BREAK DOWN.—A heavy waggon loaded with lime, broke down while crossing the Railway track on Sparks street, in rear of the Theatre, yesterday.

NEW CARS.—The two new cars for the street railway have arrived. They are of the same capacity as the others, but of somewhat different construction.

POISONED.—A child of Mrs. Hinchly's, of Upper Town, came near being fatally poisoned a few days ago by a dose of "Worm Exterminator." The timely administering of antidotes has, however, saved the child.

The arrivals at the Russell House yesterday were: Willis Coates, A R McMaster, J P McMaster, Mr and Mrs Stayner, Toronto; Wm Argus, B S Short, Joseph Jones, Q C, Wm Barclay, Montreal; Richard Shaw, Perth; W Ellis, Prescott; Wm Cornwall, Lanark; W Dillon, Rifle Brigade, Mr and Mrs J S McMaster, England; C Macarthur, Glasgow; Mr and Mrs Paton, New York; Elliott Fay, wife and three children, Potsdam, N Y; S W J. Hopkins, Arnprior.

ACCIDENT.—Last Wednesday evening, the 21st inst., an unfortunate accident occurred in Almonte, whereby Patrick Sullivan, residing on the 11th line of Huntley, came to his death. It appears that Sullivan, who had been drinking too freely during the day, was returning home on a load of lumber, in company with two farmers. While near Burnett's corner, Sullivan fell from his seat, to the ground, and the wheel of the loaded waggon, passing over his neck he was killed almost instantly. The body was conveyed to a house near by, but medical aid was of no avail. Dr Lamb, coroner, being made aware of the circumstances of the case, did not deem it necessary to hold an inquest, as the cause of death was so obvious as to preclude the possibility of any suspicion of foul play.

HER MAJESTY'S THEATRE.—"The Octoroon" is a very affecting and interesting play, was the play on the boards at the theatre last evening, and on the whole, the playing was of a very fair character. Miss Peterson played her part very well; we pronounce her a really good actress and credit to the company. Her part in the second part, we doubt if it could be played to greater satisfaction of the author. Johnnie Ward, as "Old Pete," the chief nigger, with unusual privileges on the plantation, greatly amused the audience, as he does in every personation or character. Mr. Lindon did not appear to realize the nature of Salem, particularly in the second act. He should have been more cool, his manner throughout being too excited and exaggerated. Messrs. Brink and Davis were good, as were Miss Hayes and Nelson. There was a good audience, and the performance warmly applauded repeatedly. "The Octoroon" will be repeated this evening, and an entertainment to conclude with a laughable farce.

We understand that the new colonization road extending from the Gatineau to the Lievre au Lievre is now completed to the shore of Lake Wakefield, there being no funds to carry on the work. We believe application has been made to the Government for a grant of $200, which with the necessary to complete the road, by which a great number of settlers in the vicinity of Portland, Wakefield and Aylmer would be benefitted. The sum asked for is small, and will probably be granted, and if given soon the road could be completed through this fall and at least so far completed as to enable farmers in the above named Townships to bring to the Ottawa market, immense quantities of hay, grain, and other produce which otherwise could not be brought so great a distance. It is a section of country which grows the best quality of hard wood and will probably in the course of time supply Ottawa with that indispensible article. We consider that were the road completed it would be the means of materially lowering the prices of certain articles.

NEW STEAM FIRE ENGINE.—Our readers will remember having read some days ago in the TIMES respecting the purchase by Ottawa of a Steam Fire Engine. We understand the negotiations for the purchase of the engine have reached another stage. The Ottawa Fire Company deserve all praise for the manner in which they are pushing the affair forward. They have corresponded with Messrs. Hysop & Ronald, Quebec, Fire Engine Manufacturers, who offer a good steam fire engine on very reasonable terms, and who moreover, in case of a bargain being struck with them, will allow $100 of the purchase money to be given in aid of the Fire Relief fund. In the mean several parties guarantee to raise large sums of money, which on the aggregate would amount to about $1,500, leaving with $300 from the company itself and $500 from T. M. Currier & Co., which they will give on condition that the engine be stationed on ground of theirs opposite their mill at the canal basin, would make very good heading to a subscription list for the purpose. We think those facts should be taken into consideration by the City Council and no time be lost in making the grant. The city has had experience enough we should think to realize the benefit of a good fire engine, and not wait to wait at that moment the city may be threatened by similar disasters, steps should immediately be taken to protect properly against such an occurrence.

Perhaps in the course of time we may rejoice in the possession of some water works also.

Police Court

MONDAY, Sept. 26.

Three or four charges of drunkenness and disorderly conduct having first been disposed of Samuel Shillington was charged by Francis Satchell with frequently selling meat on the market without paying the dues, contrary to the by law, thereby defrauding the Corporation. It appears defendant is a farmer residing some thirty miles from the city, and deals in cattle, &c. Several witnesses were called, but were unable to prove that the sheep killed had been in defendant's possession for less than three months, which is the time required by the by-law. His Worship said the law was not sufficiently explicit on that point, and he would therefore dismiss the case without costs.

WALTHAM WALTHAM

THE AMERICAN WATCH.

The public of the United States and Canada have now had over ten years experience of WALTHAM WATCHES, and they are now everywhere acknowledged to be the ONLY RELIABLE TIME-KEEPERS!

Almost all other watches are sold under false pretences; not one in a hundred bears the name of the real maker; the public have absolutely no security, and have, therefore, been constantly imposed upon. On the contrary, every buyer of a Waltham Watch gets a guarantee of the company, and no matter from whom he buys it, has positive security that he is getting a TIME-KEEPER.

It must be admitted that the apparent interest of watchmakers lies in selling other watches, on which they can make larger profits, but men of enterprise in the trade prefer an article of large and ready sale, and which leaves no bad stock. It is "small profits and quick returns."

These watches can be had in several grades (all guaranteed), the silver cases are made from coin silver, and from 2 to 6 ounces in weight. The gold cases are made in 18 carat gold, and from 1 3-4 to 4 ounces in weight; the size for ladies are richly engraved or enamelled. For the quality, both in gold and silver, are the

CHEAPEST WATCHES IN THE WORLD

These watches can be ordered of any reliable watchmaker or jeweller in the Dominion; but the guarantee of the Company should be invariably required. The Company in all cases pay the Government duty, which makes the Canadian consumer a privileged purchaser.

CAUTION.

CORNWALL BLANKETS.

THE CORNWALL MANUFACTURING COMPANY beg to caution the public against a spurious shoddy imitation of their celebrated Blankets, now being imported into this country from England, and got up so as to cheat the public into the belief that they are of Canadian manufacture. The style and general appearance of the Cornwall Blankets have been closely copied, and so have the shape and printing of the tickets, except that the words "Cornwall Manufacturing Company" are omitted, and the words "Canadian Manufacture" substituted. Persons desiring a really good and genuine article will have to see that the words "Cornwall Manufacturing Company" are on the ticker of each pair of Blankets.
