Private letters received in Washington represent the cause of the Cuban insurgents to be favourable, and consider it out of the power of the Spaniards to put down the insurrection. The insurgents maintain themselves in more than one-half of the island, outside of the principal cities, and are increasing in number.

NEW YORK, March 23.—The report stated by an evening paper that the *World* newspaper has been sold to Seymour, Church, and Cassidy is understood to be without foundation.

Railroad Accident.

CHICAGO, March 23.—This morning at about 9 o'clock two coaches and a sleeping car were thrown from the track of the Toledo and Warsaw Railroad, some two miles west of Washington, Ill. Some thirty-five or forty passengers were more or less injurned, among them Gov. Seymour, of New York. None fatally.

A Woman Shot Dead.

From Washington.

On the motion of Senator Edmunds the Tenure-of-office Repealing Act was recommended to the Judiciary Committee.

GREY COTTONS.—Two hundred pieces of fine grey cottons, *slightly damaged*, will be cleared out at low price by the piece of 24 yards at Magee & Russell.

A WONDER FOR THE WORKSHOP.—Every mechanic should have ready at hand a box of *Grace's Celebrated Salve*, as it is a ready remedy for accidents, such as cuts, bruises, contused wounds, burns, scalds, poisoned skin and eruptions, caused by operations in the factory, dye-house or printing office. Only 25 cents a box.

OVER-EXERTION, either of body or mind, produces debility and disease. The usual remedy is to take some stimulant, the effect of which is the same as giving a tired horse the whip instead of oats. The true way is to fortify the system with a permanent tonic like the Peruvian Syrup (a protoxide of iron), which gives strength and vigor to the whole system.

SAVE YOUR DOCTOR'S BILLS.—When Dr Wistar's Balsam of Wild Cherry will CURE coughs, colds, bleeding at the lungs, and arrest the fell destroyer, consumption, it does more than most physicians can do. The use of a single bottle, costing one dollar, will satisfy the incredulous that they need look no further for the required aid.

—Twenty years experience in using Bryan's Pulmonic Wafers have proved them to be the most effectual remedy for coughs, and irritation of the throat, caused by cold, or unusual exertion of the vocal organs: public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders Bryan's Pulmonic Wafers, or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them. Sold by all medicine dealers at 25 cts. per box.

EVERYBODY SAYS SO.—That is all who have either used the article themselves or witnessed its effects when used by others; all such, and they are only fit to judge, are unanimous in the opinion that "Darley's Condition Powders and Arabian Heave Remedy" is superior to anything of the kind heretofore or at present in use for coughs, colds, thick wind, and all diseases which affect the wind of horses. As a condition medicine it has no equal; there is nothing in it which can injure a horse whether sick or well—nor need the horse be kept from working while using it; it is just the article which all who own horses require, and which they should have constantly on hand. Remember the name, and see that the signature of Hurd and Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada.

ANNUAL CIRCULAR.

OTTAWA, March 5, 1869.

The subscriber, in this his Annual Circular would announce to his many friends to whom he is indebted for past preferences, that he continues to give his personal attendance at all Auction Sales of every description of goods confided to his management.

An experience of years in the Auction Business in all its details, in this city, and his individual knowledge of the leading professions, the mercantile community and citizens generally, is in itself a strong claim on the public.

Prompt settlements invariably accompany his Account Sales, and Statements made up in detail in a concise and business form.

The increasing popularity and great advantages of this mode of disposing of immovable property, especially in the case of Executors and Curators of Estates, Official and other Assignees, Public Corporations and Banks, are now fully recognized, as those interested are thereby relieved of the delicate responsibilities in such cases.

In the management of Sales of HOUSEHOLD FURNITURE at *private residences*, his system of selling, and the judicious and proper display of the articles, with an expeditious delivery, warrants him in soliciting future favours in this line, and would be glad to learn from parties contemplating "selling off" an early intimation, which will enable him to perfect satisfactory arrangements.

For the approaching Spring Sales it is desirable to select an early day.

Sales of FARM STOCK in the Country or elsewhere, also undertaken, and from his great success the past eight years, can fairly promise the farming community and others that their interests will be carefully looked after.

Sales of GROCERIES, HARDWARE, EARTHENWARE and GENERAL MARCHANDISE solicited. The Subscriber would remind his *old friends* of his ability to conduct such satisfactorily. He is confident of securing the favourable consideration of the Trade.

Underwriters' Sales of Damaged Goods or Sales of Produce for account of whom it may concern, or for breach of contract, properly advertised, and all sufficient and necessary precautions adopted to conform to the various legal formalities in such cases. This is an important notice to Merchants, Shippers and Consignees, who should see that these interests and requirements are carefully attended to.

The Store occupied by the undersigned is the most Central, the Largest and the Best Sale Room in the City, and is always ready for the reception of Furniture, General Goods and Wares in large or small quantities, intended for unreserved Auction Sale.

APPRAISALS and VALUATIONS made, based either on Auction or Private Sale prices.

Hoping to be entrusted with your own business favours, or any you can influence, the undersigned would assure you of his continued diligence and promptness.
